Incident Detail Report

Data Source: **Data Warehouse**
Incident Status: **Closed**
Incident number: **25-243912**
Case Numbers:
Incident Date: **8/27/2025 08:27:22**
Report Generated: **4/1/2026 09:25:47**

Incident Information

Incident Type:	2 Officer Response & Sergeant	**Alarm Level:**	
Priority:	1	**Problem:**	Shooting (PFE)
Determinant:		**Agency:**	POLICE
Base Response#:		**Jurisdiction:**	MPD/MFD/HCMC
Confirmation#:		**Division:**	Precinct 5
Taken By:	Torkelson, Amanda R	**Battalion:**	P5 Sec 3
Response Area:	530	**Response Plan:**	2 Officer + Sergeant
Disposition:	AST-Assist	**Command Ch:**	
Cancel Reason:		**Primary TAC:**	
Incident Status:	Closed	**Secondary TAC:**	
Certification:		**Delay Reason (if any):**	
Longitude:	93285846	**Latitude:**	44905099

Incident Location

Location Name:	Annunciation Church	**County:**	HENNEPIN
Address:	509 54 St W	**Location Type:**	Place of Worship
Apartment:		**Cross Street:**	HARRIET AV/GARFIELD AV
Building:		**Map Reference:**	227H
City, State, Zip:	MINNEAPOLIS MN 55419

Type NON-PUBLIC NARRATIVE
Subject VICTIM'S CLOTHING FROM HCMC
Author 2996 - HINDERLITER, ELISE CAROLINE
Related Date Aug-27-2025

On 08/27/2025 at approximately 1030 hours I, Officer Hinderliter, was working with Officer Fadell as Squad 189. We responded to HCMC per Sergeant Ottney and Lieutenant Swierzewski to inventory the clothing of the below listed victims.

Each party is associated to a "chart" number labeled MRN. This number is associated to each individual patient's medical chart and is unique to each patient.

I listed each known victim in PIMS and added a property line for their clothing. Property and evidence staff advised they would create the property labels for the individual items of clothing.

We listed the property in PIMS for the following parties:

- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331026
- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331039
- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331040
- JOHN DOE 1
    - Hospital Property tag identifier: 13.384 - Medical Data
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331052
- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data
    - Jacket inside the property bag belongs to a bystander who placed the jacket under her head on scene
    - Minneapolis Property Line 331053
- JOHN DOE 2
    - Hospital Property tag identifier: 13.384 - Medical Data
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331054
- JANE DOE 1
    - Hospital Property tag identifier: 13.384 - Medical Data
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331057
- JANE DOE 2
    - Hospital Property tag identifier: 13.384 - Medical Data
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331058
- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data
    - Minneapolis Property Line 331059
- 13.82 - Law Enforcement
    - MRN: 13.384 - Medical Data

We received the clothes from hospital staff and then gave all of the victim's clothing to the Minneapolis Property and Evidence staff on scene at HCMC. My BWC was not recording while I was inventorying evidence.

Subject VICTIM INTERVIEW WITH [redacted]
Author 5983 - REYNOLDS, ALEXANDER
Related Date Aug-27-2025

On 08/27/2025, I responded to Children's Hospital to assist with victim interviews with my partner Sergeant Hansen.

I was advised that a child named [redacted] was in room 16 and that his parents were with him. I entered the room and introduced myself to [redacted] and his parents. I told [redacted] that I wanted to ask him a few questions if he was okay with it and he agreed. I told [redacted] that he could stop speaking with me at any point if he wished, and that it is okay if he did not remember everything.

[redacted] went on to say the following:

- [redacted] goes to school at Ascension and started school for the year earlier in the week.
- was in Church with every other kid that would have been at school that day
- stated he heard gunshots and then heard someone yelling after the gunshots
- estimated that he heard approximately 30 shots
- stated that when he was leaving the church (after shots were fired) and walking outside, he could see broken glass near the main entrance to the church on his right side (east side).
- [redacted] stated he was unsure if it was more than one person firing the shots.
- Once [redacted] heard the shots, he got down and hid underneath a pew.
- [redacted] left to go outside from the Church. He stated that he remembered the injured being separated from the non-injured.
- [redacted] complained about pain from his left arm ([redacted] took a suspected ricochet bullet to his upper left arm)

Prior to leaving, I asked [redacted] and his parents if they had any questions for Officers. I left a business card with my phone number and a case number on it.

Parents: [redacted]

Subject VICTIM INTERVIEW WITH [redacted]
Author 5983 - REYNOLDS, ALEXANDER
Related Date Aug-27-2025

On 08/27/2025, I responded to Children's Hospital to assist with victim interviews with my partner Sergeant Hansen.

I could see that standing outside of room #15 was a younger female wearing a green school uniform. I later learned that her name was [redacted] confirmed that she attends Ascension as a student and was at school today. [redacted] said that she was at the hospital with her sister, [redacted], who had been injured in the shooting. [redacted] told me that she was not injured. I introduced myself to [redacted] and asked if she was okay speaking with me, and she stated yes. I advised her that if she wanted to stop talking to me at any point, that was okay. I also told her that if she didn't remember something, that was okay.

In speaking to [redacted] she stated the following:

- [redacted] is a student at Ascension and is in the 8th grade and just started school this week.
- was at Mass today and did not see a lot of the incident
- remembered hearing what sounded like fireworks, but then realized it was not fireworks and rather gunshots.
- [redacted] hid under a pew with other students that were younger than her that were shadowing her.
- said that she remembered hearing shots, followed by a pause, followed by more shots.
- said that she ran outside once it was safe to do so.

Parent: [redacted]

Type NON-PUBLIC NARRATIVE
Subject VICTIM INTERVIEW WITH [redacted]
Author 5983 - REYNOLDS, ALEXANDER
Related Date Aug-27-2025

On 08/27/2025, I responded to Children's Hospital to assist with victim interviews with my partner Sergeant Hansen.

I was aware that a victim by the name of [redacted] was in room #15. I introduced myself to [redacted] and her mom who was also in the room. I told her that I wanted to ask her a couple of questions and she agreed to speak with me. I told her that if she wanted to stop talking to me at any point, that was okay. I also told her that if she could not remember something that was okay.

I could see that [redacted] had blood on her face and a small laceration on her forehead. I learned from medical staff that [redacted] Medical staff had no concern and intended on releasing [redacted] from the hospital later in the day.

In speaking to [redacted] she stated the following:

- She goes to school at Ascension church and was at Mass today.
- She heard what she thought was a firework inside of the church and then realized that it was not a firework and rather gunshots. She estimated hearing around 30 gunshots.
- She remembered a burning smell in the church. She crawled underneath the pew and remembered seeing blood "everywhere" when she was underneath the pew.
- When she exited the church, she was unaware that she was injured until other students began to tell her she was bleeding from the head.
- She remembered that she took an ambulance ride to the hospital with another student named [redacted]
- She said that she was very scared during all of this while it was going on.

Subject VICTIM'S CLOTHING FROM CHILDRENS UNITED HEALTHCARE
Author 2996 - HINDERLITER, ELISE CAROLINE
Related Date Aug-27-2025

On 08/27/2025 at approximately 1130 hours I, Officer Hinderliter, was working with Officer Fadell as Squad 189. We responded to Children's United Healthcare (915 25th Street East) per Sergeant Ottney and Lieutenant Swierzewski to inventory the clothing of the below listed victims.

Each party is associated to a "chart" number labeled "MRN". This number is associated to each individual patient's medical chart and is unique to each patient.

I listed each known victim in PIMS and added a property line for their clothing. Property and evidence staff advised they would create the property labels for the individual items of clothing.

We listed the property in PIMS for the following parties:

[redacted]
- MRN: [redacted]
- Minneapolis Property Line 331064

[redacted]
- MRN: [redacted]
- Minneapolis Property Line 331065

[redacted]
- MRN: [redacted]
- Minneapolis Property Line 331066

[redacted]
- MRN: [redacted]
- Minneapolis Property Line 331067

[redacted]
- MRN [redacted]
- Minneapolis Property Line 331068

We transported the property from the Children's United Healthcare to the Minneapolis Property and Evidence building where it was inventoried by P&E staff. BWC was not on or recording during the property inventory.

OFFICER: Y. HASSAN #2786:

On 08/27/2025 at about 0830 hours, while assigned to call sign #1280 with the Minneapolis SWAT team, I responded to 509 54 Street W, Minneapolis MN in reference to a shooting call for service. Initial call notes advised there was a possible active shooter at the address, which is Ascension Catholic Church. On this day, I was wearing a Minneapolis blue uniform shirt, ballistic outer vest carrier, duty belt, and several police insignia clearly displayed making me immediately recognizable as a police officer.

Prior to arrival, I activated my Department issued Body Worn Camera (BWC). On arrival, I exited my vehicle, grabbed the ram door breaching tool, and entered through the north facing front door of the church. We made our way to the lower level of the church, where there was said to be more children hiding. Once we determined there were no further children hiding immediately, we began doing follow up searches to be positive there were no further victims or children hiding. During this time, I utilized the ram breaching tool to assist in breaching several interior doors throughout the building. Once the church was cleared, we continued to two other buildings connected to the church. No further people were found inside.

At this point, we made our way out of the buildings and returned to our van. I deactivated my Body Camera at this point. This concluded my involvement in this incident.

On 8/27/25 I was working squad 330 with my partner, Officer B. Grapner, when we heard a tone over the air for an active shooter at 509 54th St W, Annunciation Church. We immediately started there Code 3. I grabbed my Swat issued rife and got it set up prior to our arrival.

Upon arrival it was aired that the possible suspect was down in the rear of the church. We arrived in the rear of the church and I got out of our squad and began to assist an officer helping a female victim. My partner and the other officer moved the victim towards our squad car and I aired I needed an ambulance to the rear of the church Code 3 for our victim who was in critical condition as she was shot in the upper thigh and groin area. A tourniquet was applied. I then set my rifle back in my squad to help the victim but then was needed inside the church for clearing for possible other victims and or suspects.

I left my rifle and ran to the church. It was aired that there were possible IEDs at door 19 and by the downed suspect. I made my way to where the suspect was an observed a low grade smoke bomb. I then went to door 19 and found another low grade smoke bomb that had been deployed. I aired this information and advised officers it was ok to move past the smoke bombs and I aired that information. I then entered the church and met up with 1280 and I assisted them with clearing all the building associated with the church. Once we were Code 4 we left the church and returned to the 1280 van. I then went to a Starbucks for a team debrief before I was released from the scene.

Author 3205 - ILSTRUP, JEFFREY
Related Date Aug-27-2025

This interview was recorded on my BWC which will be later uploaded to evidence.com. This report is not an exact transcription.

I spoke to the victim who identified herself as [redacted] stated that she was driving to the church for her weekly Wednesday morning service she attends and was running late 0815 hours. While she was parking her vehicle she heard numerous popping sound, first believing they were fireworks. [redacted] then heard another volley of shots as she was parking her Red Ford Escape. This is when she realized that these were gun shots; than a third volley of shot rang out as she exited her Red Ford Escape, which is in the listed address parking lot. [redacted] began walking when she saw an unknown individual dressed in all black bent over near the building who appeared to be carrying a long gun that was all black in color. Mrs. stated that the guns shots were very loud describing them as a shotgun or rifle. She was not sure if there was a smaller caliber gun fired. [redacted] then fell over onto the ground and realized she was shot in her right leg. [redacted] did not see the face of the shooter, nor did she if the shooter arrived in a vehicle. [redacted] did not hear the shooter saying anything. Mrs. Halls husband and son later arrived and were identified.
Our business card with contact information was provided to Mrs. Halls son who arrived shortly before Investigators left North Memorial hospital.

I spoke to the father [redacted] of victim [redacted] 6th Grade. who requested that police not speak tohis so at this time. [redacted] provided Investigators with the victim's name and DOB and also provided us with clothing his son was wearing at the time of the incident. [redacted] stated that cleaned his sons' shoes of the blood that was on them, so he didn't have to look at them while being transported to the ER. [redacted] stated his son did not tell his parents many details of the event, just that while being in the church gun shots were heard and everyone ducked under the pews and was told "Don't look" because it was believed that an injured person was being moved or nearby. [redacted] was given a medical release form to sign as he asked for time to review the form in lieu of what happened. Our business card with contact information was provided to [redacted]

On 8/27/2025 at approximately 0835 hours, I was working in my assignment at the Special Operations Center located at 4119 Dupont Ave North. I was notified there was an active shooter occurring in 5th precinct. I gathered my assigned Special Weapons and Tactics (SWAT) gear and got into marked Squad 1285. I drove code three down to the scene and had the vehicle mounted camera activated during the code three run. It should be noted that I did not have my BWC on during the code three run due to the immediacy of the incident. I arrived on scene and got my assigned SWAT gear and uniform on to assist with officers on scene. I deployed my duty rifle during this incident.

BWC ACTIVATED.

I arrived at the Annunciation Church located at 509 54th Street West and traveled to the inside of the church to search. I linked up with the 1280 team that was searching the main church area for additional victims and suspects. I assisted with searching the church, school, and additional buildings located at 509 54th Street West. I did not locate any additional victims and suspects inside the buildings. I returned to the 1280 van for a short period of time and went back to the school for additional searching. I did not locate any further victims or suspects during the secondary search. I returned back to the 1280 van and deactivated my BWC.

On Wednesday August 27th 2025, I SGT.PHERNETTON was working as a member of the Minneapolis Police SWAT Team call sign 1280. At approximately 0830 hours we responded to an active shooter at Annunciation Church/School located at 509 54 St W. We got in the 1280 van and headed to the scene. While on the way I got my Swat issued rifle ready and was hearing reports of several casualties and the shooter may be down.

When we arrived I observed officers everywhere and medical personnel. I entered the church with the team and helped clear the church . While clearing the church we learned that the school next door was connected to the church under the ground on a lower level as well. I continued to search the buildings looking for any possible victims and or children sheltered and hiding in place. I observed what appeared to be the shooter down outside one of the exterior doors. While searching I observed several classrooms that had tables and chairs barricaded against the doors.

I continued to search several areas between the two buildings until we were instructed to exit the building with other officers and remained outside until I attended a brief with other officers and cleared the scene.

My body worn camera was activated and operational during the incident.

On 08/27/2025 I was working 424A when dispatched aired that there was an active shooter at 509 54 ST W (Annunciation Church). I quickly left the precinct and drove code 3 down there.

I arrived and quickly put on my SWAT gear, grabbed my rifle, and ran to the front of the church. As I got closer, I observe kids running, crying and screaming out of the church. I then go inside and start asking other cops what has been cleared or checked.

Everyone was telling me things, so I started going to the back of the church with cops to start searching. As I was walking there, I see two dead children laying on the benches where they pray.

I then get to the back of the church and officers advise me that there is a possible bomb behind the east door. I aired out to get a bomb unit to the scene. I then met up with more SWAT operators.

I then searched the rest of the of the church with SWAT. While checking one room, we found an adult and a young child hiding. The child had blood on her face. Both were handed off to officers to escort them out. The rest of the church and the schools were both searched and cleared.

It should be noted that my helmet camera was charging, and I forgot to grab it. My BWC was also lost somewhere in my squad as I was driving down there. I didn't bother to grab it because of what was going on.

While working squad 342A I heard aired on the radio there was a possible active shooter at 509 54th St W. Initial remarks were there was a active shooter at The Church and shots were being fired inside and out. I responded immediately from area of 26th/Hiawatha. My approximate route was south bound Hiawatha to 62 West to 35W to Diamond Lake Road.

When I arrived, I parked the squad car and immediately started clearing the interior of the church along with a team of other officers. There was a couple occasions where we came up to locked door where I had to do a forced entrry and kick the door down. There was a door that I kicked down in the basement where we located civilians that were hiding. They were taken out of the room and escorted by assisting officers outside of the church. Once officers believed the church had been cleared. We formed a team and did a secondary search of the church..

After assisting with secondary search of Church I went outside and assisted with scene security by placing some tape up around what I wast told was the suspects vehicle. I also observed what is believed to be the deceased suspect on the sidewalk outside who appeared heavily armed.

I then responded to a staging area for officers. I was instructed to go to 54th/Wentworth and stop traffic. I then was instructed to go stop traffic at Diamond Lake Road/Pillsbury. I stayed there on scene until I was relieved to use restroom I then went to a debriefing and was cleared to go home.

On 8/27/25 at approximately 0827 hours, I was working Squad 340 with my partner OFFICER D. BARLOW, when we diverted from a 911 call to assist on an Active Shooter at 509 54TH ST. W (ANNUNCIATION CHURCH)

My partner and I were at LAKE ST. E / MINNEHAHA AV. when the call came out, we immediately aired to divert and went Code 3 to respond. MVR and BWC's were activated. While enroute, my partner drove while I looked up the layout of the church. Information being aired was that the shooter was outside the church, on the East side of the building.

Our route to the address was - West bound on LAKE ST. to 35W South, exited on Diamond Lake Rd. and arrived on GRAND AV. Officers had already aired that they were inside the church just shortly to our arrival. We exited our squad car, I unholstered my duty weapon and checked between houses for the suspect. I realized that all the homes had 6ft. tall privacy fences and we would not be able to get through, so my partner and I went back to 54th St and quickly ran up to the east side of the church. I noticed several spent casings and an empty rifled magazine on the walkway between the church and the baseball field. My partner and I followed the path to the south side of the church. We could hear Officers announcing themselves from the south side of the school. As we walked down the stairs to the south east corner of the church, we located the suspect on the ground. The suspect was on the ground, on his back and appeared to have a gunshot wound to the head. The suspect was still gurgling and twitching. The suspect also had firearms near him, magazines and spent casings. I noticed the glass doors/windows on the southeast entrance (in front of the suspect) had been shot out.

Several Officers stayed with the suspect while myself and a couple of Officers formed an entry team and made entry into the church from the broken window on the Southeast side of the church.

As we were inside the church, we began clearing inside. I immediately noticed a female in the office, directly across our entry point. I was able to see the female through the large picture window. We worked our way up to the door, clearing areas and got the female out of the Office. The female was escorted by Officers out from the south side door. We continued clearing up to an open lobby area, located on the lower level. As I got to the open lobby area, I located an adult male sitting on the ground with his hands up on the North East corner of the lobby. I instructed the male to keep his hands up and walk towards me. As he was walking up to me, he advised me that students and teachers were in the rooms on the east side (next to him). I could see through the partial glass doors, that the doors had been barricaded from the inside by desks and other items. After we got the male out and finished clearing, I looked through the glass and made contact with a teacher who was inside. I advised him that we were the Police and that the scene was safe. The adult opened the door and I began removing items used to barricade the door. There were several young children in the classroom, hidden behind furniture. I asked if anyone was injured, the adults and students advised me that they were ok and no one was injured. The students and teachers were very emotional. I asked them to organize in a line and follow Officers up the stairs on the North side of the building to let them out.

At this point, Officers aired that there was a potential explosive device located on the east side of the church. We immediately cleared all the students out of the classroom. We continued searching and opening locked doors. Many of the students and teachers had locked themselves in classrooms and closets. We received information that a caller mentioned they were inside a locked ice room in the churh. The ice room was located in the area we had checked, the door was locked. Officers were speaking with individuals who were inside the room, through the door. Officers announced themselves and asked them to come out. Eventually the people in the ice room came out and they were escorted by Officers out of the building.

Officers aired that the interior was clear and they would start double checking for additional people in the church. I stepped out and stayed with my partner, other Officers and the suspect. I noticed the suspect was laying on his back and was now in handcuffs. There was a rifle, shotgun and several magazines next to the suspect. i was advised by deputies on scene that they believed the suspects vehicle was parked in the parking lot, located on the south east side of the church. They advised me that the front drivers door of the vehicle was left open and a rifle case could be seen from inside. The license plate of the vehicle was MN FXV442. The vehicle was a Gray Ram SUV, parked facing south bound.

I stayed with the vehicle until I was relieved by investigators. I stayed with the suspect for some time and was eventually told to go in the church and stand in the front lobby while 1280 finished searching the building. Once 1280 code 4'd the scene and cleared from the church, I was advised by 1280 that I could step out of the building. I waited outside with the suspect and other Officers until we were relieved and told to meet with SGT. STANTON on HARRIET/ 54TH ST. W (front of the church).

My partner and I walked over to meet with SGT. STANTON. We checked in with COMMANDER BROWN and then checked in with SGT. STANTON. It should be noted that while we were there, we were advised by SGT. STANTON that we could deactivate our BWC's to conserve battery so I deactivated my BWC. After several minutes my partner and I were instructed by SGT. STANTON to grab a tent from the rear of Squad 308 and bring it to the location where the suspect was. My partner and I grabbed the tent from 308, walked it over to the suspect location and set it up with Officers. We returned to our squad car briefly then returned to meet with Sgt. STANTON at HARRIET / 54TH ST. W. and waited until further direction with other Officers.

We were eventually advised to follow the HEALTH & WELLNESS team to the Starbucks on LYNDALE / 54TH ST. W for a debrief. We walked over as a group and conducted a debrief. After the debrief, I walked back to my squad car with my partner and we cleared from the scene. After clearing from the scene, we returned to the precinct to write our reports. BWC was docked at the station.

BWC was on during this incident. MVR was on during code 3 run. (P#77105).

Author 2065 - FONSECA, JOSEPH
Related Date Aug-27-2025 12:53

On 08/27/2025 I Officer J.Fonseca was working squad 310 (marked squad 361) in the 3rd precinct with my partner T.Fairbanks. At approximately 0827 I received a transmission over the radio that there was an active shooter at the location of 509 54st W.

My department issued rifle was also deployed during the duration of this call.

I arrived at approximately 0919 hours. Prior to my arrival, it was believed to me at that moment, that I heard a transmission indicating the shooter was possibly on the east side of the building. After exiting the squad, I paused for a moment at the Northeast corner of the building. This was due to my partner indicating that there was another officer near the north entrance.

After that brief pause, my partner and I continued toward the south entrance, on the east side of the building. While moving, I observed what appeared to be multiple bullets holes on multiple windows through the east side of the building. I also observed what appeared to be spent bullet casings across the sidewalk, leading toward the south entrance. In addition to the casings, there were multiple rifle magazines.

As I turned the southeast corner of the building, I observed what appeared to be a deceased person laying on the ground near the entrance. I approached the person and it was apparent to me that this was the shooter. I believed this due to what seemed to be an all black outfit, mask, rifle and shotgun laying near him. It was also apparent that the shooter was dead due to the body appearing lifeless and the large amount of blood surrounding him.

I pushed past the shooter, broke the glass to the rear entrance and made entry into the school. At this point, I was unsure if there were any additional shooters and or victims located inside the school. After making entry, other officers began making their way into the school behind me.

Initially, I do not recall any stimulus while inside. Other officers and I then began clearing rooms located on the south end. In these rooms, we first located an adult female which I advised another officer to take back outside of the building which had already been cleared. Soon after, we made our way to what seemed to be the main classroom located in the center, basement area. This room consisted of many children. From this room we sent all the children out the south entrance of the building which was the safe corridor. I then went inside the classroom and cleared the room to make sure there weren't any additional people located inside.

A short time later, I linked up with other SWAT personnel and cleared the building again. I also cleared a nearby building with SWAT personnel.

Afterwards, I assisted on a k9 track in the surrounding area in search of any other potential suspicious items.

BWC was activated.

On 08/27/2025 I, OFFICER BARLOW (0334), was assigned to squad 340 with my partner OFFICER VILLEGAS (7410). I was driving our squad car while my partner rode as passenger. At approximately 0828 hours we heard a sustained tone over the radio notifying all squads that there was an active shooter situation occurring at a church/school located at 509 54th St W. I activated our squad cars overhead lights, sirens, MVR, and drove code 3 towards the active shooting call from near the Minnehaha Ave / Lake St E intersection.

While enroute to the church/school, we heard other squads arriving at the location and going inside the church to potentially stop the active threat. There were multiple 911 callers calling in stating someone was shooting a firearm from outside the church, into the church. The preliminary info stated the shots were possible coming from the east side of the building. Preliminary description of the suspect shooter was a male dressed in black with a rifle.

With the information that other Officers were already going inside to search for the active threat, I thought it was best to approach the large church scene from the east, to potentially cut off the escape of the suspect if they chose to run on foot eastbound from the church into the surrounding neighborhood. We arrived and I positioned our squad car on Grand Ave S, near in front of 5410 Grand Ave S. My partner and I got out on foot, drew out our firearms, and began to run west towards the church while scanning the area for anyone that matched the suspect description.

We made it to the sidewalk on the east side of the church when I saw multiple spent rifle casings strewn about on the ground and a discarded empty rifle magazine. The trail of spent bullet casings went south on the sidewalk next to the church; me and my partner followed the trail while announcing ourselves as Police. We rounded the corner around the back-end of the building that led towards the rear parking lot and saw the body of the suspect lying face-up on the ground in a pool of blood near a pair of shot-out glass doors to the rear of the church building. The suspect appeared to have sustained a self-inflicted gunshot to their face; the body of the suspect was still twitching.

Squad 310 was already present and had removed two long guns from underneath the suspect's body. I assisted in a body pat down of the suspect to search for additional weapons with squad 310 while my partner linked up with additional Officers inside the church to look for more potential threats or victims. I turned over the body of the suspect to look at the underside of his back and located a small knife which I removed and placed near a pile of magazines that were still loaded with bullets that squad 310 had removed from the suspect's body. Once our pat-down was completed I placed the suspect's hands into handcuffs.

Squad 310 stayed with the body of the suspect while I went inside the church briefly to assist my partner who had located an adult male who claimed to be a father of one of the children attending the church inside. I escorted the male (later verbally identified as [redacted] outside of the building and to the perimeter of the rear parking lot to a safe location. I had him verbally identify himself and then I continued to search the area on the outside of the building for potential victim's suspects.

I located squad 522A who was assisting an elderly female who suffered an apparent gunshot wound to her right leg. The female victim was in the west portion of the rear parking lot of the church. Squad 522A had applied a tourniquet to the woman's right leg. I assisted squad 522A and an EMS crew with loading the female into a nearby ambulance. Once the female victim was secured in the ambulance, I returned to location where the suspect was on the ground and provided scene security until I was give further direction by a supervisor.

I remained on-scene as crime scene security as more outside resources responded. I assisted Officers with setting up a crime-scene tent over the body of the suspect to conserve the scene. I remained at the church until I was relieved by the incident commander.

My BWC was active until I was given direction by a supervisor to deactivate.

Author 1893 - FADELL, BENJAMIN
Related Date Aug-27-2025

I, Officer Benjamin Fadell, am a Minneapolis Police Officer currently assigned to the 1st Precinct Community Response Team (CRT) since January 2022. As part of this unit, my duties include investigating street level narcotic sales, theft crimes, human trafficking, weapons, assaults problem properties and conducting directed patrols in the precinct's focus zones. I worked as a patrol officer in Minneapolis for over 5 years prior to my current assignment.

On 08/27/2025 I was working squad 189 in fully marked Squad 166 wearing a full MPD uniform with police markings on the front and sleeves of my t-shirt. I was wearing a Body Worn Camera (BWC) It should be noted that my BWC provides a limited general audio / video perspective of an Officer's perspective of events. It is limited from recording or making record of an Officers' senses, education, training, and experience. It has a 30 second buffer that records video without audio only prior to its activation in a design to capture illegal activity that happens suddenly. It can sometimes be obscured by an Officer's or another individual's actions. It is a tool and does not reflect the total scope of the situation.

At approximately 0840 hours I received information that there was an active shooter in the 5th Precinct. I was not into work yet and as soon as possible got into uniform to head to the scene. I was unable to conduct a startup check for the squad because I did not have time to log in. I activated my BWC prior to arrival. On arrived to the scene I found a perimeter spot. At approximately 0937 hours I was advised by SGT Ottney to head to HCMC to help inventory shooting victims property. I assisted Officer Hinderliter with inventorying property from HCMC and Children's hospital with P & E staff.

I did not interact with any victims or witnesses and did not enter the main crime scene in the chapel.

BWC was uploaded to evidence.com.

On 08/27/2025 at approximately 0827 hours, I, Officer Dennis, was working a marked Park Police Squad as 830A (P# 3884). I responded to an ACTIVE SHOOTER call at 509 54 ST W. The call notes stated that someone was shooting into the church building. I activated my BWC / MVR and headed towards the location.

Upon arrival, I saw a large group of school-age children and staff outside the church. I was flagged down by an adult and advised that they had a female student who was shot in the abdomen. I provided a chest seal to the adult accompanying the child. The child was alert and awake. Other medical staff and police were also arriving on the scene at this time.

I then went inside of the church to check for the suspect and potential victims. I was flagged down and advised that another female victim had a GSW to the head. I located the victim by the church pew, on the floor. I could see her bleeding from the back of her head. Her eyes were open, and she appeared to be fading in and out of consciousness. I helped remove her from inside the church and took her out to the staging area for EMS. EMS arrived shortly, and she was loaded and transported to the hospital.

Later, I was flagged down by school staff and advised that they had a large number of kids and staff downstairs in the gymnasium at Annunciation School. Another officer and I went downstairs to check on the kids and staff. Some kids had minor wounds, and they were taken outside to the EMS staging area. I stayed downstairs with the students and staff until more resources arrived on scene. A roster count was completed, and the kids were accounted for. Parents later arrived on the scene to pick up their children. This was the approved by the officer in charge at the scene.

I then went outside and provided scene security around the school building. I deactivated my BWC at this time to preserve battery life, and I did not have contact with the victims and was away from the immediate scene. I was later released from the scene by Minneapolis Park Police Chief Ohotto.

On 08/27/25 I responded to Children's Hospital in Minneapolis to assist with interviewing victims and witness related to the shooting on this case. Myself and my partner Officer Reynolds met with Commander Fors who was already on scene in the ER of Children's Hospital.

We were given a list of five juvenile victims that were currently in the ER awaiting treatment. We were told that three of the victims families were already on site, one victim's parent had been notified and were on the way, and one victim went o PICU and was not in the ER.

Myself and Officer Reynolds decided that we were going to speak with two of the victims in which their families were on site. Other officers on scene came up with a plan to talk to the others.

Myself and Officer Reynolds spoke with Victim 13.82 - Law Enforcement and Victim 13.82. See Officer Reynolds supplement for the summary of the interview.

I assisted during the interview, identified the parents and supplied contact information, case number etc.

All parties were entered into the case.

On 8/27/25 I was notified of an OP100 on my department issued cell phone. I was informed that it was for a shooting located at 509 54th St W. and that the Command Post was going to be at Diamond Lake Road and Harriet Ave S.

When I arrived in my personal car, I went to the command post and was informed that I was going to be on Team 5. As we were staging we were informed that we were going to assist with secondary searches from yard to yard from Lyndale Ave S to Pleasant Ave S. After we were done searching yard to yard, I staged with the rest of the team by the S.W.A.T. van until we were released from the scene.

My BWC and Helmet Camera were both activated and the recordings were later uploaded to EVIDENCE.com.

On 08/27/2025, I was assigned to the US Attorney's Office Task Force Unit. At approximately 0920 hours, I responded to Annunciation Church at 509 54 Street West to assist with a shooting involving multiple victims. I arrived and there was already a large law enforcement presence. I met Sgt. Stanton in front of the church to await an assignment. The scene was completely contained so I deactivated my BWC per Sgt. Stanton. I assisted with escorting several officers who initially responded to a staging location at Starbucks located at 5351 Lyndale Avenue South. I then assisted with holding a perimeter position at 5341 Harriet Avenue until car 21 arrived to process the scene. While at 5341 Harriet Avenue, I briefly met with home owner Jady Karpe who pointed out several holes in the south wall of her house. Karpe confirmed that there wasn't any damage inside of her house.

I observed a small piece of metal that appeared consistent with being a bullet fragment stuck in the siding near the south west corner of the house. I also noted holes in the fence on the south side of 5341 Harriet Avenue which appeared consistent with being caused by gunfire. This fence was positioned on the north side of West Diamond Lake Road and directly to the north of Annunciation Church.

I remained at the scene until approximately 1300 hours. It should be noted that I activated and deactivated my BWC several times to preserve battery. My BWC was uploaded to evidence.com.

Supplement by Sgt. M.A. Heyer, #2980, CCN 25-243912, Homicide Unit Response

On 08/27/25, I was notified about an active shooter incident that was occurring at 509 W. 54th Street, the location of Annunciation Church.

Sgt. Brandon Noble, Sgt. Dylan Johnson and I were instructed to go to Abbott Northwestern Hospital, located at 800 E. 28th Street to check for victims.

At Abbott Northwestern we were informed by hospital staff that they were not treating any victims from the mass shooting.

The three of us then went to Children's Hospital, located at 2525 Chicago Ave. S. We were brought to the area of the hospital where several victims from the shooting were being treated. Several investigators were already at the location, interviewing victims and their families.

I went to room 19 and meet with Victim/[redacted] her father, [redacted] [redacted] and mother [redacted] [redacted] Their address was [redacted] They requested that I not record the conversation for privacy reasons.

Victim/[redacted] had started the 4th grade this week at Annunciation. Her class was attending the Wednesday Mass at the church. She did not recall where she was seated in the church. At one point, she heard a large number of loud explosion like sounds. Victim/[redacted] teacher, Miss Heer told all her students to crawl under the pews and hide. As Victim[redacted] was bending down to hide, she was struck in the left arm, possibly by a bullet. The wound I observed on her left arm was approximately 2 inches by 2 inches. It was near her elbow. Victim/[redacted] did not hear the shooter say anything or observe the shooter. Victim/[redacted] had no further information at this time.

PG/[redacted] was in the basement of the church when the gunman opened fire. PG/[redacted] was in a room near the north-east corner of the church. He climbed the stairs to see what was transpiring. He heard more suspected gun shots. He did not observe the shooter.

I gave the parents my business card and provided the name and number for Madchen Kenow, a grief and family support services specialist. I asked them to call me with any additional information or for additional resources to help them and their daughter recover from this tragedy.

I found no additional victims to interview at this point.

I cleared the scene with Sgt. Noble and Sgt. Johnson. Our services were not requested at any additional locations.

Sgt. Michael Heyer

On 8/27/2025 at approximately 0850 hours, I was arriving to Forest Lake Sportsman's club for my handgun development course when I was advised there was an active shooter at 509 54th St W (Annunciation Catholic Church).

I began driving my personal vehicle back to the city. I called SWAT supervisors to ask if any vehicles or equipment needed to be brought to the scene and was advised to drive straight to the scene.

I stopped at the 4th Precinct to grab my body worn camera and drove to the scene in my personal vehicle.

Upon arrival I was informed that we would be doing an area search for possible explosives with several K9 units. I assisted in doing a large area search and then met back on scene in front of the church.

I stayed on scene until relieved by supervisors.

On 8/27/25 I was working squad 1280, High Risk warrant Team. Being on the SWAT team we are responsible for responding to high risk situations to include Hostage Rescue, Barricaded subjects, and active attack situations. At approximately 0830 hours when we heard a tone over the air for an active shooter at 509 54th St W, Annunciation Church. We immediately loaded up in the van and started to the address Code 3. While enroute I assigned tools to my personnel. Officer Hassan- Ram, Officer Carrero- Halligan, Officer Phernetton- Rifle, and Officer Meath- Rifle, and myself-TL/AVON. While enroute I heard officers air that the possible suspect was down in the rear of the church with multiple victims in that area. I then heard that their was a possible IED by the suspect that was down. This was later confirmed as a smoke grenade by another SWAT officer on scene.

We arrived on the north side of the church and made entry on the west side of the church. I was informed that the building had been checked, however they did not check every room that was locked. I told all officers to exit the building and allow SWAT to clear the entire building. We began clearing from the north to the south in the basement. We breached approximately 4 doors in the basement. We then found a tunnel that led over to the school from the basement. I left an officer covering the tunnel. We marked every room that was checked with a black sharpie. I noticed te suspect outside of the door on the southeast side of the building. We then began clearing the main level of the church I immediately noticed 2 children that were on the ground in between the pews with an officer standing by them. These two children were deceased. I had the officer step outside as officers continued to clear the church. After the church was cleared we worked over to the school and began clearing from the north east side and working to the west. I was given a master key as well as classroom keys. All rooms were cleared. We located a large auditorium area on the main level. While clearing I noticed several parents, who were crying trying to find their children. I was informed that kids were in the basement of the school at the gymnasium. I had officers clear the basement and then we started sending parents into the GYM to reunite with their children. I had an officer confirm that the children had been reunited and once that was done send them to the auditorium on the main level. We finished clearing and then worked over to the rectory area. Every single room was cleared, some rooms we had to use keys and some were unlocked.

Once we were Code 4 we left the school and returned to the 1280 van. I returned the keys to the front desk. I was informed by to the command post to gather the names of the people inside clearing with me. Once the names were gathered and found all of the officers we went to a Starbucks for a team debrief before we were released from the scene. BWC was activated for the incident. It should be noted that several doors were breached, however I do not know the exact amount because I did not witness every one.

CLR SAYING SOMEONE IS INJD***

My partner activated our lights and siren and we responded code 3 to the incident location. Upon our arrival I removed my patrol riffle and medical bag from our squad and ran towards the front of the incident address. The front entry to the church was chaos. I quickly checked on the approximate 20-30 children sitting on the steps to see if further medical assistance was needed prior to EMS arrival. Several children had apparent gunshot wounds ranging from minor to severe. As I walked up the entry way of the church EMS arrived and began to triage the children in the front of the church. I then made my way into the church and connected with a team of officers to begin clearing the main level looking for other victims and potential shooters. I was advised by officers inside that the South East facing rear door of the church potentially had an explosive device attached to it. I relayed this to officers coming in to keep away from the door. Several children and adults were begin escorted out as we made our way through the main level.

Once the main level was clear I heard over the radio that two other potential victims had locked themselves in the icebox/storage closet in the basement of the church. Myself and officers made our way to this location and found the door locked. I attempted to pry the door bolt open, however was unsuccessful we requested breaching tools or a key for this location. A short time later we received a key and made entry into the storage room. While clearing the space we located an adult and juvenile inside who had taken cover when the shooting occurred. I walked with another officer as we escorted them safely to the front of the building to the EMS collection point. The juvenile female said she had an injury to her arm, however it appeared to be minor. I then went back inside and continued with officers clearing the lower level. 1280 arrived on scene and took over the remainder of the search.

At this point in time I went to the Annunciation School building which was the collection point for parents and children who were still on scene. I stayed in this location maintaining security while parents came to get their children.

A short time later I was pulled aside to be debriefed by the peer support team and this concluded my involvement in the incident.

My BWC was activated for the duration of the incident and only deactivated when instructed to by a Sergeant.

Subject INTERVIEW - CHILDRENS HOSPITAL 13.82 - Law Enforcement
Author 5153 - NOBLE, BRANDON
Related Date Aug-27-2025 13:45

On 08/27/2025 at approximately 0827 hours, Sgt. Noble learned of a Mass Shooting that was occurring at the Annunciation Catholic Church located at 509 54th St W. Sgt. Noble, Sgt. Heyer & was directed by the Homicide LT to respond to Abbott Hospital located at 800 E 28th St, Minneapolis, MN 55407 in response to possible victims being transported to the hospital from the scene.

Once at Abbott Hospital Investigators learned from hospital staff there were no victims that were transported to Abbott from the Mass Shooting location. Hospital Staff did advise there were multiple Victims that were transported to Children's Hospital located at 2525 Chicago Ave, Minneapolis, MN 55404.

Abbott Security escorted Investigators over to Children's Hospital where we met with Children's Hospital Security who escorted Investigators to the area the Victims were being treated.

Sgt. Noble and partner, Sgt. Dylan Johnson had then walked to room #14 and met with Victim, 13.82 13.82 - Law Enforcement hereinafter) and his parents:

& 13.82 - Law Enforcement

13.82 - Law Enforcement indicated their son 13.82 was injured during the shooting but was doing ok. 13.82 had been struck in the back of the head and left side of this torso "Kidney area". Investigators were informed by 13.82 13.82 - Law Enforcement there was Shrapnel inside 13.82 s torso still. The two parents also indicated their daughter, 13.82 - Law Enforcement was inside the church during the Mass Shooting as well. Both 13.82 - Law Enforcement children 13.82 - Law Enforcement go to school at Annunciation Church. After learning they were both at the scene, 13.82 was asked to be relocated into the adjacent room with her father 13.82 to be interviewed separately from her brother 13.82 Once this was done, with 13.82 in the room, 13.82 was interviewed by Investigators.

For a complete narrative of 13.82 s interview please review Sgt. Dylan Johnson's supplement

BWC [**Victim Interview - 13.82 - Law Enforcement - children's hospital Axon Body 4 Video 2025-08-27 1108 D01AD914G**] [redacted] ***- Interview***

[redacted] appeared to be in good spirits at the time, and indicated the following:

- [redacted] indicated she and her brother [redacted] go to the school as well as her 3 cousins and aunt were at the church.
- [redacted] was with her "little buddy" where they watch over a smaller child from the school during church.
- [redacted] was seated in the middle-left pews "Left of center, just left of main aisle, 7 pews forwards from the back pews"
- [redacted] was already sitting down in the fare left pews.
- First day for the new Priest
- They sang the entry song and sat down. A teach, Mr. Letellier had read the reading, once the reading was finished, Mrs. Wooden had gotten up to read the psalm. While Mrs. Wooden was reading the psalm everyone in the church heard a "big crash"
- The crash was heard on the left side of the church.
- Everyone in the church looked at the left side, [redacted] saw the window "break down and saw holes through the window. Big holes."
    - Only one window was broken, and it was on the baseball field side where all the bushes are.
    - [redacted] did not see any intruders inside the church
- [redacted] was trying to keep her little buddy [redacted] calm while they were on the ground taking cover under the pews.
- [redacted] heard multiple bangs, "10 or 12"
- After a short time "couple minutes after", Police arrived, and Police indicated the threat was neutralized.
- [redacted] did not see anyone in the window.
- [redacted] stated teacher got up after the shots and indicated they needed to get the injured outside.
- [redacted] described the shots as (Boom-pause, Boom-pause, boom boom boom boom bomm boom-rapidly and then stopped.

Once the shooting had stopped and the police arrived, everyone left the big back glass doors on 54th Ave. [redacted] indicated injured parties went to the right outside of the door and the none injured had gone into the school.

Upon arrival at the scene, I observed several victims with gunshot woulds seated in front of the church. I immediately assisted in evacuating small children and staff from the building, moving them to a safe location east on 54 ST W away from the active scene. After confirming that the building had been cleared to the best of our knowledge, I turned my attention to the injured children at the front of the church and provided assistance until they were safely loaded into ambulances.

I then began securing the west side of the scene using police tape. While maintaining the perimeter, I was approached by a mother who informed me her husband and child were still inside the ice machine on the lower level of the building. Information was aired for officers searching the building. Father and child were located.

Officers aired there were several family members arriving at the staging point in the rear of Annunciation Catholic School located at 525 W 54th ST and were needing more officers to help navigate parents to their children. I assisted with reuniting and navigating parents into the building to their children. I was then released from the scene.

BWC was activated.

On 08-27-2015, while working squad 850A (BWC/P#3885), I responded to an active shooter call at 509 54th St W, Annunciation Catholic Church.

At approximately 0841 hours, I arrived at the front of the church. I observed multiple individuals running in various directions. Near the entrance, several children were receiving medical care for apparent gunshot wounds.

While checking for additional injured persons, I was advised of a possible explosive device located on the east side of the church. I assisted in directing uninjured individuals to move toward the west side of the building for safety. As additional officers arrived on scene, I instructed them to begin placing crime scene tape to secure the area.

I then joined a team of officers to check the school portion of the building, located east of the church. We learned there was an underground tunnel connecting the church and school. Before entering the tunnel, a person with a key provided us access to the west side of the church.

I entered the building with Minneapolis SWAT and assisted in clearing a portion of the church. Inside, I observed broken glass, blood on the floor, scattered shoes, and a strong odor of gunpowder. SWAT determined that a slower, methodical search would be conducted to locate additional victims and suspects.

I then heard a radio request for officers to secure the exterior west side of the church to prevent unauthorized entry. I remained at this location until relieved by MPD command staff.

This concludes my involvement.

On 08/27/2025 at 0827 hours, I was working marked squad 824A. (P#3888 BWC activated) Over the police radio I heard dispatch air that there were numerous calls at 509 54st W. that there were shots fired in the church. Remarks continued to come in that said there was 25+ shots fired in or into the church. There was a mass going on and there was 100+ people in the church. Most of which were kids.

Upon arrival at the north end of the church, I observed numerous wounded people being given different medical care. Most of the injured were children. I deployed my rifle and went into the church. As I entered, small preschoolers were being led outside from the basement. There were adults and children walking and running out of the church towards 54th ST W.

Officers were in the process of clearing rooms behind the alter as well as halls and rooms throughout the church. Numerous Officers on scene said that there is a possibility of another shooter. I assisted in clearing rooms, hallways and closets. One locked closet was forced open and 2 civilians were found inside. They were given a safe exit route and we proceeded to search the church.

The church was searched numerous times to make sure there were no active shooters or wounded still in the building. At one point there was a possible explosive found and secured just outside of the church on the east side.

Once the church was code 4, I assisted K9 in the south parking lot. K9 Officers were checking vehicles in the lot and were trying to locate the suspect vehicle. While K9 was searching, I was posting security for the.

Once the lot was cleared and secured, I secured a door on the SW side of the church. I secured that door until I was relieved by Federal agents.

Subject RESPONSE
Author 2311 - GOMEZ, JOSE
Related Date Aug-27-2025 14:44

On 08/27/2025 I was assigned as the 3rd PCT inspector. I was working and meeting with the principal and president of Cristo Rey High School (2924 4th avenue south) at approximately 0830 hours regarding a mass shooting that occurred adjacent to their property.

I heard dispatch an active shooter at 509 54th street west, possibly a church. Moments later dispatch aired multiple 911 call from inside the church indicating this. I responded code 3 to the call and activated my BWC. While responding I heard that the shooter was possibly down by a self-inflicted gunshot wound.

Remarks on the call stated:

POSS ACTIVE SHOOTER
SOMEONE SHOOTING INS CHURCH
ANOTHER CLR RPTING SOMEONE POSSIBLY SHOOTING IN THE CHURCH - CHILDREN INSIDE THE CHURCH AREA.....UNK IF ANYONE INJURED
ANOTHER F CLR----ACTIVE SHOOTER....UNK WHO IS SHOOTING....100 PPL INS***

I arrived and parked one block away, officer Mark Johnson was in front of me running towards the church. When I arrived an observed numerous children and adults sitting on the front stairs of the church. I could see some children with blood stains on clothes and blood on their body. I approached a young female child that said she had blood on the back of her neck and was hysterical. I checked and it appeared it was a graze wound from a bullet and not bleeding. I applied pressure to the back of her neck to reassure. The victim asked about her sister and if she was dead.
Next to this victim was another older young female that had a large split/cut on her forehead. It appeared that a bullet grazed her forehead. I obtained medical gauze and handed it to an adult that was with her, they applied the gauze on her forehead. Both these victims were loaded into an ambulance.

I then assisted officers in clearing the church. I grabbed Sgt. Geoff Johnson, and we entered the front of the church with members of the Hennepin County Sheriff's Department. I entered, went up a flight of stairs and cleared a loft area. I did not encounter anyone upstairs. I then exited the building. I walked around the perimeter to assure it was contained and found Officer Fairbanks who was guarding the suspect, who was DOA, outside the East church doors. The body did not have a tent deployed on it so I called Sgt. Johnson and officers brought an MPD tent and covered the body.

Chief Kingsbury arrived an asked if I could expand the perimeter another block. With the assistance of Sgt. Johnson, we stationed Richfield and Edina officers at 53rd street and Garfield, 53rd street and Harriet, 54th street and Garfield. I was later approached by Lt. Klukow and he stated he was taking over the perimeter. I gave him the list of assignments.
I was told to attend a debrief located at 54th street and Lyndale for initial first responders. There I spoke with Sgt. Hanneman and was relieved for the day.

Related Date Aug-27-2025

On 08/27/25 at 0837 hours, I was notified via phone that we had an active shooter in Minneapolis. Information given was the shooter was located at Annunciation Church off of Diamond Lake Road, and we had multiple victims.

I was informed Sgt. Schroeder and Sgt. Grout were responding to the scene.

While enroute to the scene, I spoke with Sgt. Merten requesting he and Sgt. Green respond to HCMC in hopes of determining how many victims we had.

It should be noted, I did NOT have my BWC with me. My BWC was on the docking station at PSB. I responded directly to the scene.

Myself and DC Olson identified the two juveniles who were deceased inside the church with the assistance of school employee.

I remained on scene, assisting with directing resources, until released by DC Olson.

Author 1595 - DORRIS, ASHTON
Related Date Aug-27-2025 15:02

I, Officer Ashton Dorris, am a licensed Peace Officer on the State of Minnesota and currently employed with the Minneapolis Police Department. I am currently assigned to the First Precinct Community Response Team (CRT) and have served in this capacity since 2023. As part of this unit, duties include investigating street level narcotic sales, theft crimes, human trafficking, weapons, problem properties, assaults, damage to property and conducting directed patrols in the precinct's focus zones. I have attended training on illegal possession of firearms, narcotics investigation, narcotics concealment, proactive and undercover investigation, search warrant and affidavit writing, and have received confidential informant training. I have used confidential reliable informants (CRI) to assist with narcotics, weapons, and problem properties investigations. I have been involved in the arrests of parties involved in sales and consumption of illegal narcotics and parties involved in the illegal possession of firearms. I have participated in controlled purchases of narcotics.

I have conducted proactive investigations involving narcotics, weapons, aggravated robberies, assaults, burglaries, and problem properties in the City of Minneapolis. I have experience working with other local, state, and federal law enforcement agencies. I have participated on city wide focused enforcement details that are designed to disrupt criminal activity relating to gun crimes, narcotics, robberies, and car jackings. I have assisted the Minneapolis Homicide Unit, Aggravated Robbery Unit and Violent Criminal Investigation Team (VCIT) in locating and apprehending violent offenders.

I was working in Police uniform with a Police vest with my name and a Police badge and my Body Worn Camera (BWC). It should be noted that my BWC provides a limited general audio / video perspective of an Officer's perspective of events. It is limited from recording or making record of an Officers' senses, education, training, and experience. It has a 30 second buffer that records video without audio only prior to its activation in a design to capture illegal activity that happens suddenly. It can sometimes be obscured by an Officer's or another individual's actions. It is a tool and does not reflect the total scope of the situation.

On 08/26/25 I responded to 509 54th St W for a shooting. Upon arriving on scene I was directed to go to 5710 1st Ave S to assist the BCA and South Southside React with a checking the residence of the possible suspect.

I responded to that address and assisted in conducting a welfare check of the residence to ensure there were no victims. Once the residence was cleared I remained on scene until a search warrant was signed. I assisted in searching the basement for items listed in the warrant but did not find anything of evidence.

I later cleared the scene.

Related Date Aug-27-2025 13:18

I was working uniformed marked squad car 210 with my partner Officer Kaspszak, who was riding passenger. Dispatch aired a possible active shooter in the 5th pct at 509 54th st west (Annunciation Church/school). Remarks in the call were the following as we were enroute to the location from the 2nd pct.;

POSS ACTIVE SHOOTER

SOMEONE SHOOTING INS CHURCH

ANOTHER CLR RPTING SOMEONE POSSIBLY SHOOTING IN THE CHURCH - CHILDREN INSIDE THE CHURCH AREA.....UNK IF ANYONE INJURED

ANOTHER CLR RPTING SOMEONE POSSIBLY SHOOTING IN THE CHURCH - CHILDREN INSIDE THE CHURCH AREA.....UNK IF ANYONE INJURED

ANOTHER F CLR----ACTIVE SHOOTER....UNK WHO IS SHOOTING....100 PPL INS****** 115 W MHAHA PKWY..HEARD 25 SHOTS TO THE WEST..NOTHING SEEN

ANOTHER PERSON SAYING SOMEONE SHOOTING THROUGH THE WINDOWS INTO THE CHURCH AT THE CHILDREN - CLR HAS NO DESC.

just before we arrived it was aired that the suspect/shooter was dressed in all dark clothing and had a rifle or a long gun. Officers aired when they arrived that they had a possible suspect/shooter down in the rear of the school, with a possible self inflicted gun shot wound to the head.

We arrived in the rear of the church off of 55th to 54th on Harriet Ave S. We exited our squad car and noticed the suspect down on the ground, with guns laying next to him along with a knife and gun magazines. I noticed the doors were shot out out by gun fire when we were entering the building to get the kids out and check for anymore suspects.

Once inside the church we removed kids that were hiding in a classroom and had then exit the building with officers escorting/directing them out away from the body. After we removed the kids from the classroom we then set up two teams of officers to complete a search of the building for anymore possible suspects or any more victims that may be in the building. After we completed the search we then turned everything to swat officers who we met while clearing the building.

I then met with Sgt. Subject (970) once he arrived and gave him the information that I had regarding possible devices that the suspect may have had on him or in the area of the church. I then helped with the bomb sweep inside of the church for any possible explosive devices.

I was then informed to go to a briefing about the incident .

I was working squad 210 with my partner Officer Fahey. We heard dispatch air an active shooter call at 509 54th St W at the Annunciation Church. We immediately responded to the location. While enroute I heard the description aired as a person wearing all black clothing. The last info I remember hearing was the suspect was on the Southside of the address and that the Suspect was down. We arrived in the rear of the church on the South side. We began making our way up to the church and I saw the Suspect lying on the sidewalk on the Southeast entrance. As we reach the Suspect it appeared that Suspect was DOA.

We entered the church through the shoot out door window. There were other Officers inside the church. We began clearing the church and located a room where numerous children were hiding inside. We set up a safety corridor with Officers to get the children out. Once all the children were safe, we regrouped as a team of Officers to begin searching the rest of the Church. I assisted in clearing the church and other 2 building attached to the address. Once the buildings were code 4 I returned to the command post. At the command post I was directed to assist with an area search along with K-9's. I was with a large contingent of Officers that cleared East from Lyndale to Pleasant Diamond Lk Rd to 53rd. We were then instructed to meet a starbucks for a debrief and released.

It should be noted that when we responded from the 2nd Pct we had not completed our BWC or MVR tests prior to responding. My BWC did not activate when we responded code 3 to the call. I did not realize that my BWC was not active until I was already in the building searching.

Related Date Aug-27-2025

I, Officer Jeremiah Smedsrud, have been a Minneapolis Police Officer since 2019, have a Bachelor of Science degree in Applied Studies: Law Enforcement, Associates Degree in Law Enforcement, and am POST licensed through the State of Minnesota. I am currently assigned to the First Precinct Community Response Team (CRT) and have been on the team since July 2023. As part of this unit, duties include investigating street level narcotic sales, theft crimes, human trafficking, weapons, problem properties, assaults, damage to property and conducting directed patrols in the precinct's focus zones. I have attended training on illegal possession of firearms, narcotics investigation, narcotics concealment, proactive and undercover investigation, search warrant and affidavit writing, social media and open-source investigation, criminal street gangs and have received confidential informant training. I have used confidential reliable informants (CRI) to assist with narcotics, weapons, and problem properties investigations. I have been involved in the arrests of parties involved in sales and consumption of illegal narcotics and parties involved in the illegal possession of firearms. I have participated in controlled purchases of narcotics.

I have conducted proactive investigations involving narcotics, weapons, aggravated robberies, assaults, burglaries, and problem properties in the City of Minneapolis. I have experience working with other local, state, and federal law enforcement agencies. I have participated on city wide focused enforcement details that are designed to disrupt criminal activity relating to gun crimes, narcotics, robberies, and car jackings. I have assisted the Minneapolis Homicide Unit, Aggravated Robbery Unit and Violent Criminal Investigation Team (VCIT) in locating and apprehending violent offenders.

On 8/27/2025 I was working in a modified MPD uniform, which consists of a navy-blue shirt, which has two patches that say, "Minneapolis Police First Precinct CRT," with a navy-blue vest, that has a Minneapolis Police Badge, and the word "POLICE" in white block letters on the front and back. I am equipped with a body worn camera (BWC). It should be noted that BWC's provide limited audio and video perspective of an Officer's perspective of events. BWC's are limited from recording or making record of an Officers' senses, education, training, and experience. A BWC has a 30 second buffer, which records video without audio prior to the activation.

I was working in marked squad 181, which is equipped with emergency lights, siren, and an in-car Axon Camera System, which has three cameras, a front facing (dashcam), rear facing, and a camera in the back seat. The cameras in the squad work similarly to the body worn cameras and operate under the same system. I was working call sign 182 with my partner, Officer Dorris.

On the above date, we responded to 509 54th Street West to assist on the mass shooting/active shooter situation that was ongoing. When we arrived on scene, I we were asked by Lt. Waite to respond with the BCA to 5710 1st Avenue South. We were briefed that this was an address associated to the suspect, Robin Westman. We were advised that this address was likely Robins fathers house and that Robin had driven a van that registered to their father to the church.

We arrived to the address along with South Side CRT and the BCA and conducted a knock and talk at the address. We parked our squad car directly in front of the address with the emergency lights activated and the occupants of the house were called out. We then did a search of the house for any potential victims and secured the address for a search warrant. A search warrant was drafted and we assisted in searching the house. I searched the basement of the house and did not locate anything of evidentiary value.

It should be noted that the CCN for the search warrant was 25-243959.

My BWC was on and recording for the call.

On 8/27/25, I was working marked squad 220 with my partner Officer Harder. Officers were dispatched to a assist on the active shooter at 509 54TH St W.

Upon arrival, Officers made entry into the front doors of the church. Officers observed numerous Victims outside of the front of the church being treated by Police, Fire and EMS. Upon entering the church, Officers checked the upstairs balcony for any additional Victims or Suspects but did not locate anyone.

Officers then went to the basement and assisted with clearing children out of the classroom and making a safe corridor for them to leave out the front door of the church so they could be moved to safety at the nearby school. Once we believed that we had the classrooms cleared, Officers regrouped near the south side of the church. Near the lobby, I observed the Suspects body on the sidewalk outside of the lobby area. The glass windows on either side of the lobby were broken out.

Once Officers were able to regroup, we did a secondary sweep of the basement rooms and did not locate any Suspects or Victims. Once we were cleared from inside the church, I assisted Officer Harder with Drone Operations at the request of Mobile Command. I acted as the visual observer for Officer Harder while he flew the drone. Officers stayed on scene until we were relieved by additional Drone operators.

On 08-27-25 I was working marked squad 220 with Officer Heger. At 0827 hours we responded to an active shooter at 509 54 ST W. Upon arrival other squads were already there. Officer Heger and I approached the church going though the front. I had my police issued patrol rifle deployed. We started to clear the church at first not finding anyone. We then went to the lower level and found several children inside of a classroom. We assisted in getting the children outside. Once that classroom was clear we continued moving through the church clearing several other rooms. We continued to double check several areas looking for any children or more suspects. Once we were confident the church was clear I walked outside.

Once outside the drone van had arrived. Another officer had already got a low altitude authorization and notification capability. That authorization number was 13.37 - Security & Trade Secret I then flew over watch with the outside drones. I eventually left the scene and video was uploaded to evidence. Officer Heger was my visual observer during the flights.

It should be noted that also prior to flying I contacted the Systems Operation Support Center to get authorization to fly the drones up to 400 feet. It was granted to fly up to 400 feet. Once we were done flying the drones I called the control tower and informed them that we were done.

On 08-27-25, I was working Squad 240A. At about 0828 hours I responded to 509 54th St W - Annunciation Church - reference an ACTIVE SHOOTER. The call notes were as follow:

POSS ACTIVE SHOOTER

SOMEONE SHOOTING INS CHURCH

ANOTHER CLR RPTING SOMEONE POSSIBLY SHOOTING IN THE CHURCH - CHILDREN INSIDE THE CHURCH AREA.....UNK IF ANYONE INJURED

ANOTHER F CLR----ACTIVE SHOOTER....UNK WHO IS SHOOTING....100 PPL INS******

115 W MHAHA PKWY..HEARD 25 SHOTS TO THE WEST..NOTHING SEEN.

ANOTHER PERSON SAYING SOMEONE SHOOTING THROUGH THE WINDOWS INTO THE CHURCH AT THE CHILDREN - CLR HAS NO DESC

Upon arrival I ran to the front of the church - northside - and went inside. I saw some officers on the east side of the main level who were holding on a hallway. I asked if the alter and rooms off the alter had been searched. I saw a priest who appeared to be in shock wandering around a room off to the west of the alter. I began searching rooms off the alter and then rooms that were behind and that wrapped around the alter. Once it was determined that the main level had been cleared we began doing double checks. Someone alerted me that there was a locked door behind the alter which they were unable to open. I kicked the door in and found an adult male and adult female who were in shock. They said they were teachers and had sought shelter. Assisting officers led them out of the church. I continued on double checks and then went down to the basement of the church. Another room marked "ice room" was found to be locked. It was thought people had locked themselves inside the room. After repeatedly announcing ourselves and asking for them to open the door Officer Franco began to pry the lock with a knife. I opened the door and upon searching the room 2 people were found inside who were escorted out of the church by assisting officers.

When I came out of the "ice room" I linked up with Sergeant Ben Bauer - 1280. From then on I was attached with 1280 searching the rest of the church and the other buildings associated with Annunciation Church.

Subject WITNESS INTERVIEWS
Author 4063 - LEE, CHAO
Related Date Aug-27-2025

On 08/27/2025, I Sergeant Chao Lee of the Minneapolis Police Robbery Unit was working on duty when a shooting call came out at the Annunciation Church at 509 54th Street West. The call was called out as an active shooter.

I was notified by Lieutenant Linson from the Homicide Unit to assist at the scene to conduct witness interviews. While enroute I was informed that witnesses were being staged in the school in room #103.

I drove over with Sgt. Sterzinger and Sgt. Faulconer and we made our way to room 103.

I interviewed 13.82 - Law Enforcement 13.82 - Law Enforcement with FBI Special Agent Christopher Sylvester. This is a summary of this interview for a detailed account see my BWC and the audio recording.

Witness 13.82 stated that he was in the church attending mass when the shooting occurred. He was seated in the rear pews and explained that the students occupied the front pews with several adults in the back pews. He approximated it was 8:30am when the first shots came in through the ground level stain glass windows on the east side of the church. He was not sure if he (shooter) broke the window first or if he just shot into the building.

Witness 13.82 recognized immediately what was happening and heard 15 to 20 shots in rapid succession followed by a pause then a 2nd volley of shots. Witness 13.82 stated that suspect shoot thru different windows on the east side of the building, he believed there was only one shooter because there was only one point of fire.

Witness 13.82 ran to the back door on the east side and was able to go through one set of doors but was not able to get through the second set of locked doors, he wanted to secure the door so the shooter could not get in. Witness 13.82 stated that he would run back in and back to the door to check on the kids. Witness 13.82 was at the back exterior door when the suspect shot through the door, he moved to the interior door to not get shot. He held the interior door close to prevent the suspect from coming in.

Witness 13.82 observed a young kid who had been shot in the hand and knew him by his name 13.82 - Law Enforcement He placed the kid under the pew and told him he was going to be okay; he went back to holding the interior door. Witness 13.82 stated that he then ran pew to pew and stared checking on the kids, asking if they were okay. He saw that two kids were deceased, and another was struck in the head by a bullet, he got some of the kids to the middle so first responders could evacuate them faster.

Witness 13.82 stated that his three kids were in the church at the time of the shooting, that they were sitting by their class. Witness 13.82 did not see the suspect but state that he was definitely shooting, loading, moving to a different location and shooting again. Witness 13.82 stated that the suspect was banging on the door and believed that he was trying to get into the church. He did not hear the suspect say anything during this shooting.

Witness 13.82 stated the church holds mass every Wednesday and that school was in session. Witness 13.82 drew a map of the church as he was explaining the incident. This map will be uploaded to evidence.com

Interview ended.

I conducted a witness interview with Gay Ann Fleming (Gay Ann Fleming DOB: 07/05/1965, Phone # 612-458-6125, 4642 Garfield Ave S, Mpls). This is a summary of this interview for a detailed account see my BWC and the audio recording.

Witness/Fleming stated that she came to church with her mother and was inside of the church when the shooting occurred. She first thought that someone was shooting a cap gun then she saw all the smoke coming from the left side of the church. The smoke was coming from the middle of the church on that side (east side). She heard a rapid succession of gun fire and that it lasted for a long time.

Witness/Fleming stated that it was really loud then it sounded like it was moving away. When she figured it out that it was not caps she grabbed her mom and they went under the pew. She stated that smoke was on the side of the building where the baseball field was (east side of church).

Witness/Fleming did not see the suspect but hear a muzzled voice during the incident, she was not sure if the voice was from people inside the church or the suspect. Witness/Fleming stated the shots sounds like rapid fire from a big gun.

Witness/Fleming could not tell if there was more than one shooter the shooting did not stop. She thought she was down there (pew) for 3 to 5 minutes; she approximated the shooting occurred 15 minutes prior to the start of church. Witness/Fleming estimated there were 200 to 300 students and 50 to 70 adults in the church during the shooting.

Interview ended.

I conducted a witness interview with John and Joanne Brecount (John Michael Brecount DOB: 11/15/1937, Josephine Anne Brecount DOB: 08/22/1938, Phone # 612-822-6576, 3639 Garfield Avenue, Mpls). This is a summary of this interview for a detailed account see my BWC and the audio recording.

Witness/John Brecount stated that they were inside of the church during the shooting and were seated 4 rows from the back on the right side (west side). Witness/John Brecount told me they were parishioners of the church and attend mass every single Wednesday.

Witness/John Brecount stated that they saw nothing but heard rapid fire and knew that it was in the church because it was really loud. Witness/Josephine Brecount stated that she pulled him (John) down into their seats but didn't pull herself down. Witness/John Brecount stated that he imagined it was a weapon that was fired individually and not automatic, he could hear the break (between shots). The shots sounded like it came from behind them then it changed to a different area. Witness/John Brecount thought there might have been more than one person due to the muffled sound of the shots coming from a different area.

Witness/John Brecount stated that the whole school was there and 3 or 4 dozen regular parishioners. They were seated in the rear of the church. He stated that he heard muffled male voice yelling but could not hear what the male was saying, he did not know who was yelling.

Interview ended.

I conducted a witness interview with Anna Maria Steiner (Anna Maria Steiner DOB: 04/13/1995, Phone 651-271-4910, 2018 Queen Avenue South Apt#1). This is a summary of this interview for a detailed account see my BWC and the audio recording.

Witness/Steiner stated that she works at the school as a student teacher, teaching students with learning disabilities. She stated that it sounded like firecrackers were going off and then they had us get down. When they cleared the scene she observed a student that she had taught with an injury to her arm. She knew this student to be Sophie Cottrell, Witness/Steiner took her to the EMT and called her mother. She was later reunited with her mother. Witness Steiner did not see the suspect at all but heard someone yell get down in the church. She stated that there was someone by the big thing in the church, but he was not the shooter, he just didn't get down.

Interview ended.

I walked back into room 103 in the school building and met Matt Stommes (Phone # 651-587-4168). Matt stated that he had video of a white vehicle driving on the block before the sounds of the shooting. I asked if he could send it to me and he sent the WYZE video to me. This video was uploaded to evidence.com. The video showed a white SUV driving on the block and stopped in front of the residence. A few seconds later the sound of rapid fire shots can be heard on the video. It is unknown if this white SUV is related at this time. Matt did not see the actual shooting.
Interview ended.

The witnesses were entered into PIMS, My BWC was uploaded to evidence.com, the audio recordings were uploaded to WINSCRIBE.

Subject WITNESS INTERVIEWS
Author 4241 - STERZINGER, HEATHER
Related Date Aug-27-2025 15:19

On 08/27/2025 I, Sergeant Heather Sterzinger 4241, was working as an Investigator in the MPD's Sex Crime's Unit when I was asked to assist with witness interviews at the scene of a SHOOTING.

I was advised that there had been a mass shooting at ANNUNCIATION CHURCH & SCHOOL located at 509 54th ST W in the City of Minneapolis. I was advised that multiple callers had called into MECC/911 to report an active shooter at this location. Multiple persons were shot and had varying degrees of injury, and that there may have been some deceased individuals at the scene. The shooter was described as being a white, male between the ages of 20-30 wearing all black clothing to include goggles and "tactical clothing." The shooter was listed as possibly being deceased at the scene.

It should be noted that I had my BWC on and recording during my interaction with any witnesses. The two videos I recorded were uploaded to the evidence.com website as evidence in this case upon my conclusion with this incident.

Upon arrival we were advised that there were multiple witnesses that needed to be identified and interviewed in Room 103 of ANNUNCIATION SCHOOL.

A Special Agent with the FBI was with me as I interviewed witnesses. That Agents name was SA ELLEN WOOD. She may be reached at: elwood@fbi.gov or on her cell phone: 612-615-5451.

The first witness I spoke with was positively identified by his MN DL as WITNESS/13.82 - Law Enforcement [redacted] 13.82 - Law Enforcement [redacted] advised that his daughter attends the ANNUNCIATION school, is in the 13.82 [redacted] grade in 13.82 - Law Enforcement [redacted]s class. He identified his daughter as 13.82 - Law Enforcement [redacted]

13.82 - Law Enforcement [redacted] advised that he dropped his daughter off for school at approximately 0750 hours. He advised that he shortly after dropping his daughter off he received a phone call from her teacher advising that she had forgotten her lunch in the car. The witness advised that he turned around and drove back to the school to drop off his daughter's lunch.

13.82 - Law Enforcement [redacted] advised that when he returned, he parked his car in the south parking lot and waited for his daughter to come and get her lunch. He advised that he was driving a 2008 silver Kia Optima bearing a possible MN LIC#/13.82 - Law Enforcement [redacted]

13.82 - Law Enforcement [redacted] advised that he heard what he initially believed were the sound of fireworks going off. He advised that he got out of his car and walked towards the area he heard the sounds coming from.

13.82 - Law Enforcement [redacted] advised that he was in the area of the SE corner of the chapel when he saw pink or orange smoke. 13.82 - Law Enforcement [redacted] advised that he initially believed the smoke was part of a celebration he was unaware of, but then realized it was coming from a smoke bomb.

Once 13.82 - Law Enforcement [redacted] realized what was going on he ran back to his car. He advised that he did not see the shooter and would not be able to identify the shooter.

[redacted] declined medical services or counsel at the scene.

The second person I interviewed was positively identified as being WITNESS/ CATHERINE MARY SPANDEL by her MN DL. SPANDEL advised that she attends mass at the church every Wednesday at 0815. She advised that she was attending mass alone on today's date.

SPANDEL advised that mass started a couple minutes later than usual due to the children being late coming in to mass. She advised that she was sitting on the "Mary Side" of the church approximately 6 rows from the back.

SPANDEL advised that the congregation had sung the first hymnal, and the first consecration. She advised that approximately ten (10) minutes into mass she thought she heard fireworks. The stained-glass windows were exploding inward into the chapel.

SPANDEL advised that she realized that someone was outside the chapel shooting in through the stained-glass windows. She advised that she got down onto the floor. She advised that there was an injured woman on the floor and that she prayed with her during the gunfire.

SPANDEL advised that due to the frequency of the shots she believed that the shooter had an automatic firearm. She also theorized that there was more than one shooter. SPANDEL advised the stained-glass on Mary's Side of the church was shot through and then the glass on Joseph's Side of the church was shot through. She advised hat she felt it was "too fast" between the two sides of the chapel to be shot through for there to only be one shooter.

SPANDEL described seeing the flash and smoke from the gun as it shot through the windows. She advised that she saw a distinct "V shaped trajectory" as the glass exploded into the church.

SPANDEL advised that she was the last, or one of the last, out of the chapel as she helped get the children out of the chapel first. She advised that she has rheumatoid arthritis and was unable to get back up to her feet. Therefore, she crawled through broken glass with the children to try to leave the church.

SPANDEL advised that she, and others, escaped the chapel through the front door of the church onto the 54th street side.

SPANDEL declined medical services and counsel at the scene.

The third person I spoke with was positively identified as WITNESS/ WILLIAM THOMAS SOGGE. SOGGE presented a picture work ID and was later identified through the MyBCA (fka DVS) Website. SOGGE advised that today was his first time at this church. He advised that he attends mass daily, and that he usually attends a mass that starts at 0800 hours at a different church. However, he was running late today. Therefore, us used open-source intelligence to find a church that had a mass starting a little later. SOGGE advised that being at this incident was pure chance.

SOGGE advised that mass was listed as beginning at 0815 hours. He advised it started a little later today. He advised that he was sitting in the "left" section approximately "2/3 back."

SOGGE advised that once he realized there were gunshots being fired into the church he dropped to the floor and hid under a pew. He advised that he was terrified because he was afraid the shooter would enter the church and begin shooting at everyone under the pews. Therefore, once he heard the gun shots stop, and knew the shooter was not inside the church he fled on foot out of the back of the church.

SOGGE advised that he then ran to his car, got in, and began driving away. A short time later he advised that he made the decision to turn around and return to the church to offer up any information he could that might help in this investigation.

SOGGE advised that he was driving a red, 2011 Buick Lucerne possibly bearing MN LIC#/ SKY537.

It should be noted that sworn personnel from outside agencies were also interviewing witnesses. I was advised by these sworn personnel that they did not have BWC's and were not recording the interviews. I was not given the names, or methods of identification, for any of the persons those personnel interviewed.

I attempted to obtain incident numbers from the agencies I could get them from that related directly to this incident. The outside agency incident numbers I was able to obtain are as follows:

- **MN BCA-** 2025-916
- **BLOOMINGTON PD-** BP250827-047210
- **FBI-**
- **ATF-**
- **HSI-**

I spoke with a male on site that was positively identified as WITNESS/ COREY PAULL COPPS by the MyBCA (fka DVS) website. COPPS advised that he was the Facilities Manager for the school and church.

COPPS advised that ANNUNCIATION had recently purchased a brand-new video surveillance system and that "every inch" of indoor/outdoor space on their campus was covered by video. COPPS gave the following two names that would have direct access to release video to law enforcement agencies:

- 13.82 - Law Enforcement
- **MATT DEBOER,** Principal: 504-931-8211

Subject INVESTIGATIVE RESPONSE TO HCMC
Author 4752 - MERTEN, JUSTIN
Related Date Aug-27-2025 14:59

On 08/27/2025, SGT Merten, while assigned to Homicide, learned that there was an active shooter at the Annunciation Church and School located at 509 West 4th, and was directed by LT Linson to respond, with SGT Green, to Hennepin County Medical Center (HCMC) and identify any victims receiving medical care. Investigators responded to HCMC and learned from staff that ten victims had arrived, including two adults and eight juveniles, and that they were in various stages of medical care. Staff provided a list of patients admitted from the incident.

INTERVIEW-[redacted]

At approximately 0963 HRS, SGT Merten met with [redacted] who was receiving medical care in the ER. Medical staff caring for her indicated that [redacted] SGT Merten observed that [redacted] head was wrapped in a bandage, her left eye was bruised and swollen shut, and that she had injuries to the left side of her face, but was lucid. The following is a summary of the brief interview which was video recorded on SGT Merten's BWC:

- She and her husband,[redacted] were attending mass, and were at rear right side of the santuary, sitting in a pew. She explained that there were approximately 300 children and 60 parishioners attending this mass and that it was the first day of school.
- There was an "explosion" of lights, followed by "pops". Later, in the interview she indicated that she recognized the pops as gun fire. She did not see the shooter. She doesn't think there was more that one shooter.
- She heard 50-60 "rapid" shots.
- She and her husband stayed near the pew they were sitting at until police arrived on scene.
- Her husband suffers from dementia.
- She provided her biographical information:[redacted]

INTERVIEW-Juvenile [redacted]

At approximately 1000 HRS, SGT Merten met with juvenile [redacted] who was receiving medical care for her head injury in the ER. Her parents [redacted] were present during the brief interview. The following is a summary which was video recorded with SGT Merten's BWC.

- [redacted] was in Mass when she heard "bangs" and they dropped to the ground. She was sitting towards the back. She was with [redacted] (4th grade), [redacted] (7th grade) and another who's name she doesn't remember.
- Something "grazed" her head.
- She did not see the shooter. She indicated that the shooting came from one direction.
- SGT Merten observed that her head was bandaged, but she was lucid.
- [redacted] parents provided their biographical information: [redacted]

Investigators met with the following parents at HCMC to confirm the identities of their children/victims:

[redacted]

Staff advised that juvenile victim [redacted] was admitted to the PICU. Investigators attempted to make contact with parents in the PICU but were unsuccessful.

See SGT Green's supplement for a list of four other victims and their family receiving medical care at HCMC.

On 8/27/2025 I was at training and responded to a op 100 at 509 54th ST W.

I picked up the SWAT equipment truck to bring to the scene. Upon arrival at the scene with the equipment truck, I grouped up with 1280 members and was assigned to a team. Initially I was labeled as 1281, but then we broke into smaller teams to escort bomb k9's.

Our team escorted multiple K9's while they went yard to yard in all directions around the blocks. We were all regrouped partially into this, then given more direct areas to search. We strong walled from Lyndale Av to the east for several blocks. There were many officers and K9's moving together and we were all searching for anything related to this event.

I did not locate anything of note throughout any of these searches. I then went back to the staging area near the command post and awaited further instructions. We were at this location for a long period of time. While staged there, my BWC was off. Otherwise, my BWC was recording.

Once were given the direction to do so, I cleared the scene with the equipment truck.

On 8/27/2025, I responded to Annunciation Church located at 509 54th St W after an Operation 100 was declared due to an active shooter.

Upon arrival, I reported to the command post with the rest of the SWAT Team and was instructed to deploy my K9 partner Ghost who is trained in explosive detection.

We assisted with doing a canvass of the neighborhood in the immediate area surrounding the above church/school searching for any explosives or any other evidence. The group I was with worked from Lyndale Ave S eastbound to Pillsbury Ave.I located nothing of note.

The K9 team was also requested to do a secondary sweep of the building to check again for any other explosives. None were located.

Once all the sweeps were completed, I remained on scene until released by a supervisor.

My BWC was activated for this call.

On 08/27/2025, at approximately 0917 hours, I received a text via my city issued cell phone declaring an operation 100 for an active shooter. I contacted channel 7 advising dispatch my badge number and that I would be picking a SWAT bearcat vehicle.

I arrived on scene wearing my full department issued Minneapolis Police blue uniform with Police insignia on both sleeves. I was wearing my tactical heavy vest with Police insignia on it. I was wearing my Axon flex helmet camera and body worn camera.

I stayed on scene until I was advised to regroup at the Special Operations Center in North Minneapolis 4119 Dupont Av N. I did not active any cameras while on scene as I had no involvement on scene or interaction with anyone. I created a body worn camera video for auditing purposes narrating this.

Subject ASSIST WITH UAV
Author 4093 - LEPINSKI, ADAM
Related Date Aug-27-2025 15:45

On 08/27/2025, at approximately 0947hrs, I responded to a shooting call at the Annunciation Catholic School, located at 504 54th ST W. By the time I arrived, the scene was code 4 and other officers had been on scene for over an hour. I assisted with flying Unmanned Aerial Vehicles (UAV) as overwatch at the scene. I am a licensed FAA pilot and work on the MPD's UAV team as my secondary assignment.

I flew overwatch for approximately three flights of about 25-30 minutes each. I flew DJI M30T "Alpha" and later uploaded the video to Evidence.com. The purpose of my flights was to capture the event from an aerial perspective, to look for gaps in perimeter coverage and to try to identify any threats for on scene officers. At one point officers on the perimeter went yard to yard looking for any evidence or property placed by the suspect in this case. I flew overwatch as the officers walked yard to yard working eastbound from approximately Garfield to Pleasant in the 5300 block. To my knowledge nothing was located.

UAV flights were eventually terminated because there were other UAV's from media and one from another law enforcement agency in the airspace. I stayed on scene until approximately 1500 hrs.

I do not have a BWC video for this incident.

Witness Interview.
[redacted]

On 8/27/2025 I was working in the Criminal Investigative Division for the Minneapolis Police Department. We received information that there was an active shooter situation at Annunciation Church, located at 509 W 54th St. in the City of Minneapolis. We were notified by our command staff, that there was an incident and there were possibly people that needed to be interviewed as witnesses. I travelled to the incident location and found several witnesses staged in a classroom that needed to be interviewed.

I identified a male who was inside of the church during the shooting. He was identified as [redacted]

The witness told me that his son goes to school, connected to the Church. The school has Mass every Wednesday at 8:30. Witness stated that he was with his brother [redacted]. He and his brother were going to go on a bike ride after dropping his child at school, but felt guilty about not attending Mass, so they decided to stay. They left their bikes in the parking lot near the entrance to the church. Once inside the church, they were seated on the shooter's side of the church, facing the altar. This would have been the left side if you were facing the altar from the pews.

He stated that Mass had not started very long when he heard shots ring out. He thought about one song into the Mass is when the shots started. He also stated that it was evident that the shots were coming from the outside, in. He looked up and he was able to see holes forming and coming in through the stain glass window. He also believed he saw holes forming in areas behind him, in the concrete wall. He said it took a while to process, that he was being shot at, but once he realized, he took steps to try to get down and secure the doors. He believed he was inside with about 3 parents, several teachers, the Priest and a Deacon. He identified several parties present in the church at the time of the shooting by name. Matt Stomme, [redacted] and a Mr. Debore. He stated that he did not see the shooter, and that they held the doors secure to prevent further access of the shooter to the main church area.

He noticed two kids that were immediately apparent as deceased and another child that he thought was shot in or about her head area and was bleeding. They tended to her and waited for police to arrive. Once police arrived, they were able to exit the church and clear the kids out of the area. He believed he heard between them. 30- and 60-seconds worth of shooting. The shots were coming from a Semi-automatic pistol or rifle.

HOMICIDE RESPONSE TO HCMC

On 8/27/2025, Sergeant Green was assigned as a Sergeant Investigator in the Minneapolis Police Department (MPD) Criminal Investigation Division-Homicide Unit. In this capacity, Sergeant Green's duties included, but were not limited to, the planning and execution of investigations involving homicides, non-life-threatening shootings, suspicious deaths, stranger kidnappings, drug overdoses, critical incidents, and other investigations as assigned.

On 8/27/2025, Sergeant Green and Sergeant J. Merten, Sergeant Investigators in the MPD Criminal Investigation Division-Homicide Unit, were assigned as the Minneapolis Police Department Homicide Unit Car 715 and Car 716.

At or about 0830 hours, Sergeant Green learned of a reported Shooting incident at Annunciation Church, 509 54th St W, Minneapolis, Hennepin County, Minnesota; Reference MPD Incident Detail Report 25-243912. Sergeant Green reviewed the Incident Detail Report and generally learned the Shooting Incident possibly involved an Active Shooter situation. Sergeant Green continued to monitor Channel 1 and Comments in the Incident Detail Report.

At or about 0900 hours, Lieutenant Linson, the Supervisor of the MPD Criminal Investigation Division-Homicide Unit, requested Sergeant Green and Sergeant Merten to respond to Hennepin County Medical Center (HCMC) to obtain information regarding the Shooting Victims, who were transported to HCMC for medical attention.

At or about 0907 hours, Sergeants advised Channel 1 Dispatch that Car 715, Sergeant Green, and Car 716, Sergeant Merten, were responding to HCMC.

At or about 0927 hours, Sergeant Green and Sergeant Merten arrived at the HCMC ER and coordinated with HCMC ER Staff with identifying the Shooting Victims; Reference Evidence.com file "Homicide Car 715 Response HCMC ER; Axon Body 4 Video 2025-08-27 0927 D01AD885H". It should be noted, that due to the nature of the investigation, being inside the HCMC, and for patient privacy, Sergeant Green used his discretion and de-activated his MPD issued BWC.

Sergeants conferred with HCMC ER Dr. Wyatt, who generally advised (10) total patients were transported to, and receiving on-going medical attention at HCMC ER; (8) of the patients were pediatric, ages 6-14 years of age; (2) of the patients were adults; (7) of the patients were in Critical Condition; (1) pediatric patient was in the Operating Room.
Sergeants learned from HCMC ER Staff that [redacted] 13.384 - Medical Data

At or about 0942 hours, Sergeant Green conducted an audio/video recorded interview with [redacted] 13.82 - Law Enforcement who was receiving on-going medical attention in HCMC ER Treatment Room A10. Prior to the interview, Sergeant Green received information from Dr. C. Jones, a HCMC Medical Director, that 13.82 - Law Enforcement had advised HCMC ER staff that [redacted] has dementia. The following is a non-verbatim and non-chronological summary of the Interview with [redacted] For detailed information reference Evidence.com file "Car 715 Response HCMC ER & Victim [redacted] Interview; Axon Body 4 Video 2025-08-27 0942 D01AD885H":

[redacted] reported that he lives at [redacted] but was certain of his address, and his contact number is [redacted] stated that he and his wife, [redacted], were attending Annunciation Church, and were sitting together in a pew on the right side, by the wall. As kids were entering the church, [redacted] heard the sound of gunshots, but that the gunshots did not sound fast. Mr. [redacted] did not see who was shooting. [redacted] did not remember anyone say or yell anything before or after the gunshots. When asked about the injury to his head, [redacted] stated he thought he fell and may have hit his head on the pew. [redacted] did not remember how he got out of the Church. [END SUMMARY]

During the interview with [redacted] Sergeant Green observed that [redacted] was receiving treatment for injury to the top/right side of his head. With [redacted] attending nurse's assistance, Sergeant Green used Axon Capture-Photo to document [redacted] sustained injury; Reference Evidence.com files [redacted] Injury; 2025-08-27 09:53:28", "[redacted] Injury; 2025-08-27 09:53:31", and/or "[redacted] Injury; 2025-08-27 09:53:37".

Sergeant Green conferred with Dr. C. Jones, a HCMC Medical Director, who advised [redacted] 13.384 - Medical Data

Sergeant Green and Sergeant Merten learned that a pediatric patient, tentatively identified by HCMC MRN 13.384 - Medical Data was receiving on-going medical treatment in the Pediatric Intensive Care Unit (PICU). Sergeant Green met with the pediatric patient's mother 13.82 - Law Enforcement 13.82 - Law Enforcement identified the pediatric patient as her daughter, 13.82 - Law Enforcement identified 13.82 - Law Enforcement father as [redacted] 13.82 - Law Enforcement advised that [redacted] reportedly sustained a bullet graze to the left neck and was intubated. 13.82 - Law Enforcement acknowledged she would most likely agree to a CornerHouse interview with 13.82 - Law Enforcement and was willing to sign an Authorization for Release of Private Health Information for [redacted] medical treatment for 6/27/2025-discharge.

Sergeant Green and Sergeant Merten identified the parents of pediatric patient, tentatively identified as HCMC MRN 13.384 - Medical Data in the Waiting Area for the Operating Room. In a separate waiting area, Sergeants met with the pediatric patient's parents, identified as 13.82 - Law Enforcement The parents identified the pediatric patient as their son, 13.82 - Law Enforcement and advised that 13.82 - Law Enforcement reportedly sustained a gunshot wound to the torso and was in stable condition. 13.82 - Law Enforcement advised, if needed, she would most likely agreed to a CornerHouse interview with 13.82 - Law Enforcement and would be willing to sign an Authorization for Release of Private Health Information for 13.82 - Law Enforcement medical treatment for 6/27/2025-discharge.

Sergeant Green and Sergeant Merten learned from HCMC ER Staff that pediatric patient, tentatively identified as [redacted] Sergeants went to the PICU to attempt to meet with [redacted] parent(s). Sergeants requested to speak with [redacted]'s parents but were advised by a PICU Staff that [redacted] had just arrived in the PICU and Sergeants were instructed to wait. After waiting for a period of time, Sergeants were not approached by the parents of PICU staff. Sergeant Green provided his MPD business card to the on-duty PICU desk staff and requested the MPD business card be provided to [redacted] parents.

Witness Interview.
[redacted]

On 8/27/2025 I was working in the Criminal Investigative Division for the Minneapolis Police Department. We received information that there was an active shooter situation at Annunciation Church, located at 509 W 54th St. in the City of Minneapolis. We were notified by our command staff, that there was an incident and there were possibly people that needed to be interviewed as witnesses. I travelled to the incident location and found several witnesses staged in a classroom that needed to be interviewed.

I identified a female who was inside of the church during the shooting. She was identified as: [redacted] [redacted]

The witness was present during the shooting but did not, directly witness the events that led up to or what happened during the shooting. The witness is the business manager for the Annunciation Church and indicated to me that she had access to the CCTV cameras that are associated with the Church and the school. I kept her nearby and I notified command that she was available for the review and possible collection of any surveillance videos that may have been captured by the system.
We ultimately met up with our computer forensics video team and they collected available video from the camera system. I remained on scene with the witness and the forensics crew until they were done. [redacted] [redacted] did not see the shooting took place, but she was in the main business office at the time of the shooting. She provided me with the official contact information for the Technical Support that helps her control the security cameras for the church. I took a photo of her contact information for this person and uploaded it to Evidence.com.

Subject WITNESS STATEMENT WILLIAM SOGGE (DOB: 3/3/1999)
Author 2068 - FOLKE, TREVOR CHRISTIAN
Related Date Aug-27-2025

On August 27th, I was assigned as a Minneapolis Police Department Public Information Officer (PIO). As part of my duties, I am assigned a take-home squad car which is unmarked and equipped with lights sirens, and a radio. As I was driving into work, I heard over the radio there was an active shooter at Annunciation Church (509 54 St W). I activated my lights and siren and responded to the scene.

While on scene, I was approached by a male who stated he was inside of Annunciation Church when the shooting occurred. I positively identified him as William Sogge (DOB: 3/3/1999). I took down his phone number and called him back later in the day to take a more complete statement.

Sogge stated that he was attending morning mass and was seated in a pew approximately 2/3 of the way back inside the sanctuary. During the reading of the Psalms, he said he started to hear loud banging. He realized it was gunfire and hid under the pew he was sitting in. He immediately called 911. He said he was having a hard time hearing what the dispatcher was asking him because of the gunfire, so he left his phone on an open line. While he was under the pew, he could see wood chips flying off pews from the gunfire. After the gunfire ceased, he looked out from under the pew to see if he could see a shooter because the dispatcher was asking him if he knew where the shooter was located. He did not see the shooter, and began left the sanctuary as others were evacuating. He went to his vehicle and drove out of the area. After he realized he could potentially be a witness, he returned to the area and spoke with me.

In the time between my initial contact with Sogge and when I called him, he stated he was brought to an area by an officer and spoke with the FBI.

My BWC was active for all interactions with Sogge.

Related Date Aug-27-2025

On 0827/25 at approximately 0840 hours I was alerted to an active shooter incident at Annunciation Church, located at 509 54 St. W. I heard multiple squads responding to include multiple jurisdictions. I checked staffing located on the 8th floor of the PSB and made contact with the Lt. Linson of the Homicide Unit. Lt. Linson has just had three homicides within the last 18 hours so I offered to assist with providing investigators from the floor to assist the homicide investigators if needed. I also made contact with Lt. McCarver from Sex Crimes to advise that I would respond to HCMC with Sgt. Hansen and Officer Reynolds from my unit, Licensing. Lt. McCarver assigned Sgt. Faulconer and Sgt. Sterzinger to the scene to assist with witness interviews. Sgt. Dominguez and Sgt. Ilstrup responded to North Memorial. Once at HCMC Sgt. Hansen and Officer Reynolds were then sent over to Children's Hospital for five reported victims at that location.

I notified Homicide Sergeants Green and Merten of the additional resources if needed and I responded to HCMC and met up with Lt. Swierzewski and Sgt. Oachs. We made contact with Officer Sworski who was managing the clothing/evidence the hospital staff was packaging. Lt. Swierzewski contacted the property room to request assistance to inventory the items and I contacted Sgt. Ottney from Precinct 1 to request a squad to assist entering info for P&E. Squad 189 Officers Fadell and Hinderliter responded to assist entering the victims info into PIMS for P&E to inventory the items. HCMC had reported ten victims in total, eight children and two elderly adults that had been wounded in the shooting.

After all the victims property was accounted for I contacted Lt. Linson who advised we could clear HCMC and I advised her to contact us if needed for any additional assignment and we cleared.

Lt. Canadeo

On 8/27/2025 I was working marked squad 8802 as the Minneapolis Park Police Patrol Lieutenant. I arrived at work shortly after 0900 hours and learned that a mass shooting event took place at a church. Several Park Police Officers were involved with assisting at the call. Officer Farmer arrived at the station with Sgt. Huber. I could tell that the call was bothering Officer Farmer. I later arrived on scene to check in with Park Police Officers: Sgt. Berdahl, Officer Cannon, Officer Sandberg, and Officer Dennis. The officers told me their involvement in the incident. I updated Chief Ohotto who later arrived on scene to assist. I was given orders to supervise other Park Police Officers coming in on overtime to help with 911 calls. I left the shooting scene and supervised 911 call response.

Subject RESPONDING TO THE SCENE
Author 3197 - IBRAHIM, LIBAN M
Related Date Aug-27-2025

On August 27, 2025, at approximately 0827 hours, I, Minneapolis Police Officer Ibrahim #3197, was assigned call sign #389 and operating in a marked Minneapolis Police squad car #323 as part of the Southside Community React Team (SSCRT). I was attired in a modified Minneapolis Police uniform, which included a navy-blue t-shirt bearing the inscription "Minneapolis Police" on both shoulder sleeves, an outer ballistic vest prominently displaying "POLICE" in large white lettering on the back, and my duty belt.

It is important to note that my ballistic vest is equipped with a Body Worn Camera (BWC) mount. The BWC serves as one of several tools available to me as a Minneapolis Police Officer, recording my interactions and various incidents. However, the BWC does not capture the full extent of my peripheral vision, nor does it record smells, anything directly behind me, or necessarily all sights and sounds during incidents in which I am involved, even when activated.

I have been a member of the Southside Community React Team since 2025. The SSCRT utilizes advanced crime statistics to identify "hot spots" within the city where crime rates are significantly higher compared to other areas. The responsibilities of the SSCRT include, but are not limited to, conducting narcotics and weapons investigations, performing interviews, executing proactive traffic stops and suspicious person stops, managing confidential informants (CIs) and confidential reliable informants (CRIs), and filing charges related to cases within the 3rd and 5th Precincts. These efforts address issues raised by community members in South Minneapolis.

I have extensive training and experience in conducting felony-level investigations. My background includes handling cases involving shootings, stabbings, weapons, and narcotics. I have participated in numerous specialized training programs related to investigative techniques. Throughout my career, I have been involved in numerous arrests related to weapons and narcotics offenses, leading to convictions at both the state and federal levels, as well as the successful recovery of critical evidence.

On above date, I responded to 509 54 St W for a possible active shooter. The caller indicated that someone was shooting inside the church.

Upon arrival, I noticed several children gathered outside at the front of the school, with many appearing to be injured and bleeding. Alongside other officers, I began providing assistance to the wounded children on the sidewalk.

I coordinated with emergency medical services to ensure ambulances arrived promptly and facilitated the safe transfer of the injured children to the medical staff on site.

It is important to note that some of the children had sustained gunshot wounds

After completing the task, I ensured that all the injured children were accounted for and attended to by medical staff. I then informed the sergeant of the number of ambulances involved and the hospitals to which the children were transported.

That concluded my responsible at the scene.

Subject CHILDRENS HOSPITAL INTERVIEWS
Author 5315 - OLSON, SCOTT ALLEN (SEPARATED)
Related Date Aug-27-2025 16:29

On 8/27/2025, Sgt. Olson and Sgt. Metcalf were in the office when notified about an active shooter situation. They were initially told to stay at the PSB. Later they were asked go to Children's Hospital to interview child victims there.

Upon arrival, investigators met with Commander Fors. There were several officers and Hennepin County Deputies in the ER. Investigators met with 2 investigators who were already interviewing kids. The children were identified and their locations were noted. The first one for Olson and Metcalf to interview was 13.82 They were brought to her room to do the interview.

Present in the room was her father, 13.82 her brother, and her mother, 13.82
13.82 was very emotional and still had blood on her hands and on the side of her face. She spoke very quietly.

13.82 - Law Enforcement **8th Grade, said the following:**

- They picked up their "Buddies" and began heading to the chapel for Mass.
- She said her regular teacher was not there, so they had a substitute teacher.
- She was sitting on the outside of the pew.
- After the first opening song, the priest began talking.
- They then heard a bunch of gunshots.
- She and her buddie 13.82 and others got on the floor. They were hiding under the pews.
- She checked on 13.82 but she was not injured.
- She then saw that she had a lot of blood on hand.
- She talked about the confusion of the kids thinking that maybe it was a drill.
- As everyone was getting up, people started asking her if she was ok.
- When they got outside, EMS began separating injured people and uninjured people. She moved to the injured to get checked. 13.82 received an injury to the right-side top of her head.
- She saw 13.82 start screaming and running to the front (exit) to her dad 13.82
- 13.82 stayed with 13.82 until help arrived.

During the interview 13.82's mom received an update that 13.82 was at HCMC being treated. 13.82 was told that 13.82 was doing ok.

Sgt. Metcalf and Sgt. Olson were told that a female child was in the Pediatric ICU. Her name was 13.82 Investigators were brought up to the 5th floor by Katie who was the social worker assisting investigators and families. Upon entering the room, there was only one parent in the room. That was 13.82 - Law Enforcement 13.82 - Law Enforcement. Investigators learned that the father, 13.82 - Law Enforcement was on the way but was delayed because he is a teacher at the school.

13.82 was asked for her information. She provided 13.82 - Law Enforcement she was asked for a contact phone number. She provided her mother's phone number as 13.82 - Law Enforcement

13.82 stated the following:

- She was in the chapel for mass.
- She was sitting in the pews closest to the window that the shots came from.
- She said they heard something and then she felt something hit her.
- She said that they fell on the floor and that is when she saw blood dripping from her head.
- She did not think it was a bullet that hit her in the head.
- She said that while on the flood she saw her dad. She and her dad left the chapel and went to the basement where they hid in the ice machine.
- Police came to that area and escorted out of the building.
- The first thing she noticed was the loud "banging" (gunshots).
- She did not see the shooter.
- She was sitting next to 13.82 - Law Enforcement and a 1st grader named 13.82
- She said that she and her father escaped the chapel while the shooting was taking place.
- She said that her teacher was gone that day.
- 13.82 said that her dad was sitting a few rows behind her when the shooting started.

After 13.82s interview, 13.82 - Law Enforcement arrived on the 5th floor. Investigators then spoke to 13.82 - Law Enforcement in a conference room.

13.82 - Law Enforcement

13.82 - Law Enforcement told investigators the following:

- He was asked to describe where he was and what happened: 13.82 said that there are 4 sections of pews. He was in the pews second from the left as facing the pulpit. (shots came from the left of him)
- He said that he didn't hear any glass breaking, but the left section - things started flying.
- He initially thought kids were playing a prank in Mass as so much stuff was flying around.
- He described fabric, metal pieces, and other things flying around.
- He said it took him a while to realize what was happening and heard someone said, "get down".
- He got down and started covering kids in case the shooter came in. He said he looked up and to the left and saw 13.82 with blood on her face. He said 13.82 looked up and said, "Dad, I'm hurt!"
- He said that he had 13.82 come to him. He didn't know if she was shot or what happened, but he knew he needed to get her out of there.
- While there was a pause in the bursts of gunfire, he and 13.82 made their way to the middle isle. He tried to bring a couple other kids with. Another teacher told them to get down. He let go of the other kids who then stayed there.
- 13.82 - Law Enforcement crawled out of the chapel and made their way to the basement where there was a chance to exit the building.
- Once down there he heard another burst of gunfire, so he knew it was not safe to go out. He said he looked through the window in the community room and could see shadows moving so he did not try to exit.
- They his near the ice machine and another loud piece of machinery.
- He texted people and then the gunshots stopped.
- He heard the door handle rattle, but it was too loud to know who it was. So, they stayed there and kept quiet.
- He was not sure how police found him. 13.82 interjected that because 13.82 texted her where they were hiding, she was able to tell MPD officers that 13.82 - Law Enforcement were hiding there.
- He said that the FBI documented his messages that were sent.
- He did not see the shooter. He believes he saw the shooter's shadow.

ALL INTERVIEWS WERE RECORDED ON BWC AND UPLOADED TO EVIDENCE.COM

Author 0824 - BROWN, KRISTOPHER
Related Date Aug-27-2025

On 8-27-25, I responded to the scene of an Active Shooter at Annunciation Church, 509 W 54th Street. I arrived at approximately 0909 hours and met with DC Kingsbury to be briefed on current needs.

Upon DC Kingsbury's request, I developed a list of responding officers who arrived on scene that should participate in an on-site debrief, with the focus being on employee wellness needs.
I spoke with officers who were still on the scene who had arrived and assisted with clearing the church and victims who were injured.

I managed the Wellness Team as they arrived and passed on the list to Sgt. Hanneman to identify a nearby site to begin debriefing officers when safe and appropriate to do so.
Once the scene was declared Code 4 and both inside and outer perimeters were secured, I began relieving officers on the scene to participate in the debriefing that was located just outside of the inner perimeter at 54th/Lyndale Ave S, Starbucks.

At some point while the scene was Code 4, I turned off my BWC to preserve the battery life, and because I was routinely outside of the scene perimeter with duties and briefings.

Once 1280 members were clear from their neighborhood sweeps, I had them also participate in the on-site debriefing with the Wellness Team.

Upon completion of the on-site debriefings, I then assisted in determining staffing needs for on-scene security, as well as Minneapolis patrol over the upcoming few days.
At approximately 1500 hours, I cleared the scene per DC Kingsbury.

Subject SCENE RESPONSE- UAS
Author 1623 - DUPAUL, LANCE
Related Date Aug-27-2025 16:30

On 08/27/2025, I, Officer Lance DuPaul, Police Officer with the Minneapolis Police Department assigned to the Auto Theft Prevention Unit. I usually work in a plainclothes capacity as an Investigator. I manage and investigate cases involving the department's fleet of bait vehicles, along with assisting in auto theft investigations and the recovery of stolen vehicles. My secondary assignment as a Minneapolis Police Officer is a member of the Unmanned Arial System Team (UAS). I am Part 107 certified through the Federal Aviation Administration (FAA) to pilot UAV's, certification #4765801.

I was in my office when I heard the call come out for an active shooter at Annunciation Catholic School, located at 504 54th ST W. I immediately grabbed my ballistic vest with Minneapolis Police marking and ran to the 1290 UAS van. Knowing that it was an active shooter and UAV's may be needed on scene to assist, I responded to scene, code 3 from the 2nd Pct. As I was arriving it was still an active scene and not code 4. Officers aired that the suspect had been located and was down, an ambulance was leaving the scene. As I ran to the front of the church, I observed bloody bandages and clothing on the sidewalk.

I coordinated with LT. R. Kelly and DC Kingsbury and returned to the UAS van. I requested a low altitude authorization and notification capability. That authorization number was [redacted] Once another UAS Pilots arrived on scene, we began to fly UAV's, providing entire scene over watch. We assisted with verification on perimeter lock down and searching the immediate area with UAV's. Officer Heger was our visual observer during the flights.

I flew several different flights around the immediate area of the incident using both the DJI M30 and DJI Mavic 3T. My UAV recorded video throughout the flight, and per department policy, I uploaded the footage to Evidence.com.

At approximately 1530 hours I was released from the scene my Commander Campbell. I did not have BWC active during this incident as I was a UAS pilot.

Subject (JUV-INVOLVED #1) 13.82 - Law Enforcement
Author 1539 - DEARING, CAMREN
Related Date Aug-27-2025

I, Officer Camren Dearing, am a Minneapolis Police Officer currently assigned to the 1st Precinct Community Response Team (CRT) since April 2025. As part of this unit, my duties include investigating street level narcotic sales, theft crimes, human trafficking, weapons, assaults problem properties and conducting directed patrols in the precinct's focus zones. I worked as a patrol officer in Minneapolis for 5 years prior to my current assignment. I also have investigative experience for the Minneapolis Gun Investigation Unit (GIU).

I have frequently encountered various types of firearms and narcotics including Methamphetamine, marijuana Heroin, methylenedioxy-methamphetamine (MDMA), Cocaine, Crack-cocaine, and Fentanyl pills. I have also encountered and can identify drug paraphernalia associated with the above narcotics. I have experience and training viewing hand to hand narcotics transactions during physical and electronic surveillance. I understand that narcotics transactions are often covert to avoid detection by law enforcement and the public.

On 08/27/2025 I was working marked squad 161, call sign 184, with my partner Officer D. Forsgren #2074. I was wearing a full MPD uniform with obvious CRT (Community Response Team) markings on the front and sleeves of my t-shirt. I was wearing a Body Worn Camera (BWC) that provides a limited general audio / video perspective of an Officer's perspective of events. It is limited from recording or making record of an Officers' senses, education, training, and experience. It has a 30 second buffer that records video without audio only prior to its activation in a design to capture illegal activity that happens suddenly. It can sometimes be obscured by an Officer's or another individual's actions. It is a tool and does not reflect the total scope of the situation.

At approximately 0827 hours, I was driving into work when I was notified that there was an active shooter at the location of 509 54 St W. This was a school and church. I drove to Precinct 1 and changed into my uniform. My partner and I then drove to the area, and we assisted with clearing the remainder of the school. I then assisted with guiding the families that were reunited, to the gymnasium area.

I was then asked to speak to a victim, later identified as VICTIM/13.82 - Law Enforcement who was a student at the school and was inside the church during the shooting. 13.82 was being treated by Allina Paramedics, as 13.82 had what appeared to be shrapnel injuries. 13.82 mother, identified as PARENT/13.82 - Law Enforcement was present.

My partner identified two more victims, as one of the victims had a bullet fragment lodged in her hair. My partner also learned the second victim was struck with either a fragment or shrapnel. Victims were transported to Methodist hospital via their parents. The victim's shirt was confiscated and inventoried at P&E.

BWC and MVR was activated.

On August 27, 2025, I, Commander Justin Reisdorfer of the Minneapolis Police Department, responded to the area of 54th Street and Harriet Avenue South regarding a report of an active shooter in progress. Upon my arrival, the suspect had already been declared deceased, and the victims had been evacuated from the immediate location and those victims that were injured had been transported.

As the Commander of Administrative Services, with Wellness Unit falls under my command, I assisted in the coordination of the wellness response for involved personnel.

Involved responding officer were debriefed and released.

After the release of responding personnel, I cleared the scene.

I was wearing my BWC; however, it was not activated because my involvement consisted solely of administrative and wellness-related conversations, which do not fall under the activation requirements.

On August 27, 2025 while working as squad 412A, I responded to 509 54th ST W for an ACTIVE SHOOTER.

Upon arrival, I parked far enough from the scene to make sure the paramedics could triage the shooting victims. I grabbed my rifle and ran up to the Church to assist in any way that I could. I was directing all the non-injured victims to a building just to the west of the church. We were advising them to go there in the basement where there was a gymnasium.

While on scene, a female came up to Officer GRANT, KATRINA pleading for her to help her find her husband and child who were in the basement of the church hiding next to or in an ice machine. Officer GRANT was able to get a male who had a master key open the west side of the church to enter.

When we got inside, there were Officers already downstairs stating that they cleared the basement.

I remained on scene on the west side of the church providing security.

I turned off my BWC only when authorized by Commander BROWN.

I stayed on scene until told I was released.

Subject ASSIST ON SCENE
Author 2074 - FORSGREN, DANIEL
Related Date Aug-27-2025

I, Officer Daniel Forsgren, am a licensed Peace Officer on the State of Minnesota and currently employed with the Minneapolis Police Department since 2020. I have a Bachelor's Degree in Criminal Justice, an Associate's Degree in Law Enforcement, a Law Enforcement Certificate, and am POST licensed through the State of Minnesota. I am currently assigned to the First Precinct Community Response Team (CRT) and have served in this capacity since 2025. CRT assignments include investigating cases, surveillance, crowd control, and focus zone patrol. I have experience in case management, conducting proactive investigations, gathering evidence, using open-source investigative tools, writing and executing search warrants and court orders, and preparing cases for prosecution.

On 08/27/2025, I was working as Squad 184 with my partner, Officer Dearing #1539 in fully marked Squad 161. I was working in Police uniform with a Police vest with my name and a Police badge and my Body Worn Camera (BWC). It should be noted that my BWC provides a limited general audio / video perspective of an Officer's perspective of events. It is limited from recording or making record of an Officers' senses, education, training, and experience. It has a 30 second buffer that records video without audio only prior to its activation in a design to capture illegal activity that happens suddenly. It can sometimes be obscured by an Officer's or another individual's actions. It is a tool and does not reflect the total scope of the situation.

We responded to Annunciation Church, 509 54th St W for an Active Shooter. Upon arrival, I first assisted with maintaining a perimeter and assisted with securing a reunification area. I was then tasked with assisting MPD SWAT with clearing Annunciation School 525 54th St W which is another property associated with Annunciation Church. I did not make contact with any suspects or victims while conducting a search with SWAT.

I then assisted with maintaining an exterior perimeter and assisted as needed on scene.

While on scene, I was approached by a Command Staff member who advised me that there was a juvenile female with a possible bullet fragment in her hair. I responded with Car 21 to collect the bullet fragment from the juvenile female's hair at 5315 Harriet Av.

Prior to arriving at the address, an Officer from an assisting Agency had the bullet fragment in his hand. The fragment was collected by Car 21.

When at 5315 Harriet Av, I made contact with 13.82 - Law Enforcement stated she is the parent of 13.82 - Law Enforcement 13.82 - Law Enforcement stated that both daughters were inside of the church when the shooting occurred. She stated that her husband responded to the church to get 13.82 - Law Enforcement out from the scene and then they self-transported to Methodist Hospital. 13.82 - Law Enforcement stated that 13.82 - Law Enforcement had an injury to her right shoulder/back area in which she has an object, unknown if the object was a bullet fragment or something else, lodged in her back. 13.82 - Law Enforcement stated that Methodist Hospital called Children's Hospital, and they made the decision to not conduct surgery to minimize trauma. 13.82 - Law Enforcement stated the clothing 13.82 - Law Enforcement was wearing had been thrown away by her, but she was able to retrieve it.

The shirt [redacted] was wearing was placed into a Ziploc baggie on scene and then later inventoried at Property and Evidence.

[redacted] stated that [redacted] was also inside of the church during the incident but was not treated for any injuries. [redacted] stated [redacted] had a scrape on her left shoulder area which was covered by a band aid. It was unsure if the scrape was caused by shrapnel or if from falling. [redacted] stated that [redacted] approached her after returning home from Methodist Hospital and advised her that she had something in her hair. [redacted] stated that she told [redacted] it was just a piece of metal in an attempt to keep her calm.

[redacted] stated that neither of her daughters have spoken to her about the incident, only that they "heard it" and that they all went down to the ground. Due to both [redacted] being distraught and still upset about the incident, I did not attempt to directly speak to them. [redacted] stated that she would possibly be open to speaking with an Investigator at a later date. I also asked [redacted] if she was able to take photographs of her daughters and their injuries. [redacted] stated she was willing to do that. I sent [redacted] an evidence.com link. I will label the photographs accordingly once they are uploaded to evidence.com.

[redacted] also completed Medical Release Forms for both [redacted] which were scanned to Property and Evidence.

[redacted] was provided a blue card with the case number.

I notified an Investigator on scene of my contact with [redacted]

My partner and I then cleared the scene.

My BWC was activated.

Type NON-PUBLIC NARRATIVE
Subject RESPONSE TO SCENE / FOLLOWUP WARRANT 5710 1ST AVE
Author 6729 - SPICZKA, CAMERON
Related Date Aug-27-2025

I, Officer Spiczka #6729 am a licensed Police Officer in the state of Minnesota. I am currently employed in the Minneapolis Police department and assigned to the South Side Community React Team. The team is a specialty unit tasked with proactive enforcement, investigations, high visibility patrol, and community engagement around the city, particularly in the 3rd and 5th precinct. Activities of the team include enforcement in high crime areas, including high risk vehicle and pedestrian stops, working with confidential informants and other community contacts, drafting and executing search warrants, undercover and plain clothes surveillance, and other law enforcement and investigative activities. I have received specialized training for the drafting of search warrants, proactive and undercover operations, interviews and interrogations, searches and seizures, and narcotics identification.

On 08/27/2025 at approximately 0827 hours I was in my office at the 5th precinct when I heard an active shooter aired over the radio at 509 54th St W. At that time, I was wearing jeans and a Minneapolis Police T-shirt. I quickly placed my equipment on and ran to squad 380 with Sergeant McCarthy #4521 to respond to the incident. My uniform consisted of a Police vest displaying my name, badge, various high contrast "POLICE" markings, and my Body Worn Camera (BWC). It should be noted that my BWC provides a limited general audio / video view of an Officer's perspective of events. It does not record an Officers' senses, education, training, and experience. It can sometimes be obscured by an Officer's or another individual's actions. It is a tool and does not reflect the total scope of the situation.

As we arrived on scene it was aired that the suspect for the shooting had not yet been located and may still be in the area. I deployed my patrol rifle and began checking the west side exterior area of the church moving southbound. As I approached the far south end of the church an assisting Officer and I located on party down in the parking lot with an apparent gunshot wound to the leg. As the assisting Officer began rendering medical aid, I maintained security as it was still unknown at that point where the suspect may be. A few short moments later assisting Officers on the southeast side of the street aired that there was another party down with a rifle who had a possible gunshot wound to the head. At that time, I transitioned to the east side of the building to assist with the individual who was suspected to be the shooter. As I approached, I observed what I believed to be a white male laying on the sidewalk with an apparent gunshot wound to the head. The party was wearing a black tactical style outfit, and I observed a rifle and shotgun next to the body.

Assisting Officers stayed with the believed suspect, while other Officers and I entered the church to look for victims and other possible suspects. A team of Officers and I then began to clear the bottom level of the church. As we cleared the church, we located numerous victims inside including staff and children and evacuated them out of the building. After the victims were evacuated we continued to clear the bottom level of the church and perform secondary searches. While clearing the bottom floor Officers from the Minneapolis Swat team arrived on scene, at that time I was directed to exit the church.

Shortly after exiting the church my Sergeant advised me we would be responding to 5710 1st Ave S. I was advised that a Ram van bearing Minnesota license plate #FXV442 was located in the south parking lot with a rifle case inside, at that time it was believed that the suspect arrived on scene in that van, and it registered to JAMES WESTMAN at that address.

It should be noted a second CCN was created for our response to 5710 1st Ave S #25-243959. My BWC recordings from my time at that address were uploaded under that case number.

We responded to the scene and setup a perimeter around the address while waiting for additional resources. A plan was developed to approach the address and perform a knock and talk to make contact with the occupants. Assisting agents from the BCA received a phone number for WESTMAN and called him via the phone. At that time, I setup in the front of the address with my patrol rifle and covered the front of the building. I did not know if the suspect had worked with any other parties for this crime and was concerned if that was the case occupants inside may present a risk of great bodily harm and or death to myself or assisting Officers on scene. A short time later WESTMAN, and a female later identified as TRACY KURSCHNER exited the residence, I pointed my patrol rifle at the occupants as Officers gave them commands. Both occupants were compliant and were debriefed after exiting. Officers were advised that there were no other parties inside the residence.

It was decided on scene that Officers were going to clear the residence. I assisted in clearing the home, no parties were located inside.

After the home was cleared an agent from the BCA drafted a search warrant for the residence. Once the warrant was signed, I assisted in searching.

While searching I located paperwork in the garage with handwriting that appeared to be possible journals. I found the contents to indicate a possible mental health related issue with JAMES WESTMAN; however, nothing was related to the shooting. I advised the BCA agents who were in charge of the search warrant of the items I located in the garage. I also located marijuana and marijuana paraphernalia and a bb gun, which I advised the BCA of.

After the search warrant was completed, I returned to the church. A short time after returning to the church I was relieved from the scene by Sergeant Hanneman.

BWC and MVR were activated multiple times throughout this incident.

Subject 13.82 - Law Enforcement INTERVIEW / PROPERTY INVENTORY
Author 3310 - JOHNSON, DYLAN
Related Date Aug-27-2025 18:28

Interview with Victor Greenawalt (Victim)

On 8/27/2025 at approximately 1100 hours, Sgt. D. Johnson responded to Children's Hospital to speak with victims from the shooting incident at 509 54th ST W. Sgt. Johnson was accompanied by Sgt. Noble and Sgt. Heyer.

Sgt. Johnson and Sgt. Noble met with the parents of 13.82 - Law Enforcement The father was identified as 13.82 - Law Enforcement The mother was identified as 13.82 - Law Enforcement Their daughter, 13.82 - Law Enforcement 13.82 - Law Enforcement was also present at the hospital. 13.82 was on scene during the incident but was uninjured. The 13.82 - Law Enforcement family lives at 13.82 - Law Enforcement 13.82s parents signed a medical release form for 13.82

Sgt. Johnson and Sgt. Noble interviewed 13.82. Also present in the room was his mother, 13.82. The following is a summary of the interview with 13.82 The complete interview was captured on BWC.

13.82 said that he was in church and was just about to sit down. The priest was at the front and a teacher was doing a reading at the front of the church. 13.82 was sitting on the left side of the church closer to the front. He saw stuff falling from the ceiling. The shooter was outside and 13.82 didn't see the shooter. A teacher said "Get down." 13.82 moved to the next pew so that he could get under it. 13.82 heard "bangs and yelling." The yelling was outside. 13.82 stayed under the pew until the police arrived. "Mr. Debore", the principal, instructed him to go outside the main doors in the rear of the church. He didn't know exactly when he was struck by a fragment. He just saw blood on his hand from touching his head.

13.82s mother said that 13.82 has a metal fragment in the back of his head and another piece of metal in the left side of his torso near his kidney. 13.82 didn't know exactly when he was struck by a fragment. He just saw blood on his hand from touching his head. The injury to 13.82s head was covered up by his hair. 13.82 was laying down so the injury to his torso was not visible either.

Transfer of evidence from Children's Hospital to the MPD property room

Hospital staff recovered evidence from one of the victims 13.82 - Law Enforcement The following evidence was transferred to the MPD property room:

Green shirt
White sports bra
Pair of white socks
Pair of blue shoes
Green plaid skirt

Additionally, a bullet fragment was recovered from 13.82 - Law Enforcement This was also inventoried at the property room.

Subject PERIMETER AT CHURCH
Author 6271 - SANDAHL, CONNOR
Related Date Aug-27-2025

On 08/27/2025 at approximately 0826 hours I Minneapolis Police Officer Sandahl #6271 was working as call sign #384 in marked Minneapolis Police squad car #384 as an able officer apart of the Southside Community React Team (SSCRT), I wore a modified Minneapolis Police uniform which consisted of a navy-blue t-shirt which displays "Minneapolis Police" on both of my shoulder sleeves, my outer ballistic vest which displays "POLICE" in large white lettering on my back, and my duty belt.

It should be noted that my ballistic vest is outfitted with a Body Worn Camera (BWC) mount. It should also be noted that my BWC is one of my many tools at my disposal as a Minneapolis Police Officer and it captures my interactions and various incidents on camera however it does not capture the entirety of my peripheral vision, sights, smells, and anything directly behind me and may not capture all sights and sounds during incidents I am involved in and have it activated.

I have been a member of the Southside Community React Team since 2023. The Southside Community React Team uses advanced crime statistics to identify "hot spots" throughout the city where crime occurs at a high significantly higher rate than other sections of the city. The SSCRT team duties include but are not limited to conducting narcotics and weapons investigations, interviews, pro-active traffic stops, and suspicious person stops, managing confidential informants (CIs) and confidential reliable informants (CRIs), and charging various cases within the 3rd and 5th Precinct in relation to problems brought forth by community members in South Minneapolis.

I have training and experience that specifically pertains to undercover narcotics investigations and weapons investigations as well. I had conducted a "career enrichment" within the Minneapolis Police Gun Investigation Unit which provided me training on various weapons investigation techniques as well. I have made numerous arrests in relation to weapons and narcotics investigations that have led to convictions and the recovery of evidence.

On the approximate date and time listed above I was pulling into the 5th Precinct to report for duty and I observed several squad cars leaving the precinct lights and sirens "code three" southbound which was abnormal. I quickly learned there was an active shooter being reported at the Annunciation Church and Catholic School located at 509 54th St W.

I dressed quickly into my uniform and got into my squad car and drove code three lights and sirens southbound on 35W and exited on Diamond Lake Rd W, I saw what I believed to be hundreds of police officers and squad cars lined up nearby and I parked near there.

As I approached the scene it was aired that a suspect was believed to be deceased in the rear of the church in the parking lot.

I was assigned to be a perimeter officer on the west side of the church by Sgt. Schroeder who I spoke with on scene as I arrived.

I maintained my perimeter spot with several other officers and federal agents while the investigation was being conducted. Due to the believed suspect as being deceased and I did not have any contact with victims, suspects, or witnesses, I turned my BWC off to conserve battery as I knew I was going to be on this incident for a long time due to the amount of victims, evidence and violence used.

Over the period of time I was on scene I was briefly moved to the east side, then reassigned back to the west side.

I maintained my perimeter position while investigators and crime scene processed the scene.

I was then relieved at approximately 1830 hours by Officer Simonette and was promptly cleared from the scene by Sgt. Stanton #480.

On 8/27/2025 I was working at my assigned position as the academy sergeant. I heard there was an active shooter at the listed address and I responded to Diamond Lake Road and Harriet to be of assistance. I checked in with LT. Eck and while at the meeting point I was requested to check a house, 5341 Harriet Ave, which appeared to have bullet holes in the south facing wooden fence and in the siding of the house. I met with the home owner, Jady Karpe 11/22/1977, who stated she was not home at the time it occurred. None of the bullets went through the house. This information was relayed to the on scene investigator, Sgt. Grout so the scene could be processed. My BWC was activated for this interaction and was uploaded to evidence.com.

I then de-activated my BWC to conserve my battery and did not have further contact with any victims or witnesses.

On 08/27/2025 I was working my assigned position with the Minneapolis Police Bomb Squad. At approximately 0840 Hours I was dispatched to a shooting at 509 54th St W. While enroute I was advised of possible explosives and that it was active shooter at a church. I responded code 3 with my lights and siren. Once on scene I met with Sgt. G.Grout who advised me of the situation. I walked with a swat Officer to the rear of the address where the suspect was deceased. A few feet from him was a smoke bomb that appeared in factory condition. I returned to a meeting point retrieved my vest and BWC and was advised that the buildings would need to be cleared.

We approached from the south side entrance where the SUSPECT was laying. Once inside we methodically searched room to room with K9 looking for any other devices or hazards. We then went upstairs and searched the main floor. I observed blood all over the floor, and personal belongings in the pews. 2 children were covered laying in the pew. We continued to search the entire building. Once finished we went back downstairs and took a tunnel that led to a parish house. The house was vacant; we searched the home due to it being connected to the church. Was advised that the SUSPECTS vehicle was located in the lot with a cup that contained an Uknown product on the dash (later it was discovered to be paint). I walked outside and a short time later was advised to go to 5710 1 Ave S. for an item of primary concern located in the SUSPECTS parents' house.

Once the item was x-rayed, I returned to the church and assisted in searching the schoolhouse located at 525 54th St W. That was all clear. We remained on scene for a while until we were advised that we could recover the smoke bomb. I held the paper bag, and it was placed inside. It was transported back to the Bomb Office and property inventoried in our storage locker. BWC was activated and deactivated multiple times due to the evolving situation and down time.

ON THE LISTED DATE AND TIME I WAS WORKING MARKED SQUAD 909 WHEN I RESPONDED TO AN ACTIVE SHOOTER AT THE LISTED LOCATION.

I ARRIVED IN THE REAR AND OBSERVED WHAT APPEARED TO BE A DECEASED MALE DRESSED ALL IN BLACK WITH A RIFLE AND SHOTGUN NEAR HIM. THERE APPEARED TO BE A GUN SHOT WOUND TO HIS FOREHEAD. THERE WAS SHATTERED GLASS TO THE ENTRANCE DOORS ON THE SOUTHEAST SIDE OF THE CHURCH.

WHEN I ARRIVED, I WAS BRIEFED BY SGT SUBJECT CAR 970 OF THE MINNEAPOLIS BOMB SQUAD UNIT. I COORDINATED A SEARCH WITH MY EXPLOSIVE CANINE DETECTION DOGS AND HANDLERS. WE CONDUCTED SEARCHED OF THE CHURCH - COVENANT - SCHOOL - SURROUNDING SCHOOL AND CHURCH PROPERTY. I WAS THEN INSTRUCTED BY COMMANDER CAMPBELL TO PUT TOGETHER A TEAM OF CANINES. I BROUGHT IN U OF M AND MSP EOD CANINE TEAMS. WE CONDUCTED A LARGE SEARCH ON FOOT FOR SECONDARY DEVICES FROM MINNEHAHA PARKWAY SOUTH TO 55TH STREET WEST. WE WORKED EAST AS A TEAM UNTIL WE REACHED PLEASANT AVENUE SOUTH.

WE THEN CONDUCTED SECONDARY SEARCHES WITH OUR DOGS OF THE SCHOOL - CHURCH - COVENANT AND GROUNDS.

I REMAINED ON SCENE UNTIL RELIEVED BY COMMAND.

Related Date Aug-27-2025 13:12

On 8/27/2025, at approximately 0827 hours, I, Ofc. P. Bacon (0248) was working the 5th precinct desk (3101 Nicollet Av S), assigned to call sign Squad 599, when I heard over police radio that there was an active shooter at 509 54 St W (Annunciation Catholic Church). I heard dispatch air that there were multiple callers calling into regarding this call for service.

Prior police radio traffic indicated that several squads were tending to other 911 calls for service across the precinct when this call was toned. I made the decision to leave the 5th precinct desk to respond to assist. I did not observe any call remarks in regards to this call. I responded code 3 (lights and sirens) in marked Squad 522 which activated the Squads digital recording equipment. I manually activated my body worn camera while enroute as soon as I noticed that it had not activated through Axon Signal.

Upon my arrival I observed a chaotic scene, where adult bystanders were indicating that there were injured children inside the church. I entered the church through the north side entrance. Inside the chapel I observed a white juvenile female who appeared to have sustained a wound to the right side of her head. This female appeared to be approximately 11-13 years of age. She was unresponsive. I assisted in securing her head with my hands in an effort to prevent further injury to her as assisting officers lifted her to bring her outside of the church. It should be noted at this point the scene was still not safe and this Victim appeared in need of immediate emergency medical intervention.

I then returned inside the church. I momentarily directed a group of children to the east of the address to an assisting officer who was with a separate group of children, and returned to the church to further assist.

I then assisted in clearing the church. I then remained outside the north entrance of the address until I was instructed to leave. I deactivated my body worn camera at the instruction of an on scene Sgt. at this time.

It should be noted that I did not sign into a squad computer while responding. This was due to the apparent immediacy of this call, where multiple Victims needed help and signing in would have significantly delayed my response. At approximately 0914 hours I contacted channel 7 with my department issued phone after the scene was under control to be assigned to this event.

It should also be noted that I had previously authored a supplemental report in regards to this incident, however due to unknown technological circumstances that report appeared to be deleted.

On 08/27/2025, I (OFFICER MACKENZIE #4904) was at FOREST LAKE SPORTSMENS CLUB to facilitate handgun development training. As we were about to begin training, the instructors and participants were advised by SGT. KELLY that training had been cancelled and all personnel were instructed to report to their precincts immediately. I returned to the city and went directly to the 5th precinct to change into my patrol uniform.

The only supervisor on site was LT. HAND, so I checked in with him and advised I would be heading to the command post. As there were no marked squads left in the precinct parking lot, I elected to take the city-owned, unmarked black Ford Explorer I had been using for training. As the radio traffic indicated there was no longer an active threat, I drove routine to the area of WEST MINNEHAHA PARKWAY and WEST 53RD STREET. There was a heavy law enforcement presence near the location, so parked the vehicle and placed the 'OFFICIAL POLICE BUSINESS' placard on the dash and walked to the command post. I checked in with LT. ECK and I stood by until I received an assignment. I was asked to hold the taped-off perimeter near GRAND AVE S and WEST 54TH STREET. There was a large contingent on various media at that location. While I was posted at this location along with State Patrol, I did not have any meaningful interactions with anyone that necessitated the use of my BWC. I stayed at this location until relieved by flock of Minneapolis CSO's.

I returned to the precinct to complete my report. It should be noted because I was driving an unmarked city vehicle without a CAD system, I was not logged into any system. I completed a startup check on my BWC en route to the scene.

Related Date Aug-27-2025 20:15

On August 27, 2025, at approximately 0844 hours, I was notified by dispatch via my work phone that I was assigned to respond to a shooting incident at Annunciation Church, located at 509 54th Street West, Minneapolis, MN.

On this date, I was assigned to the Minneapolis Police Department Bomb Unit under callsign 976. I gathered my issued gear and responded to the scene in marked squad 610. Upon arrival, I reported to the command post and was directed to regroup with the other Bomb Unit technicians and K9 officers to conduct a bomb sweep inside the church chapel and other buildings.

After the Minneapolis Police Department SWAT Team (1280) cleared all buildings and declared the scene Code 4, Bomb Unit personnel and K9 officers began a sweep of the chapel and surrounding area for any possible explosive devices. During the K9 article search, I did not locate any evidentiary items. Shortly after, I was informed that a smoke grenade canister was located near the deceased suspect's body, and Bomb Unit personnel would later be tasked with recovering it.

Bomb Unit, SWAT and Bomb K9's personnel, were instructed to continue sweeping the area surrounding the command post and the adjacent neighborhood. We conducted yard-to-yard searches of the surrounding residences to ensure no additional devices were present. Once the area was cleared, I was instructed to disengage from the scene and respond to another location requiring my bomb technician

I returned to the scene and I was further notified that two possible pipe bombs were reported inside the suspect's father's residence, located at 5710 1st Avenue SE. Minneapolis Bomb Technician Brian Heaton and I were requested to respond to the address to evaluate the reported items.

Upon arrival, we were met by a BCA agent who was speaking with the suspect's father. The family provided verbal consent for us to check the suspect's room for any possible explosive devices. Inside the residence, I photographed the room layout before conducting the inspection. In the suspect's room, we observed on top of the bed two mid-sized PVC pipe tubes capped at both ends and attached to a camera mount commonly used for professional videography. The items were x-rayed, and it was determined they were used as counterweights, with no explosives present. The BCA agent in charge of the scene was advised of our findings, and we cleared the residence.

Following this, my partner and I returned to the original crime scene and awaited further instruction. Several hours later, after forensic personnel completed their processing of the scene and the suspect's immediate surroundings, Bomb Unit personnel were directed to collect the smoke grenade that had been located next to the deceased suspect. The device was recovered and later inventoried in the Bomb Unit property locker.

Author 6989 - SUBJECT, THOMAS E
Related Date Aug-27-2025

On 08/27/2025 at approximately 0914 hours I arrived at 509 W 54th St, Church of the Annunciation for an active shooter. I was briefed that the perimeter had been swept for explosives and an EOD K9 had swept the exterior of MN plate FXV 442, a gray Dodge Ram ProMaster, VIN [redacted] 13.82 - Law Enforcement which was parked in the surface lot south of 509 W 54th ST.

Officers coordinated explosives sweep of 509 W 54th St, after discovering an unspent wire pull smoke grenade on the ground (SE corner near suspect) as well as a spend wire pull smoke grenade on the ground attached to a 2" x 4" approximately 20 inches in length (mid-way door on east side of building)

No additional hazards were found at 509 W 54th St.

Officers reported to the Command Post and were given directions to line sweep the ground from 54th St to Minnehaha Pkwy west bound to Pleasant Ave. I did not find any suspicious hazards in my lane.

Officers from multiple agencies responded to the south surface parking lot of 509 W 54th St and conducted a secondary sweep. Bomb Technicians and EOD K9 conducted a sweep of 525 W 54th St (Annunciation Catholic School-Preschool through 8th grade), 509 W 54th St and the parish house between the two listed addresses. No additional hazards were found.

Officers were notified of a suspicious hazard inside MN plate FXV 442. This item of primary concern was on the dashboard (passenger side) in a plastic cup. The top of the cup was covered with saran wrap material and the cup was approximately 1/2 full of a clear liquid and gray material. I removed a sample from the cup and checked this material using the Gemini chemical detection analyzer (no threat was identified.) I also performed a flame susceptibility test, and this material was not energetic. Officers determined this item of primary concern to be paint and observed multiple paintings in the rear cargo area of MN plate FXV 442.

Officers recovered an unspent wire pull smoke grenade (EG brand) from the SE corner of 509 W 54th St and inventoried item at the bomb range. I spoke with Crime lab personal, and this item will not be needed for DNA or prints. This item cannot be stored at the PE room as it is a pyrotechnic device designed for outdoor use. It produces colored smoke for a short period of time and Hot gas/sparks/ash maybe emitted on ignition and /or during effect.

On 08/27/2025 I was logged on and working squad 204 in full MPD uniform in my capacity as a 2nd precinct day watch supervisor. At the time of this incident I was wearing my department issued BWC, which was active during this incident. It should be noted that due to the length of this incident I deactivated my camera multiple times in order to preserve battery life.

At 0827 hours I heard dispatch air an emergency citywide tone followed by an announcement over the air that there was a report of an active shooter at 509 54 ST W (Annunciation Church). Remarks of the call were that there was someone shooting inside the church and that there were upwards of 100 people inside. I immediately responded to the incident from the 2nd precinct.

When I arrived and ran to the front of the church as officers were airing that they located suspected improvised explosive devices on the east side of the church. At that time there was a large amount of people, some of whom were injured, directly in front of the church. I immediately aired that anyone who was able to be moved should be moved west from the front of the church toward 54 ST W/Garfield AV S.

I then proceeded to the south side of the church where I met with other officers who were about to start a secondary search of the building for any injured parties or suspects that may still be inside. I joined that ground and checked the ground floor. Once SWAT personnel arrived and took over searching the building I exited.

Once the scene began to stabilize I took over handling the area around Annunciation School, which was the designated reunification point for families. I was eventually provided with a list of students enrolled in the school and had officers stand outside of the south facing school door confirming that parties who approached claiming to be parents of students actually had children enrolled in the school. I maintained that position for an extended period of time, during which I also facilitated getting witnesses to the correct areas to be interviewed and maintaining scene security. Eventually I was relieved of these duties by Sgt Staton and I cleared the scene.

On 8/27 /25, Sgt. Maxwell Bullock was assigned to the 2nd Precinct Investigations. Sgt. Bullock received information pertaining an active shooter incident developing in the 5th Precinct. After hearing this information, Sgt. Bullock was partnered with Sgt. Dubuc. At or around 0906 hours, both Sgt. Bullock and Sgt. Dubuc responded to the Annunciation Catholic School, located at 525 54th St W. Once arriving on scene, Sgt. Bullock and Sgt. Dubuc were assigned to secure door 1 of the school which was located on the north side of the building. As the scene progressed Sgt. Bullock and Sgt. Dubuc were informed that anyone who exited the scene was to be escorted / and to obtain information from them.

At some point while providing outer perimeter security, two individuals approached Sgt. Bullock who needed an escort to their vehicle. The two individuals Sgt. Bullock escorted were [redacted] and her daughter, [redacted] informed Sgt. Bullock that she also had another child in a nearby hospital. That child was identified as [redacted] stated the best way to contact her would be [redacted]

Sgt. Bullock was also approached by two other groups of parents who needed to get inside of the school. One of the adults was identified as [redacted] according to [redacted] she had two children inside of school. Those two children were identified as [redacted] and [redacted] [redacted] According to [redacted] her children were uninjured from this incident.

The last adult Sgt. Bullock escorted to the school was identified as [redacted]. According to [redacted], he went inside of the school to find his child identified as [redacted] stated that his child was uninjured from this incident. After this, Sgt. Bullock resumed his post outside of Door 1 to the school.

While at the post (door 1), Sgt. Bullock was asked to escort two adults who were later identified as the mother and father of one of the deceased children. The mother was identified as Jackie Flavin; the father was identified as Mike Moyski; and the deceased child was identified as VICTIM/HARPER MOYSKI, who was a 5th grader. MIKE and JACKIE reside at 5317 1st Ave S. MIKE and JACKIE requested that Sgt. Bullock drive their vehicle to Eloise Butler Wildflower Garden and Bird Sanctuary located at 1 Theodore Wirth Pkwy, Minneapolis, Mn 55405. Sgt. Bullock agreed to this and drove MIKE's vehicle to Eloise Butler Wildflower Garden. MIKE and JACKIE were in the backseat. It should be noted that MIKE and JACKIE were going to this garden to meet with their family member(s) and also to inform their other child, of the passing of their sister VICTIM/HARPER. Sgt. Bullock asked MIKE and JACKIE if they had contacts for the department to reach out too, and they said they did have contact information for Sgt. Schroeder. After dropping off MIKE and JACKIE, Sgt. Bullock left the scene with Sgt. DUBUC. Contact information for MIKE and JACKIE is provided below:

JACKIE FLAVIN - jflavski@gmail.com / H: 952-288-4091 / C: 312-802-2434

MIKE MOYSKI - mmoyski@gmail.com / H: 952-288-4091 / C: 952-288-4091

It should be noted that Sgt. Bullock's BWC was active for the duration of his involvement with this call.

This concludes Sgt. Bullocks report.

Related Date Aug-27-2025 11:39

On 08/27/2025 I was working in full Minneapolis Police uniform driving marked squad 103 (P#77014) responding as a supervisor as 103.

At approximately 0827hrs a call came out about an active shooter and that someone was shooting inside a Church.

Myself and Sgt KLIMPKE responded lights and sirens to the address.

We arrived and ran to the entrance of the church to find the shooter or shooters. We entered and began to find casualties. One was taken out by officers. There appeared to be two deceased Victims inside. We continued our search for any other Shooters.

We located a classroom full of children and they were escorted upstairs by other officers.

Once the area was clear we conducted a secondary search. SWAT then took over the search of the building.

Myself and Sgt KLIMPKE began to place markers around casings and evidence found in the field. We also coordinated with Hennepin County to go to the hospitals to be with the Victims and give us a count of casualties.

My BWC was activated.

On 8/27/2025 at 0800 hours I was at the Forest Lake Sportsman Club preparing for the Handgun Development Training. I was contacted by BCA Agent Stefanie Dressen who asked me if I had information about an active shooter in South Minneapolis. I did not have any info yet and advised her of that. Several minutes later, an Operation 100 was called at 509 54 St W related to an active shooter that had shot into a church service at this location. I immediately drove from Forest Lake to the scene to assist with operation of Mobile Command 1 and advised dispatch that I was responding. During the course of the rest of the day I ran operations in Mobile Command with other members of the Tech Services Team. At the end of operations, we returned MC1 to the Currie Garage.

Subject SEARCH WARRANT|3252 JERSEY AVE S, ST. LOUIS PARK
Author 0169 - ANTAYA, GILLES
Related Date Aug-27-2025 22:20

On 8/27/2025, while working in the Minneapolis Police Homicide Unit with Sergeant Greaves we responded to assist on the Active Shooter case GO# 25-243912.

While assisting with the case I was asked to go to 3252 Jersey Ave S, St. Louis Park, MN on a warrant that was going to be executed at that residence.

Upon arriving the BCA was on scene and the search of the house was already started. I assisted with searching the residence.

While searching the garage I located the following items:

- Hard drive in the garage toward the back wall of the garage.
- Photos were taken of two signs that where homemade with wording spray painted on them

These items where given to the BCA for inventory and evidence.

While on scene three individuals arrived on scene and identified themselves as being related to the resident who was on scene who they identified as Phil Gapp.

The three identified were:
Eric Benjamin Gapp|10/9/1991|612-414-2712
Michael Jospeh Gapp|03/18/2000|651-829-5944
Melissa Maugeri Gapp|05/27/2002|920-428-5277

Eric and Michael stated that they knew the suspect Robin Westman and stated that Westman had been living with Phil. They stated that when they learned that Westman was the suspect in the mass shooting the called their brother and could not reach him, so they came to the house to check on him. Both stated that Phil had been going through some tough times and alluded to mental health issues. Either party knew if there was more then a friendship between Eric and Westman. All the parties were advised and stayed on scene till the search warrant was complete.

Related Date Aug-28-2025

On 08/27/2025, I was working as the Lieutenant of the Southside Community Response Team (SSCRT). I have been a part of this unit since April 2025 and employed by the Minneapolis Police Department since 2007. Prior to this assignment I served as Sergeant on the 1st Pct Dogwatch shift and as an Officer with the 1st Pct Community Response Team (CRT) and as a patrol Officer in the 1st Pct.

I was wearing my soft uniform which consists of BDU pants, gun belt, blue SSCRT uniform shirt with Minneapolis Police shoulder patches with my dark blue outer vest. I also had my department issued body worn camera (BWC) and badge displayed to the front.

I responded to 3252 Jersey Ave S in St. Louis Park to assist Officers with a search warrant. I activated my BWC and it remained active while I was within the crime scene. There were assisting Officers and Agencies already on scene prior to my arrival.

I assisted with searching the detached garage. I searched the area nearest the utility door. I did not find anything of evidentiary value.

I assisted with searching a scooter that was located in the driveway. I did not find anything of evidentiary value.

I cleared the scene after being relieved by members of the BCA.

I responded to the intersection of 53rd Street and Harriet Ave S to assist with the outer perimeter. I monitored the intersection, allowing residents to access their homes.

I did not activate my BWC while in this capacity as I did not interact with any evidence or witnesses.

I later cleared the scene.

On the above date and time I was working to the Nicollet Mall safe beat and was assigned call sign 147, I was driving marked squad 121 P# 77115. I monitored a call from dispatch stating there was an active shooter on 54th St. S.

I immediately started heading in that direction. While enroute more information came in from multiple callers that this was an active shooter situation at a school.

I activated my emergency equipment and went SB on 35W to Diamond Lake Rd. I heard several squads arriving before me and stating that there were multiple injured children in the front of the school. I arrived and ran to the front of the school. There was another officer there trying to triage multiple children that were obviously injured and bleeding.

I also started triaging children. I was looking for critical bleeds. I attending to a teenage boy that was shot in the stomach but appeared stable and he was talking. I did my best to provide first aid to as many kids that I could with the very limited resources that I had available to me.

As ambulances and medical personnel arrived to help the children I went inside the church to assist with clearing it and evacuating any other kids and staff that were still inside hiding.

At one point I came across a door that had been shot through, I couldn't see out the door because of the shattered glass. I pushed the door open and some shattered glass fell from the door. This is where the suspected shooter's body was.

The rest of my time was spent assisting with various perimeter security tasks until I was relieved.

Related Date Aug-27-2025 21:56

On August 27, 2025, I, a licensed Peace Officer in Minnesota, diligently fulfilled my duties for the City of Minneapolis. I was assigned to the mid-watch shift at the 3rd Precinct, wearing a full MPD uniform while operating the fully marked Squad 330 and responding to calls from Squad 368A (P#77108). My vehicle was equipped with a Mobile Video Recorder (MVR), and I was also wearing a body-worn camera (BWC) and working with a partner.

It is important to note that while the BWC provides a limited general audio and video perspective of an officer's view of events, it captures an officer's sensory perceptions, education, training, and experience. The BWC features a 30-second buffer that records video without audio before activation. This feature is specifically designed to capture sudden, unexpected illegal activity; however, it can sometimes be obscured by an officer's or another individual's actions. Despite these limitations, the BWC remains a crucial tool in providing a comprehensive view of the total situation and events as they unfold.

I responded to assist with an active shooter situation at 509 54th W. Upon arrival, I helped secure the perimeter until I was released. While on the perimeter, a male identified as Shawn Lawrence Olson approached me and stated that at approximately 1800 hours on 08/26/25, he observed the suspect leaving the building in a very angry and verbally aggressive manner. Olson reported that the suspect was yelling and screaming as he walked away from the facility. Olson expressed that he wanted officers to be aware of this information.

Body-worn camera (BWC) footage was activated for the duration of this call.

On 8/27/2025 I was working squad 110 with my partner OFC McDonough. At approximately 0827 hours I heard MECC air information that there was a possible active shooter. As we continued to hear information over the radio, we then responded to 509 54th ST W, Annunciation Church.

As we arrived at the scene, I responded to the front of the location as I heard officers air information that all injured parties were to be brought to the front of the church for medical attention and squad needed to move away from the front. I then moved a squad away from the front of the church and went back to where I observed several children injured and bleeding at the front of the church.

I heard information aired that the children were being brought to the northwest corner of the location and I began escorting them along with other officers and adults. Updated information was aired that they were to be brought to a different location. As the children were being escorted to the updated location, I began putting up crime scene tape at the northeast corner of the location. However, due to several additions resources coming into the scene, I left that area.

I returned to the front of the church where I met up with OFC McDonough who advised he was in the rear parking lot to secure the suspect vehicle. I then walked with OFC McDonough along the eastside of the church where I observed a black magazine and several spent casings on the ground. I also observed windows along the eastside of the church with holes in them. As I got to the rear parking lot of the church, I observed a person laying on the ground with a large pool of blood by him.

I then remained at the suspect vehicle with OFC McDonough until I deactivated my BWC and was relieved from the post to attend a debriefing.

On 08/27/2025 at approximately 0828 hrs while working uniformed squad 110 with my partner, A.San Roman #6123 we heard it aired that there was an active shooter in a Church with children inside at 509 W 54 St.

We left from the 1st Precinct and responded Code 3 via 35W to Diamond Lake Rd.

Upon arrival we parked near the intersection of W Diamond Lake Rd and Grand Av S to approach on foot.

While I was crossing over Grand Av S, I tried to advised residents out on the corner to go inside their homes for safety, but I heard one unidentified male mention a male the left in a vehicle as the shots had been heard. I returned to where that party was standing and asked him to clarify. The male witness said the he had come from his home at 5421 Grand Av S when he heard shot going on for a while and he noticed as the shots seemed to be subsiding, he saw a lone white male in a red colored car leave from a parking spot on the SW corner of W Diamond Lake Rd and Grand Av S and drive south bound.

I thanked this male, but had to proceed to the still active scene before I could get more contact information.

I continued on foot to the front of the church where I saw several Officers tending to wounded children. Officers were airing that they were beginning move through the church and check for additional threats and or wounded persons. I entered the church and met up with Officers who were clearing the sanctuary. One Officer indicated to me two casualties and informed me what they had checked already.

I then heard several loud bangs from outside of the door on the east side of the building. We decided to check but quickly realized the door was locked shut some how other than the doors crash bars and another Officers kicked it open. It appeared the door had been screwed shut from the outside by possibly the suspect with a 2x4 piece of wood. the wood had some devise attached to it so were aired this info and continued to move to the south of the building.

There we were met by Officers who located a deceased suspect, apparently shot and dead on the sidewalk just out side the doors on the SE corner of the building near the parking lot.

Assisting Deputies informed me that the was an apparent suspect vehicle in that same lot and showed it to me. I stood by with the vehicle until properly secured by an Officer appointed to take the post.

I was working squad 305 (P#77049) when I responded to a shooting at 509 54 St W. Remarks on the call stated there was an active shooter at the location, firing into the church, and there were children inside.

I was at the station finishing a report for a previous incident when the call was entered and dispatched toned it as an active shooter. I had already logged out of CAD, and shut down my squad. I went back down to my squad and responded code 3, activating my BWC, the emergency lights, and siren. Because my squad had been shut down, the MVR had not yet restarted when I began to drive, and due to the emergency nature of the incident I did not have time to wait for it to restart. I manually activated it enroute once it was functional. Also due to the need for a swift response, I had not yet logged back into CAD nor the Axon MVR. I did later log into both of those once practicable.

Upon arriving, I parked my squad a distance away, as I knew other resources would be coming in and the street would be needed to kept clear for emergency vehicles transporting any potential victims. I retrieved the ballistic shield that was in the back of the squad and ran to assist at the scene. When I arrived, several officers were out in the front of the church, administering aid to several victims. I was directed into the church to held clear it. I assisted several other officers with searching the lower level of the church, looking for any additional victims or additional suspects. My handgun was out while I was assisting with searching the lower level. Officers located a classroom along the one side of the building where numerous children and staff were hiding, and were able to direct them to safety out of the building. Once we had completed our initial sweep of the lower level, I assisted with doing a secondary sweep to ensure we did not miss any victims or potential threats. It was aired over the radio that there was a potential explosive device located outside, and we were later advised that it was a smoke device. I did not locate any additional threats or victims while assisting with the secondary sweep of the lower level.

Once the secondary sweep was completed, SWAT was going to remain to thoroughly search the building, and non-SWAT officers were instructed to exit the church and assist with perimeter, as the parents of the children were beginning to show up. I secured the ballistic shield in the back of my squad, and then assisted with maintaining perimeter security, first at the church, then at 525 54 St W, where the children and staff had been moved for a safe area to reunite them with their parents. I remained there until I was relieved. I then deactivated my BWC and cleared from the scene.

On 08-27-2025 at aprox 08:27 Hrs, I was working squad 122 with my partner Officer Pfaff. We responded to the area of 509 54th St W on a report of an active shooter at the church at that location. Responding officers stated the suspect was outside the church and had fired into the building and was last seen outside of the church.

We arrived on the South side of the building and made our way to the church back door. Officers were assisting an adult female gunshot victim to safety. I could see the rear glass doors to the building had been shattered and were locked. I went to the East side of that entrance and saw the suspect laying deceased near the back door of the building on the sidewalk. The windows on that side of the building had also been broken out and that door was locked as well. We removed some of the broken glass from the window and I made entry to the church through the broken window. We then located and escorted several children and adults out of the building through the rear door. I escorted them away from the side where the suspect was and out to the West. After we initially cleared the down stairs, Officers organized a secondary search of the lower level of the church. We located victims who had barricaded themselves in a storage area/ice room and escorted them out of the building. After conducting the secondary search of the down stairs, I went up to the chapel area of the church and assisted in clearing that area. The two deceased victims were in the chapel area and Officer Pfaff and I stayed with the 2 victims until we were eventually relieved. I assisted in covering the two victims with blankets. Once relieved from the chapel area, Officer Pfaff and I went over to the school next door where we assisted directing families to the auditorium to meet up with their children. After assisting with that, we responded to the debriefing area and later cleared the scene.

On 8/27/25, I Steven Klimpke was working marked squad 104 signed on as 104 the first precinct daywatch supervisor. I heard via the radio of a possible active shooter at 509 W 54 ST. I grabbed Sgt. Skowronek who was still working on reports and we both responded to the scene in squad 104.

As we were arriving information was arrived that a suspect had possible shot himself on the east side of the building. As we arrived I ran to the front doors of the Church where I saw people everywhere. I saw Lt. Kelly who was giving medical care to a female who appeared to have at least one gunshot wound to her head. She was non responsive and in critical condition. I assisted two other officers in carrying this victim out of the building and then I flagged down an ambulance and assisted in getting the victim onto a stretcher and into an ambulance.

I then got information about an explosive device on the east side of the building. As I was getting this information large groups of kids were coming out of the Church and were moving to the east. I then had staff redirect these groups away from the scene and eventually had them go to the school that was next door to the church. I continued to assist on scene directing information and resources to where they needed to go. I also assisted in locating multiple spent rifle rounds in the grass next to the east side of the building with yellow evidence markers.

I worked with Hennepin County Deputies on getting victims transported to HCMC, North Memorial, and Children's Hospitals.

I was still on scene until I was relieved and told to head to a staging location for officers involved and then I cleared from the scene with Sgt. Skowronek.

On 08/27/25 I was working Squad 122 with my partner OFFICER CARLSON when we responded to an ACTIVE SHOOTER at ANNUNCIATION CHURCH located at 525 54th St W. I activated the emergency lights in marked squad 122 and drove down I 35W SB to Diamond Lake Rd. I then went WB to Lyndale Ave S turning SB to 55th St W. I took 55th St W to Harriet Ave S and went NB on Harriet Ave S to the church parking lot where I got out and ran towards the church exit. Officers in the parking lot were assisting a shooting VICTIM.

I then went to the rear (South) exit of the church. The windows were shattered on the WEST and EAST side of this exit and had bullet holes in them. The SUSPECT was laying on the sidewalk on the east side of these doors from a self-inflicted gunshot. I entered the church with other OFFICERS clearing the rooms. A room in the basement was locked and full of children. I helped as we moved these children form the barricaded room outside where it was safe. I then helped clear rooms until we got outside.

Once outside I went inside the chapel to help with a secondary search. The were 2 VICTIMS on the left side of the church both in a separate pew with the female Vitim in the row in front of the male VICTIM in. Sgt Skowronek came in with 2 white sheets and I helped cover the VICTIMS.

When we were relieved I then went into the school and assisted with security for the families that were reunited with their children and were leaving checking them out until we were relieved and went to a debrief.

On above date and time I was working OFF DUTY #6700 in fully marked squad #431. I was stationary in the area of 40th St E and 28th Ave S.

At approximately 0827 hrs., I heard dispatch air that there was an active shooter at the Annunciation Church located at 509 54th St W. I immediately responded.

Upon arrival, I arrived from the west and pulled up on the sidewalk in front of the Annunciation School which is located to the west of the church. i observed nobody in front of the school and the church was the main focus at this time. While en route, info was aired about victims, locations and suspect/s to the east at the church. I exited the squad and shortly after heard people yelling in the direction of the school. These people had opened the school door from the inside and were yelling pointing inside the school. There was some confusion if there was another suspect in the school and/or victims. I responded to the school and entered door marked #1 to check for victims and/or suspects and quickly encountered 9 yo VICTIM [redacted] I observed blood on her right arm area and back. I lifted up her uniform and quickly observed 2 gunshot wounds to her center back area and 1 on the back of her right tricep. It should be noted that I could not air info prior to going in due to the radio traffic.

I grabbed VICTIM[redacted] brought her outside and stopped an HCMC Ambulance that was arriving where she was put into the ambulance. I rode with VICTIM to HCMC and was only able to get some of her info. This info was not aired or entered in the call. Once at the hospital ER I obtained VICTIMS Mom name and phone number and immediately attempted to contact her, but could only leave a message. Shortly after I made contact with Mom PG/[redacted] and told her I was with her daughter and where we were at.

I stayed in the ER and took control of VICTIMS clothing and the 7-9 other VICTIM KIDS clothing that came into the ER. I made sure they were bagged and labeled for clarity. Commander Zimmerman arrived at the hospital along with homicide detectives. I was told that the evidence would be handled by the property room and when they arrived, I cleared HCMC and returned to the scene where my squad was to further help.

I was notified that I was to clear the scene.

On 08/27/2025 at approx. 0900 hours, I Sgt Mader was arriving at the 3rd Precinct station when I was notified via a page to my work cell phone that an Operation 100 had been declared and to respond to the command post located at Diamond Lake Rd (DLR) and Harriet Av S.

I responded code 3 to the area and arrived at the command post as a SWAT tactical operator. We staged near DLR/Harriet Av and a short while later broke into teams of 3 to 4 to accompany K9 handlers who were sweeping the area for explosives. I was assigned to team 1 and we moved from DLR north on Harriet and then west on 53 St W to Garfield Av S. We were then commanded to return to the command post for further instructions.

A short while later we moved to Lyndale Av S. We had teams lined up and down Lyndale Av escorting K9 handlers. We then pushed east from Lyndale Av S escorting the K9 teams. We cleared to Pleasant Av S and then returned to the command post. I staged at the command post until relieved and cleared the scene.

It should be noted that while we were clearing east from Lyndale Av, I was approached by a male 13.82 - Law Enforcement [redacted] while I was at 53 St W/Garfield Av S. 13.82 - Law Enforcement [redacted] said he had been in his house 13.82 - Law Enforcement [redacted] when he heard shots. His security cameras recorded the sound of shots. I took down his personal and contact information. I later passed this information onto LT Linson of the homicide unit.

On 08/27/25 at about 0834 hours, I responded to an active shooter at 509 54th S. W (Annunciation Church), BWC activated.

Upon arrival, I grabbed a medical bag and went to assist in front of the church. I was informed that crime scene tape was needed so I retrieved some from the back of a squad car. I then began putting up some crime scene tape but was interrupted by a lady saying that her husband was in the freezer in the basement of the church. Another party with her said that he had keys to this area and could get us in to assist this lady's husband. As we proceeded towards the Church, he indicated that there was a tunnel from the Priest's house to this basement freezer area. We went inside the Priest's house, but as we were about to go downstairs other Officers appeared and indicated that they had already cleared this area.

We then proceeded to the west door of the Church. After making entry myself and another Officer held this entrance area while the other Officers went downstairs to clear the rooms. I continued to hold security on this west door until Chief Ohotto had me go to the front of the school and relieve Officer Dennis. At about 1340 hours, a MPD Officer relieved me and said that I could clear the scene.

On 08/27/2025, I was working in squad 964 with my K9 partner Rock . K9 Rock is certified as a USPCA Explosive Odor detection dog. At approximately 0828 hours, dispatch announced a possible active shooter at, 509 54th St W. Remarks of the call stated someone was shooting into the church from the outside. Before I arrived Officers on the scene stated the suspect had been located DOA , and a explosive device was located. As i arrived, i met with other K9 handlers and we came up with a plan to do an exterior search, for other explosive devices, until the bomb unit arrived. At that time I did a search of the outside of the 501 building. We did not locate any other devices.

When Sgt. Subject(Bomb Unit) arrived, I was placed with a team that enter the 501 building and we searched the building for other explosive devices. Other devices were not located. After a short break, I was placed in another team by 909 to do a search of the neighborhood. We started at 53rd-55th on Lyndale, and search east through the yard up to Pleasant. K9 Rock and I did not locate any additional evidence.

After a break K9 Rock and I was placed in a team by Sqt, Subject, that searched the 509 building and the exterior of the church campus. We did not locate any evidence. After the search K9 Rock and I stood by until we were released form the scene.

While working Buyback Squad 6480, I was assigned to the street department at 23rd St / Penn Ave N. Just before 08:30 a tone aired on all channels for an active shooter at the Annunciation Church down in the 5th Pct. I immediately responded and arrived on scene and had learned that the shooter was down in the back parking lot of the church from a self inflicted gun shot wound.

I deployed K9 Cal and we responded to the front of the church where victims were gathered and triaged. I linked up with 2nd Pct Officers and we determined we needed to clear the church to ensure there wasn't a 2nd shooter. 2 teams entered the church and we split the church in half and started clearing the main sanctuary working front to back. I worked with the team on the east side of the church and we cleared the sanctuary, the back storage hall and numerous offices at the rear of the church. After linking up with the team on the west side of the church we determined a primary search was completed and we re-convened at the front of the church.

At the front of the church I met up with Squads 964 and Squads 954 to coordinate a search of the exterior perimeter of the church building. Myself and 964 and 954 searched the the exterior of the building and noted multiple shell casings and a device shaped like a smoke bomb attached to a 2x4 piece of wood on the east side of the building. All vehicles were searched in the rear parking lot except for the vehicle that the shooter arrived in as the bomb squad wasn't on scene yet. At this time K9 Cal was placed back in the squad for recovery.

Once the bomb squad arrived we coordinated a plan to conduct an explosive sweep of the church with 3 dog teams including techs. I provided cover for one of the teams as we searched the basement portion of the church.

At the direction of Squad 909 I then assisted with sweeping W. 54th Street and the area of the command post. K9 Teams then conducted a yard to yard sweep from Lyndale Ave S to Pleasant Ave S / 55th to 53rd St.

At the direction of Squad 909 we the conducted a secondary sweep of the 3 buildings of the Annunciation Church campus. K9 Cal was deployed and searched the residence of the church focusing on the basement and top floors.

I was then placed on standby until cleared by Sgt. Subject.

On 08-27-2025 at about 0836 hours, I was working call sign 954 with K9 partner Kona, A call came over the radio about an active shooter incident at 509 W. 54th St. I self assigned to the call and responded there. Upon arrival, I approached from the east and parked two blocks east Annunciation Catholic Church.

Information was that a suspicious item that resembled some sort of explosive device was found by one of the entrances to the church My K9 partner being explosives detector certified, was retrieved from the squad car and approached the church. I searched the outer perimeter of the church searching for additional explosives but none were found.

Moments later, a K9 team was coordinated to search the inside of the church and I assisted with that. We were then sent to check block to block from Lyndale AV S and W. 53rd st all the way to Pleasent AV. A secondary K9 search was requested for the inside of the church and the outer perimeter. I assisted with checking the outer perimeter to the east of the church. Videos will be uploaded.

Type NON-PUBLIC NARRATIVE
Author 5867 - MADICH, REBECCA
Related Date Aug-27-2025 15:09

On the above date and time I was on my way home from my K9 Primary assignment in my marked K9 Squad 958 when I heard dispatch air a SHOOT at 509 54 ST W, Annunciation Church. I was approximately at Highway 65 and just north of Osbourne Road in Fridley. I then heard dispatch air this was an active shooter situation. I then logged back onto my squad computer, self assigned to the call, activated my emergency lights and sirens and headed to the call. BWC activated.

Further comments were that someone was shooting from the outside into the inside of the church through the windows. Multiple persons were calling in and reporting there were 100 plus people inside the church, including children. There were also comments that people were hiding inside the church. It was reported the male suspect was using a rifle to shoot into the church.

While en route to the call updates were coming via radio from squads on scene. I heard 5501, Lt. Kelly air his arrival and started airing victims and their locations. I heard him air the shooter was wearing all black and armed with a rifle and a shotgun. At one point I heard information that the shooter was located outside the church by officers and had shot himself in the head. Multiple squads were en route. Additional information was aired that there were explosives devices on the exterior doors of the church and the BOMB Squad was being requested.

When I arrived on scene I parked just to the north of the main entrance on Harriet AV/Diamond Lake RD. I grabbed my department issued patrol rifle and went to the front (north) door of the church entrance. I could see medical supplies and wrappers from medical supplies lying on the sidewalk.

I linked up with another officer and assisted in starting to search the church for any other victims or any other possible additional suspects. As soon as I walked into the interior of the church I could smell the distinct odor of gunpowder. The odor was very heavy and overwhelming. I walked further and could see a pool of blood in the center aisle that splits the two sides of the pews. I was advised the known victims had already been transported or evacuated out of the church.

It was then aired that there were two persons hiding in the church basement in the "ice" room. These persons were said to be potential victims and not suspects. I assisted by going to the basement and going to the room these persons were in. The door was locked and I could hear persons talking/answering officers from inside the room. Another officer had obtained a master key. A police announcement was made and we entered room in order to locate these persons. When I went inside I saw a male who was hiding behind some cabinets. He came out when officers announced themselves. The man looked terrified. There was also a female who came out from where they had been hiding. These persons were escorted out of the church by other officers.

I then assisted SWAT team members along with Officer Brandt in searching the rest of the church and school. No other suspects or victims were located.

While searching inside and walking outside I observed several pools of blood inside church and on sidewalks. I observed several single children shoe that had appeared that they had come off a child's foot as they were running. While inside the church on the main floor I could see where the glass had been shot out and shattered on the exterior and interior doors. These doors were facing east and west. There was glass all over the hallway.

When we walked outside I observed the suspected gunman lying on the sidewalk near the east entrance as described above. The suspect was obviously deceased. The suspect was wearing all black and appeared to be wearing a bullet resistant vest. I could see ammunition magazines on this vest as well as a weapon near his person. There was also a rifle magazine just south of his body, lying on the grass. I could see numerous yellow placards that are used to mark gun casings at crime scenes on the sidewalk.

After I assisted with the searches of the church and school I then returned to my squad and secured my rifle.

After a short time I was advised K9 was requested to sweep for any explosive devices or other articles of evidence. I assisted with other K9 Teams in deploying my K9 partner Reggie in the immediate neighborhood surrounding the school and church. No explosives or anything of evidentiary value was located by K9 Reggie or myself. When we completed search I waited near teh command post for additional instruction.

I was informed by Sgt Bauer from SWAT that I was required to attend a debrief prior to my departure from the scene. I attended and was released from the scene by my K9 Sergeants.

BWC footage docked at Kennel.

Related Date Aug-27-2025 15:38

On 08/27/2025 at approximately 0945 hours I was working call sign 1290 as a UAS operator/Remote Pilot for the MPD Drone Team. I am fully certified by the FAA in Part 107 remote pilot operations.

During the above date and time I was assisting MPD SWAT 1280 and other units/agencies with an "Operation 100"/Active Shooter response incident at 509 West 54th Street. My mission was to provide UAS overwatch of the Anunciation Church while the various agencies and units searched the perimeter and nearby neighborhood. Once this was completed I maintained overwatch of the church for several hours.

I launched my DJI M30T UAS/Drone from the middle of 54th Street. I flew at an altitude of about 200-400 feet AGL during the mission, which was recorded. I then landed my drone and eventually cleared the scene once the Minnesota BCA began flying their drones over the scene.

LAANC Authorization was obtained for this mission. #[redacted] (MSP)

My recordings of the mission were uploaded to Evidence.com.

Per policy, my BWC was not active during this flight mission due to potential electronic interference with my UAS.

Related Date Aug-27-2025 12:49

On 08/27/2025, I was working off duty as callsign 6139. I was not initially utilizing a squad car.

I was wearing my full MPD uniform which includes, among other items, a uniform shirt with two Minneapolis Police patches, a Minneapolis Police badge, a name tag, a duty belt with equipment, and a body worn camera (BWC) which was activated during this call. It is important to note that the BWC captures activity occurring where the camera is facing and does not necessarily capture the fine detail seen by the human eye nor precisely where the Officer is looking. A multitude of factors, including but not limited to, lighting, weather, vegetation, movement of the officer wearing the BWC, and proximity to people or objects, can cause variances in perception between the human eye and the BWC recording. The BWC is a supplementary tool and cannot replace an officer's observations, training, and experience, particularly in rapidly evolving, dynamic situations.

The report below contains my recollection of the pertinent events related to this call. I did not review my BWC footage in its entirety, and this report does not contain a minute-by-minute account of the incident.

I was at my post at 550 S 4th Street (WELLS FARGO DOWNTOWN EAST) when I heard an emergency tone over the radio of an "ACTIVE SHOOTER" at 509 54th Street West which was a church/school in the 5th Precinct. I immediately ran to the attached parking ramp (Haaf Ramp) and grabbed an available squad car (MPD Marked Squad 312 (P# 76954). I normally do not utilize a squad car for this off duty job as it is rarely needed, and I like to leave squad cars for regularly scheduled patrol operations. I jumped in the squad car, but there was no time to sign into the MDC or into Axon. I activated my lights and sirens and proceeded to the scene.

Upon arrival, I parked a few blocks away behind the other squad cars and run towards the entrance. By this time, it had been aired that the likely shooter was down, but it was unclear if there were other shooters in the area. It is a possible tactic by organized groups to utilize one shooter to draw in emergency responders before they are ambushed by the other members of the group. Keeping this in mind, I yelled at the civilians and residents in the front yards and outside on the sidewalk to return to their homes as I was running by.

I went to the front of the school where there were numerous children being tended to by the initial responders. I asked what needed to be done and someone said to help with patient triage. However, almost immediately, I heard children screaming inside and multiple officers running further into the church. Thinking there was still an active threat, I ran into the building. Multiple officers from multiple agencies were near the alter getting ready to check in the rooms and hallways behind it. I joined them.

I drew my duty weapon and had it out as we moved to clear the southwest portion of the church. As we were moving towards the south east corner, we came upon the exterior door on the south east corner of the school at the top of the stairs. This is not the same door the shooter was located in front of (discussed later). There, a Minneapolis SWAT officer was advising us not to go through the door because there may be an improvised explosive device (IED) there.

I went back into the church area. There in the pews on the southeast of the church, I saw two children laying in the pews with blood all around them. Unsure if they had been missed in the chaos of the initial response, I ran to check their pulses. Neither child had a pulse, and based on my experience, they were beyond saving. They both appeared to be around 10 years of age. One was wearing a white shirt, and one was wearing a blue shirt.

As I was checking, I heard more screaming, and officers were moving to the 2nd floor balcony that overlooked the pews. I went back up, and other officers were saying the whole church had been checked. I stated we need to start doing a secondary sweep, and other officers agreed. I aired this information and began to assist with the secondary search.

After this was completed, I double checked all the church pews and did not find anymore deceased. I went back to the two deceased children and verified, for my own sanity, that they were indeed pulseless. There was no change in circumstance.

I then went up front to assist with victims but they had all already been transported away from the scene. I walked down the east side of the church where I saw numerous discharged cartridge casings (DCCs) which, based on my training and experience, were rifle rounds. I went down the stairs to the main southeast entry doors. There, I saw other officers standing near the shooter who was deceased. He had a gunshot wound to the head and he was wearing a balaclava which appeared to be bulging unusually in the rear. This was likely brain and skull fragments contained by the balaclava. The shooter had been handcuffed in the front, and there was a large amount of blood flowing from his head area.

Around him I saw a single long rifle, a short gripped shotgun, and multiple loaded magazines, DCCs, and a knife. The southwest entry doors had almost all the glass destroyed due to bullet damage. I remained here with other officers.

While stationed here, I performed numerous tasks including, but not limited to:

- putting up additional crime scene tape
- moving marked squad 210 farther down the block and adding more crime scene tape to prevent people from getting closer
- going to locate an IBIS device to identify the shooter
- and placing a single blue card near a rifle casing that was not yet marked in the grass

Sgt. Schroder then released me, and I went to the command post to check in with Sgt. Stanton. There I assisted with setting up blue tape around the command post, and escorting families across the street. I was then sent to the Starbucks where involved officers were being debriefed.

I then cleared that scene, and checked in again with Sgt. Stanton and Lt. Klukow who stated I could return to my off duty assignment until told otherwise. I was given the option to go home, however, due to the events, I wanted to continue to go about my day as long as I could and did not want to go home.

It is important for me to mention the following. While standing near the shooter, I spoke to officers there. Based on the information I have gathered, I believe the following is critical to note:

- It appears the shooter had locked the exterior doors and shot blindly through the stain glass windows on the east side of the church.
- The shooter was moving south towards the southwest doors.
- The bullet damage to the door, and the plethora of live ammo still on scene, leads me to conclude that the shooter was attempting to gain entry into the building. Had he been successful, the death toll would likely have been higher.
- The initial responding officers did as trained, and ran towards the sound of gunfire without hesitation, and without regard for their own personal safety.
- They were announcing themselves loudly and moving towards the shooter.
- It is my professional opinion that the speed at which they approached the shooter led the shooter to take his own life before he could enter the school.
- These initial officers are, to the best of my knowledge.
    - Officer Sergio Villegas (#7410)
    - Officer Daniel Barlow (#0334)
    - Officer Tristan Fairbanks (#1902)
    - Officer Joseph Fonseca (#2065)
- There may be more officers, I am not sure.

End of supplement.

Related Date Aug-27-2025 12:08

I am currently assigned to the Minneapolis Police Department's 5th Precinct as a member of patrol squad 521. While off-duty I was informed of an active shooter incident at a Catholic school located at 509 54th Street West in the City of Minneapolis, Hennepin County. I drove to the 5th Precinct, donned my gear, and responded to the incident command post arriving at about 0945 hours.

I was assigned to a position on the south east side of the church where the deceased suspect and suspect vehicle were and was tasked with maintaining perimeter security. The suspect had been identified as WESTMAN, ROBIN M; DOB 06/17/2002.

At about 1605 hours, I met with a man who wanted to retrieve his vehicle which was parked in the southeast parking lot. I identified him by his Minnesota Driver's License as MATHERN, ANDREW JERRY; DOB 02/24/1945. His vehicle is a red, 2015 Hyundai Sante Fe with Minnesota Registration ERU-933. His vehicle was parked three spaces to the west of the suspect's vehicle and did not appear to have any damage to it. He told me he was inside the church attending mass at the time of the incident. The following is a non-verbatim summary of what he told me: He was sitting in the back of church on the west side of the building. The priest was about to begin reading from the Gospel when he heard gunfire. He said he laid on the ground until he heard voices instructing people to exit the church. He said he noticed a change in the sound of gunfire as if it sounded it was moving away.

I assisted the Hennepin County Medical Examiner's Office (HCME) when they arrived with searching through WESTMAN's holsters. I recovered many live shotgun shells from a pouch and gave them to an MPD Crime Lab Technician. The HCME case number for WESTMAN is 2025-6134.

My body worn camera was active for this event and the camera footage was uploaded to evidence.com.

Related Date Aug-28-2025

I Officer Simonett (122874), am a licensed Police Officer currently assigned to the 2nd/4th Precinct Community Response Team (CRT) with Minneapolis Police Department. On 8/27/2025, I was working as Squad 485 in marked Squad 482, in a modified Minneapolis Police Department Uniform with Police Markings on both shoulders, front vest, and back of my vest, with my partner Officer Olson.

My responsibilities on the CRT Team include policing in a proactive capacity, utilizing confidential informants, and conducting investigations involving narcotics, firearms, and problem property crimes.

At approximately 0857 hours I responded to an active shooter at Annunciation Church, 509 54th St W.

The remarks of the call stated the following;

"Multi-Agency EMS Incident #: 25075122

Multi-Agency FIRE Incident #: 25-0041871

Upon arrival I assisted clearing the building between the church and the school to check for victims or suspects. The building was found to be unoccupied at this time.

I then assisted on scene reuniting families with their loved ones. I remained on scene in different locations of perimeter until approximately 2003 hours.

Type NON-PUBLIC NARRATIVE
Author 5445 - PATINO, JONATHAN CARLOS
Related Date Aug-28-2025

On 08/27/25, I, Officer J. Patino (5445) was working marked squad 381 (P#77038) able. I was wearing my modified Minneapolis Police Uniform with police markings on both shoulders as well as on the back of my police vest. I am currently assigned to the Minneapolis Police Department's Southside REACT team.

My duties as an officer with the Southside REACT team consists of working under the supervision of a Sergeant alongside fellow Officers and agencies such as the BCA, ATF, FBI, and HIS to conduct long and short-term investigations involving gun crimes for prosecution in federal and state court as well as assist with in custody cases. Some of the duties involved with this include conducting traffic stops, person stops, directed patrol in hotspots, as well as possibly managing informants, gathering information for current or upcoming cases, and assisting other Southside REACT Officers as needed.

At approximately 0900 hours I responded to 58th St and 1st Ave S to meet with Sergeant N. McCarthy and Officer C. Spiczka. I was asked by Sergeant McCarthy to respond to 7509 Lyndale Ave S and attempt contact with Abby Bodick in apartment 7, who was the ex-girlfriend of the suspect. I responded to the address and was the first to arrive on scene there. I attempted entry and eventually was let in by residents of the building. I then attempted contact at apartment 7 and made contact with Abby.

As I was on scene there, I was met by BCA agents. BCA agents and I made entry into apartment 7 with Abby and cleared the apartment to be sure no one else was inside after she voluntarily agreed to let us in. I then made contact via city issued iPhone with Sergeant A. Schroeder. Sergeant Schroeder asked me to freeze the apartment and detain Abby for the time being. I then stood by on scene with BCA.

A search warrant was issued for apartment 7 and I assisted with searching the apartment. Once the search was complete, I left the scene.

I then responded to the area of Lyndale Ave S and 54th St where I contacted Lieutenant M. Klukow. Klukow asked me to post at Lyndale Ave S and 54th St with other officers. I then posted there for a while before clearing the scene.

My BWC was on and recording during the duration of the incident. I did go on and off recording many different times to preserve body camera battery as I had to step away to make phone calls or I was just standing by and not making contact with any involved parties.

On 08/27/2025 I was working in my capacity as a supervisor with the Gun Investigations Unit. Reports came in of an active shooter at 509 54th Street West. Officers were already on scene. I responded to the SWAT garage and drove a bearcat to the scene. Once I scene I assisted in coordinating a deliberate search of the structures. Once that was complete I assisted in coordinating a yard to yard search looking for evidence. Once that was concluded I was secured from the scene by Commander Campbell.

Subject SAINT LOUIS PARK, SCENE SECURITY
Author 0039 - ALLEN, ANDREW J
Related Date Aug-28-2025

On 08/27/25, I Officer Allen was advised of an active shooter at the Annunciation Church at 509 54th St W.

At approximately 1036 hours, I assisted other Minneapolis Police Officers and BCA agents at 3252 Jersey Ave S in Saint Louis Park. I was advised this address was in connection to the suspect.

Upon arrival to the house, I set up in the alleyway as announcements were made by Officers in front of the house. Shortly after, I observed a male exit the house who was later identified as Phillip Jonathan Gapp (12/19/89). As Gapp was exiting the house, I had my duty firearm drawn and pointed at the low ready while giving him commands. He was then taken into custody.

After a search warrant was signed for the house, I assisted in the search. I began searching the upstairs bathroom where I located a 9mm bullet in the vanity. I then located a mailing receipt located in the trash can. These items were both photographed and collected.

I then searched an upstairs bedroom on the west side of the house. Inside the closet I located a 9mm bullet in a Monsters Inc DVD case. I also located two shotgun shells also in the closet. All of these items were photographed and collected.

After being cleared by the BCA from the house, I responded to 53rd St W and Garfield Ave where I served a perimeter car.

End of report.

Subject STATEMENT OF COMMANDER FORS
Author 2075 - FORS, ERICK JASON (SEPARATED)
Related Date Aug-28-2025

on 08/27/2025 at 0827 hours, I was notified by text of a shooting at the above location. I checked the remarks in the call, and it appeared that this was an active shooter situation. I contacted DC Olson by phone to advise her of the incident and responded to the scene from the PSB.

Upon arrival at the incident location, I was contacted by DC Olson and directed to coordinate responses to the hospitals, which would be receiving an unknown number of casualties from this incident.

I directed Lt. Swierzewski to respond to HCMC, as well as coordinate the response of additional investigators to help identify victims as well as obtain any information that they could.

I responded to Children's Hospital at this time.

Detectives were also sent to North Memorial Medical Center where it was reported that an 88-year-old female gunshot wound victim was transported.

Upon arrival at Children's Hospital, I met with staff as well as responding detectives. I was assisted by Officer Reynolds, Sgt. Hansen, Sgt. Dominguez, Sgt. Ilstrup, Sgt. Olson, Sgt. Metcalf, and Sgt. Heyer.

Detectives worked to obtain victim information and status.

Information provided to me as to victims of this incident that were treated at Children's are as follows. Exact spelling may differ, as this was what was verbally provided:

Name	DOB	Hospital Location
13.82 - Law Enforcement		

Investigators coordinated with Property Room personnel who responded to Children's as well as HCMC to collect victims clothing and other evidence.

I was notified by phone that there was a report of another juvenile victim that had arrived at Masonic Children's Hospital. I directed Sgt. Dominguez and Sgt. Ilstrup to respond to Masonic. They reported back that there was a juvenile male victim there that had been transported by family. The victim information provided is detailed below:

13.82 - Law Enforcement

I cleared Children's Hospital at approximately 1210 hours and responded to the Command Post.

Upon arrival, I met with DC Olson and was briefed.

I was contacted by Sgt. Klimpke who relayed the following information to me:

An officer reported that there was a witness at 5421 Grand Av S reported seeing a red vehicle leave the area in a very fast manner just after the gunshots. The vehicle license plate provided was MN SKY-537.

I provided this information to Sgt. Schroeder who advised that the FBI already had this information and were actively following up on it.

Upon clearing the scene, I returned to the PSB to coordinate with investigative personnel.

On 8/27/2025 I was preparing to go to work as the 5th precinct property crimes Lieutenant and live close to the scene of the shooting. I heard numerous sirens by my house and then received a call from friend of mine that Annunciation school had a active shooter. I then responded to the scene from my house in my personal vehicle. Once at the scene I was instructed my Deputy Chief Kingsbury to assist Inspector Torberg to help with the reunification center which is the school that was located next to the church. I assisted school staff in getting the kids and families from the basement of the school to the auditorium. From there we gathered a list of the students and began checking them out so they could get home and see who was not accounted for. I also assisted in sending witnesses to room 103 where investigators were set up to interview them. Once the families and witness were done and checked out they were escorted out the east door and sent south down the sidewalk. I then maintained the scene and assisted with getting councilors into the auditorium where there only teachers and faculty left. I also assisted in scene security with the school and church and making sure people were rotated out who have been there for a while.

Author 6762 - STANTON, PETER
Related Date Aug-28-2025

While working as squad 480, I was in uniform and in an unmarked squad, P#76884. I heard that there was an active shooter call at 509 54 St W so I responded. Officer Partyka called me via city phone and asked me to pick him up, as his city vehicle had gotten a flat tire. I responded, picked him up, and proceeded to the call.

I arrived and was tasked with organizing a perimeter around the church and surrounding crime scene. I saw that there was a crime scene in the church and on the outside of the East side of the church. I had officers on all corners of the church and one holding the scene where the suspect was lying, and one where the suspect's car was parked. This continued until my release at around 2100 hours.

It should be noted that I de-activated my BWC early in this call as I realized that this would be a long day and I needed to conserve battery.

On 08/28/2025, I was at home and off duty. At 0918 hours, I received a notification to my city issued cell phone that an Operation 100 was being declared for an active shooter at 509 54th St W. I contacted our dispatch center, and advised them that I will be responding from home as a member of the Minneapolis Police Departments SWAT Unit. I stopped at the 2nd Precinct, to retrieve my radio and SWAT issued helmet camera, then responded to the scene.

Upon arrival, I checked in with the Command Post and was ordered to report to the north end of the school where a 1280 team was staged. I was told that we would be staging until further notice, I was inside a secured perimeter and deactivated my helmet camera to preserve battery on a prolonged incident. I was then tasked with retrieving items from a nearby equipment truck when I was alerted by multiple Officers to stop an adult female who ran through the crime scene tape towards the school. I reactivated my camera and spoke with a frantic female that was looking for her daughter, who was one of the victims in this event. I redirected her to a nearby Hennepin County PIO for further assistance and advised another male to leave the crime scene. Once I no longer had contact with any parties, I deactivated my helmet camera.

I then continued to standby until SWAT Officers were directed to clear by our Team Leads. All helmet camera footage was uploaded to evidence.com

Related Date Aug-28-2025

On Wednesday August 27th, 2025 I was working Car 712 as the on-duty investigator for the City of Minneapolis when I was notified about this incident via phone. I coordinated with Commander Fors and deployed resources to the area hospitals to track, interview, where appropriate, and identify victims from this incident. I responded to HCMC and met with other investigators who were already identifying victims and gathering information and evidence. I did not activate my BWC because I did not interact with any victims, witnesses, or members of the public. I helped coordinate efforts at HCMC and ensure information was relayed to command. I arranged for assisting officers to catalog clothing evidence recovered from victims at HCMC and had the property evidence staff meet us there to take possession of said items in order to free up resources. Once all the clothing evidence had been collected and property inventoried, I cleared the hospital. This concludes my involvement in this incident.

Related Date Aug-27-2025 20:25

On 8/27/2025, I, Minneapolis Police Officer Addison Zeck #7914, along with my partner, Officer D. Berg #0492, was working in full MPD uniform as Squad 410 in fully marked Squad 410 (P#77087). I responded to 509 54 ST W for an active shooter. The call comments prior to my arrival stated there was an active shooter inside the church, that there were a large number of victims and that the shooter was down from an apparent GSW to the head outside of the building. I also heard the casualty collection point was the front of the church.

I droved to this call Code 3, lights and sirens activated and my dash, interior and BWC active and recording.

When I arrived, I parked my squad near other arriving squads, retrieved my patrol rifle and ran to the front of the building on the north end of the school. When I arrived there, I saw a large group of children and adults pouring out the church and gathering on the steps. I directed part of the group to head east away from the school for their safety. I then heard over the air that there was a possible IED on the east side of the school and could see several officers who appeared to be pointing or otherwise indicating that they had eyes on the device nearby. I then directed the remainder of the group to head west on 54 ST W away from the church.

My partner and I began clearing the exterior perimeter of the church, traveling counter-clockwise from the northwest corner to the southeast corner, checking for threats, victims or other explosive devices as we went. At the southeast corner I located what appeared to be a white male dressed in black clothing and a mask down on the ground with an apparent gunshot wound to the head. There were two firearms approximately 8 feet to the south of the suspect on the ground, a rifle and a shotgun. Both firearms had words written all over them.

I heard over the air that the school to the west of the church needed to be cleared. My partner and I proceeded there but other squads were there and appeared that they did not need my assistance.

My partner and I went back to the church as there was some confusion around if all parties had been evacuated from the church or not. While I was inside, an MPD Command Staff member told me that no one should be inside the sanctuary of the church. I closed one of the doors to the sanctuary to keep additional officers from entering and stood by with my partner. I then heard over the air that the church was secure and that additional resources were needed to secure a perimeter around the school. My partner and I left the church and proceeded to our squad where I secured my rifle. I then drove around the area until I found a gap in the perimeter at 55 ST W / LYNDALE AVE S and posted there. Lt. Klukow came by and told me he was managing the outer perimeter and to report to him until told otherwise. I remained at 55 ST W / LYNDALE AVE S, allowing personnel in as directed by Lt. Klukow, until Lt. Klukow directed me to post at 54 ST W / LYNDALE AVE S.

While there, I was approached by a male who identified himself as JOHN THOMAS CARROLL

(11/25/1965). CARROLL told me that he had seen some of the social media posts by the shooter that threatened violence toward President Trump and that on 8/26/2025, CARROLL had found a small piece of paper with the words "Kill Trump" on it near the Walgreens on the 5400 block of LYNDALE AVE S. CARROLL said he picked it up and discarded it in a nearby trash can.

I learned from my partner that we could deactivate our BWC's per Lt. Klukow and did so.

I remained at my post at 54 ST W / LYNDALE AVE S until I was told I could secure by Lt. Klukow.

On 08/27/2025 at approximately 0829 hours, I, Officer Berg #0492 was working with Officer Zeck #7914 as call sign 410, in marked squad 410 (P#77087) when I responded to 509 54 St W (Annunciation Church) in reference to a SHOOTING. The remarks of the call were as follows:

POSS ACTIVE SHOOTER [Shared] >> SOMEONE SHOOTING INS CHURCH [Shared] >> ANOTHER CLR RPTING SOMEONE POSSIBLY SHOOTING IN THE CHURCH - CHILDREN INSIDE THE CHURCH AREA.....UNK IF ANYONE INJURED - 651-308-1570 [Shared] >> ANOTHER F CLR----ACTIVE SHOOTER....UNK WHO IS SHOOTING....100 PPL INS****** [Shared] >> ANOTHER PERSON SAYING SOMEONE SHOOTING THROUGH THE WINDOWS INTO THE CHURCH AT THE CHILDREN - CLR HAS NO DESC - 612-280-3022 [Shared] >> MALE WRG MASK AND AND RIFLE..NO FUTHRE DESC...CLR NOT SURE IF ANYONE INJURED......911-445-5990 [Shared]

My partner Officer Zeck and I assigned to this call and were en route immediately from the 4th Precinct sector. Our emergency lights and siren were activated. Incoming remarks indicated that a male was inside of a church where children were attending mass, and that active gunfire was in progress. Upon arrival, we parked our squad, exited, and began running toward Annunciation Church. As I began to approach the church, I saw a large crowd of children outside in front of the building. I began to direct everyone to the west of the building as I received information that there may be an improvised explosive device affixed to an east facing exterior door of the church.

Once the crowd was moved away from the east side of the building, my partner and I began searching and clearing the exterior perimeter of the church from the west side to the south side. As I rounded the south side of the building, I observed broken glass on the ground from and entry/exit door to the church which appeared to have been shot. I continued searching the south side where officers were with the shooter on the ground with what appeared to be a gunshot wound to the head. I also observed facial injuries on the shooter which I believed was from a self-inflicted gunshot wound. The shooter was dressed in tactical attire, with finger-less gloves, also a hat that read, "fear" on the front. On the ground next to the suspected shooters head I noticed blood pooling. Approximately five to six feet away from the shooter, were two black firearms which I believed to be a shotgun and rifle lying on the ground.

Over the radio, I heard there was a school adjacent to the church that may need to be cleared. I began walking in that direction but learned shortly after that it was being used to stage people. I made my way to the front of the church again and entered through the front door. I stood by the secondary doors that led into the area of worship. I was then directed that everyone needed to be outside of the church building at which point my partner and I made our way back to our squad.

We began to look for any holes in the perimeter which was in the process of being established. My partner and I took a position at West 55th St/Lyndale Av South where we controlled who came into and out of the perimeter. At approximately 1300 hours, my partner and I moved to West 54th St/Lyndale Av South where we provided scene security.

BWC/MVR activated.

On 08/27/2025 I was working squad 230 able. At around 845 hours I responded to a Shooting at 509 54 st W. Remarks in the call were: possible active shooting inside church, someone possibly shooting in the church, children inside church area, 100 people inside.

When I arrived, I walked to the school area where children were being reunited with their parents/family. Many people were crying and frantic asking where to meet with their children. I assisted the staff and cops in coordinating the area for families and their children. After it was organized, I assisted in escorting witnesses (that were interviewed by the FBI) that were either staff or community members to their vehicles. Several vehicles were parked behind the Church that were not going to be moved. The following vehicles were not moving: MN PLH 586, MN 5DD 538, MN REY 685, MN NES 595, MN 585 ZXH, MN PTC 676, MN ERU 933, MN HB5758, MN PWG 309.

I escorted the following people to their vehicles:

- Elizabeth Wooden, MN DNV 730
- Jeremie Nichols, MN 8BB133
- Corey Copps MN JRV 486
- Joseph Busch, MN PKF 665
- Catherine Spandel, MN NLN 635
- Carol Skala, MN 4NE529
- Connie Klaers, MN EHA 058
- Kenneth Heer, MN BXM 904
- Kathleen Eilen, MN PWD 415
- Andrew Letellier, MN PWW 027
- Mary Marosi, MN FDW 918
- Danielle Conley, MN RRW 555
- Ana Steiner, MN HDC 170
- Danielle Fream, MN DML 680

I took pictures of each vehicle that were released and uploaded them to evidence.com.

It's important to note that I was not able to get every single contact information and picture of the vehicles. There were also several vehicle left in the lot, as people were going to come back later to get their vehicles.

After that I was assigned a post on the south side of the Church until I was released.

Type NON-PUBLIC NARRATIVE
Subject BIEDERMAN STATEMENT INCLUDING STROM INTERVIEW
Author 0548 - BIEDERMAN, JOHN
Related Date Aug-28-2025

On August 27, 2025, I was at the Forest Lake Sportsman's Club for my range training day. I was alerted to an active shooter situation at a church in the area of Diamond Lake Road and Harriet Avenue South. I was directed to go to the scene by Sergeant Krautkramer who was in communication with SWAT leadership. I drive to the area Code 3 by activating my emergency lights and siren. I activated by BWC, but had not done a startup check as I did not anticipate using the camera on a training day.

Upon arrival in the area, I assisted at the command post per Commander Campbell. I coordinated a traffic perimeter and inner perimeter around the church. Prior to my arrival, these perimeters had been established. Upon my arrival, I adjusted them and assigned people to posts.

LT Klukow was the team leader of the traffic plan until he was released shortly after 2000 hours.

The inner church perimeter that had been placed prior to my arrival was replaced by federal agents, primarily from HSI and ATF with SA Tonya Price as the team leader. These were eventually replaced with Minneapolis officers led by Sergeant Pete Stanton. Around 2000 hours, Sergeant Stanton and his team was replaced by Sergeant Kia Boyd and response cars. Several members (and Sergeant Stanton) stayed on site for extra security.

Shortly after 2000 hours, the traffic perimeter was significantly reduced and only manned by one officer (Officer Garza) at 54th and Garfield Avenue. Traffic Control Agents (TCAs) assisted with DLR and Grand Avenue and 53rd and Harriet Avenue. They informed me that they would be leaving by 2300 hours.

During the course of my involvement, I was contacted by school staff concerning keys and a wallet that was needed to access teachers' homes. I described the items and locations to Sergeant Grout. He was able to locate keys belonging to the organist, Kristin Stang. In a phone call, she asked me to leave the keys with another teacher. Sergeant Grout could not locate the keys and wallet of the male teacher requesting them.

At the request of Sergeant Schroeder, I made an unrecorded phone call to Michael Strom (612-40-9784). Mr. Strom stated that he was a childhood friend of the suspect, but had not spoken with him in years. He recalled, from the transition period of the suspect, that the suspect was upset with his mother because she did not support him. He blamed the lack of support on the Church. Mr. Strom was aware that the suspect and the suspect's mother were associated with the church and school.

Subject RESPONSE AND INTERVIEW WITH PRINCIPAL DEBOER
Author 5442 - PARTYKA, TONY
Related Date Aug-27-2025

At approximately 0820 hours, I heard over the radio a potential active shooter at a church/school in South Minneapolis. I responded to the location. On arrival I was with Sgt Stanton and was eventually tasked with assisting Sergeant Schroeder and Sergeant Grout from the Minneapolis Police Homicide unit.

Upon making contact with them I provided information to them about a potential suspect and further information in regards to the potential suspect that was provided to me by Hennepin County CISA analyst.

I coordinated with Sgt. Schroeder and Sgt Grout with Pro providing ongoing information that they were receiving to Minneapolis 's Federal partners with the FBI ATF and the Minnesota bureau of criminal apprehension.

During this incident, I was tasked with securing the names of the two deceased children from Commander Olson and Lieutenant Linson provided those names to Sgt Schroeder.

Remain on scene with Sergeant Schroeder and Sergeant Grout to coordinate anything that they needed done during the time that they were dealing with other priorities.
I was asked to speak with the principal of the school who was identified as Matt Deborer and that I would be able to meet with them near the principal's office. When I entered the school, I met with Principal Deborer, and he brought me to his office.

I informed him that I was there to get his recollection of what occurred. He stated that they had morning greeting with the families and students and then mass scheduled for 815 am start.

Principal Deborer stated that the students were in the church area, and he was sitting in the front pews when he normally sits in the back of the church. He didn't know why he did it but at approximately 830am he heard what he thought at first was firecrackers outside to the east direction and it was first three loud cracking sounds. He stated that the sounds continued, and he told everyone to get down. He then ran towards the wall and could see that the shots were moving in the southern direction, so he was trying to decide if was going to go out there. He then looked to and saw some kids bleeding and then the shooting stopped for a minute and then more shooting starting again.

Principal Deborer then stated he ran the children he observed to sustained injuries and checked for a pulse but could not find one. He then tried to shield other children from seeing the deceased children and started moving the other children towards the doors in the directions of the first responders that were arriving. He stated that he covered the children and told them that they were loved and then noticed that there was another child that had a gun shot wound to her head and he went to her and tended to her. He then was yelling that they needed a medic for the girl that he was tending to.
Principal Deborer stated that there were other dads in the mass, and they were going to doors to try and block them. He then told me that he tried to call 911 at about 0833 hours.

I gave Principal Deborer my information and phone number if there were any future questions. I advised him that if there were any future questions that I can help with to not hesitate to ask.

On 08/25/2025 at 0827 hours, I was signed on working off-duty at Ramp A (6116) when I heard dispatch air a report of an active shooter at Annunciation Church located at 509 54th St W in the 5th PCT. Dispatch was receiving several calls and reported that the shooter was shooting through the windows at the children inside. It was reported that there were over 100 people inside the church.

I responded to Annunciation Church and once there I entered the font of the church into the chapel area. I immediately could smell the strong odor of burned black powder which I assumed was from the gunshots. I saw smeared blood on the floor and of the the pews. I then heard dispatch air the two people were hiding in the basement in the "ice room." I made my way to the basement, along with other officers, and located what we believed to be the "ice room." eventually two people came out of the door, a middle aged male and a younger female. The female, who I did not identify, appeared to have blood splatter on the side of her face but she herself did not appear to be injured.

I then teamed up with 1280 and began to search the basement for anyone else that may be injured or hiding and unwilling to come out. Several rooms were searched completely and after each room was searched an X was marked on the door signifying that the room had been searched. I remained with 1280 under the command of Sgt. Bauer and Sgt. Riggenberg. After the basement of the church was searched we did doubles on the main floor and upstairs. We were then tasked with clearing the school. Every locked door was opened and the rooms were search and when completed the were marked with the same X on the door. I did not locate any other people or evidence during these searches.

My BWC was active during this event and later uploaded.

This report is meant to be a summary of my actions during this large scale event. For my exact actions my BWC can be reviewed.

STATEMENT OF CMDR. C. NELSON #4959

I am the Commander of Community Outreach which oversees Crime Prevention Specialists, Embedded Social Workers, Chaplains, Community Engagement Events, and PAL. I arrived on scene a little late from a doctor appointment and was directed to help escort people coming out of the church to the Starbucks at Lyndale / 54th (Diamond Lake Road). I asked for COPE response to assist at the scene for any mental health supports that might be needed as well as Embedded Social Workers to come for the same reason. Once it was determined these resources were not needed they were sent back to their regular work stations. Chaplains were advised to respond. I advised the Chaplains to meet with Navigators at hospitals in case they were needed there. P5 CH. Valdez stayed on scene.

While at the scene waiting for faculty or parents to be escorted to Starbucks, I saw CPS Faith Randal blast by us at a fast pace towards the school. I communicated to the CPS Manager, Shun Tillman to message for all CPSs at the scene to return to their respective precincts to assist with the officers at the precinct.

I was directed by BC Martin to go to the school to determine the atmosphere there. I was told that the principal was very upset about things. I was told to find out what the situation there was. Chaplain Larson and I entered together. I observed several chaplains / clergy personnel as well as several individuals in tactical gear who I did not recognized. I met one agent from the FBI and he stated that they were about to leave. After about 10 minutes, about 8 tactical personnel left the school.

I looked into the auditorium and observed about 6 people in there scattered in the large room. I spoke to an administrative person who stated people were doing as well as they could be expected.
I did not see the principal.
We waited at the school and assisted with posting at the door. We were asked by a clergy person to get some pop for them. We took their order and communicated it to some CSOs and we went to Kowalski's to get pop. We returned with pop and advised that they were working on lunch for people.

I was asked to get the names of the people who had cars parked in the back lot since they were leaving.
I spoke to Christine "Chrissy" Fritzen who drove MN: ZEA797, a black Hyundai Tucson. Her number 612-823-4394.
Christy McFadden who drove MN: HLK882, a blue Subaru Ascent. She also is at 612-823-4394.

They were escorted out of the area.
I was told I did not need to be at the scene. I left.

On August 27, 2025, at approximately 9:15 AM, Officer Bohnen, badge 0652, responded to 509 54 St W [Annunciation Church] from my residence for a report of an active shooter.

As I arrived, I spoke with Sergeant Bullock, who directed me to provide scene security on the northwest side of the church to prevent unauthorized individuals from entering the crime scene.

On or around 12:00 PM, I was relieved by Minneapolis Community Service Officers and redeployed to the intersection of West 55th Street and Garfield Avenue South to provide crime scene security.

On or around 5:00 PM, I was relieved by Minneapolis Community Service Officers and redeployed to the intersection of West 55th Street and Harriet Avenue South to provide crime scene security.

On or around 7:50 PM, I was relieved by Minneapolis Community Service Officers and redeployed to the intersection of West 54th Street and Lyndale Avenue South, where I assumed duty from Squad 410.

On or around 8:45 PM, I was redeployed to the intersection of West 55th Street and Harriet Avenue South to provide crime scene security. I remained on scene while the Hennepin County Medical Examiner recovered the deceased and while the fire department conducted a washdown where the assailant committed suicide.

I remained at this location until 2:00 AM and was relieved of duty to be in compliance with the 16-hour work rule.

This concluded my involvement in the matter.

On the above date and time I was working as a fully licensed peace officer in the state of Minnesota. I was employed by the Minneapolis police department. I was wearing full MPD uniform. The uniform includes a ballistic vest carrier with "POLICE" printed in block letters front and back. My department issued badge is affixed to my upper left chest and my department issued BWC is typically affixed to my upper right chest. My BWC was activated for this event.

This supplement is being added to this case on 8/31/2025 according to MPD policy and direction I received on scene.

While working on 8/27/2025 I heard a tone over the police radio, followed by information that a possible active shooter had been called in at the above location. I was assigned to a different call but diverted to this call. I drove to the scene using the full emergency lights and siren of my marked squad car in order to get there faster. While I was en route I learned from radio transmissions that officers who had already arrived had found the likely suspect outside the church and that the suspect appeared to be deceased.

When I first arrived I parked on 54th St W, roughly a block to the East of the Church. Because I believed it was likely that the suspect was dead I did not deploy my patrol rifle because I decided that it would be more valuable to have my hands free. I collected a bag of medical supplies that I keep in my duty bag and ran to the church. When I reached the church several officers were with victims on the front steps of the church. I checked to see if any of those officers needed assistance or supplies and found that none did. I then walked into the church to help search for or assist further victims.

Shortly after entering the church I looked into the pews to my left and saw two young children in the otherwise empty pews. One was partially under a blanket. I could see piles of thick, bright red blood next to them and they were completely motionless. Their appearance was consistent in my experience with being deceased. When I looked up and past them I could see holes in the windows of the church consistent with bullets having been shot into the church from outside.

While I was inside I saw two individuals run out from the back of the church into the main hall. I asked them if they had been shot and they both said that they were uninjured. I then directed them to leave the church. Other officers were clearing the back rooms of the church so I walked back outside again. Once outside I was told by Sgt. Klimpke that a group of children should be waiting a block to the North and a block to the East of the church. He told me to go find that group and bring them to the reunification point, which had been picked as 525 54th St W. While I was on the way to find the group of children I asked another officer to help and she came with me.

We found the group of children at the location described. Two HCSO deputies were with them as well. We brought the group of children back to the reunification point. While we were doing this an adult couple approached the group and one of the children ran to them. The adults identified themselves as the child's parents and the child readily went to them. The adults asked if they could take their child away from the scene with them and I told them they could, but to contact the police department when they were able to speak with investigators.

Once the children were brought back I assisted at the South entrance to the school with checking the school roster for names to match with parents' names as they approached. It is my understanding that we did this to prevent onlookers from attempting to get into the reunification point.

I was later told to gather at the nearby Starbucks. I deactivated my BWC when I arrived at the Starbucks. I was released from there.

On 08/27/2025, I was assigned and driving fully marked squad 563 as call sign 522A. At approximately 0827 hours, I responded to 509 54th Street West (ANNUNCIATION CHURCH) in referenced to an ACTIVE SHOOTER.

Upon arrival, I arrived to the west of the Church. I, along with 2 other Officers approached the west side of the church and began making our way towards the rear parking lot. As we approached the parking lot, I observed the rear church glass doors to all be damaged, possibly from gunshots. As the other Officer and I were about to enter the church, I observed an unknown male assisting an elderly female that was down on the sidewalk. I quickly turned and observed the elderly female laying in a puddle of her own blood. I quickly advised the other Officers to help cover for me as he was equipped with his long rifle.

I quickly checked the female victim, later identified through her MNDL as [redacted] I observed [redacted] to have a gunshot wound to her right thigh with an entry and exit wound. [redacted] was bleeding heavily and was turning very pale with a faint pulse. I immediately took out my tourniquet and placed it on [redacted] right thigh to stop the bleeding. Once the tourniquet was placed on [redacted], I stated to the other Officer that I no longer needed cover and that he should go assist the Officers that are inside of the church.

Once the Officer left to go assist other officers on scene, I picked up [redacted] and dragged her behind a vehicle for cover. I continuously checked [redacted] for her bleeding and her pulse. After the tourniquet was placed on [redacted], she began speaking to me and began have a stronger pulse. EMS was requested to the west side of the rear parking lot for [redacted]. As we were waiting for EMS, I observed a squad drive by. I advised them that we may have to load [redacted] into the squad and take her to a different area as EMS were not coming in. We attempted to load [redacted] into the rear of the squad but couldn't. I advised the officers that I would stay with [redacted] and that they can go assist the Officers inside the church. I observed [redacted] to go into shock.

After a few minutes I heard the sirens from an Ambulance coming towards my direction. I quickly shouted for the many civilians that were standing in the alleyway to directed EMS towards my location as I had a victim who was bleeding out. EMS arrived and were able to locate the victim and I.

13.82 was assisted onto the stretcher and assisted into the ambulance. After 13.82 was inside the ambulance, I quickly ran back towards my partners. As I approached the south side entrance to the ANNUNCIATION CHURCH, I observed an unknown person laying face up with what appeared to be a gunshot wound to the head. I observed the person to be wearing a fully tactical vest with multiple firearms laying next to them with multiple writings on the firearm and the magazines. The person was wearing a full face mask. As multiple Officers were on scene, I quickly ran back and checked on 13.82 and Paramedics. As Minneapolis Fire were not on scene yet, I rode with 13.82 to North Memorial Hospital.

Inside the ambulance, I assisted EMS with what ever help they needed. A second tourniquet was applied on 13.82 to assist with her bleeding.

Once at North Memorial Hospital, I was advised by the Doctors that 13.82 lost a significant amount of blood but, she should survive her injury. They advised that the tourniquet helped save her.

I later left the hospital and returned back to the scene. SERGEANT STANTON and SERGEANT SKOWRONEK were both advised on the condition and location of 13.82

On 08/27/2025 at 10:30 I, CSO Hazuga, arrived early at the SOC for work per Sergent Englund. Once I arrived I was directed to standby until further insructions. At around 12:00 I was instruced per Lt Khaz to take a PAL van key and start filling the van with CSO's that didnt have an assigned post and bring them to the command station at 5351 Lyndale Ave S. Once arrived around 13:00 I was told to stand by.

At 1400, CSO Reyes, CSO Peters, CSO Mursal and I were instructed to take a PAL van and pick up tables and chairs from the 4th precinct. Once we arrived at the precinct CSO Manjarrez told us to disregard the tables and chairs and to come back to 5351 Lyndale Ave S.

We arrived back around 14:40, were I went to the relief station, 55th and Garfield Ave, and had the food. I stayed there till about 15:30 when CSO Manjarrez instructed CSO Reyes and I to relief CSO McRae and CSO England from their post at 55th and Harriet. We arrived and stayed there until 15:00 when we went further down 55th to the back end of the church, by the church parking lot. We stayed there and helped Sergent Stanton. We were told to come back to 54th and Garfield Ave at 20:00 by CSO Manjarrez.

By 20:20 we where told by CSO Manjarrez we are dismissed to go back to the SOC and left the scene,

I CSO Reyes arrived on scene at approximately 1030 hours in a Pal van with 10 other CSOs including OD, we were inmediatly tasked with providing refreshments to any LEO on scene while carrying out said task, I was approached by Officer Krammer who was standing guard in the NW side of the church and asked for a replacement for his radio batteries and was directed to the command post located in 54th and Harriet, I went there and was told no replacements were brought on scene in which case I went to Officer Krammer and notified him of the status for his batteries. I CSO Reyes, CSO Mcrae, CSO Cifuentes, and CSO Peters were briefly tasked with directing the Red Cross and Salvation Army and setting up a field mess hall for all officers on scene until we were called by OD CSO Manjarrez to meet at Garfiled and 54th at approximately 1140 hours.

I CSO Reyes and CSO Peters were given the assigment to cover the intersection 56th and Grant and help residents to their house, during this task no major interections were made and both Officers who were on post with us left, at this time Commander Hanson stopped in her squad and took us to the Starbucks on 54th st w and Lyndale ave S, where I was given the task to go with CSO Mursal and CSO Bailey to the 4th precint to pick some tables for the field mess hall but once we got to our destination, we were told to disregard.

We got back to the Starbucks on 54th st w and Lyndale ave S at approximeately 1300 hours, where I was given the task to relieve CSO CIfuentes and CSO Mcrae from their post on 55th st w and Harriet ave s, where no major interactions were made, at approximately 1500 hours, we began helping civilians to their cars parked behind the church. Me and CSO Bailey were given the task to assist Officers by the were suspect body was located, we were able to succesfully assist civilians in the pick up of their vehicles, directed the medical examiner through the area, directed a towing truck through the area to pick up the suspects vehicle and assisted Officer with refreshments. Sgt Stanton used us for logistical purposes like direction Vehicles and Officers or Civilians through the area. CSO Mcrae,Myself and CSO Bailey were all in rotation covering a post that covered the rear entrance in the parking lot of the church, our main duty was to keep unauthorized personnel away from the rear entrance of the church until 2000 when we were relieved.

On 8/27/2025 at approximately 0829 hours, while working marked squad 302, in marked squad 308 (P#76985) and in full MPD uniform, I heard an Active Shooter call aired over police Ch. 1. I assigned to that call and responded from 25 Ave S and Franklin Ave E.

Upon arrival I grabbed a medical bag from the rear of my squad and made my way to the front of the church where other officers were attending to several shooting victims.

I entered the north doors to the church here and assisted with clearing the upper level of the North end of the building.

Once it was cleared by officers and deputies, I maintained a post at the front door until 301 assigned me to assist with setting up a perimeter north of Diamond Lake Road, from Garfield Ave S to Grand Ave S.

I was then assigned as the Outside agency liaison and began taking names/numbers and agencies on a list. I was relieved by Lt. Eck and put in a role of Command Post Security.

I was removed by Commander Brown and brought to a diffusing session with other involved personnel.

I cleared the scene at 1228 hours.

BWC activated.

I, CSO Marcus Detloff, was working a post for the crime scene perimeter at the Annunciation Church on 27 August 2025.

My partner, CSO FALKENBERG (Badge # 1911), and I arrived on post at 53rd St and Harriet Ave at approximately 1259 and met with Edina PD SGT BOOSALIS and Edina PD Officer DONAHUE. We maintained the scene perimeter.

I had just finished walking a resident of the cordoned off block to their home at 5310 Harriet Ave and was returning to my post at the intersection of 53rd St and Harriet Ave when a citizen who identified herself as [redacted] flagged me down from her front yard at [redacted] at approximately 1451. She informed me that her daughter had been inside the church at the time of the shooting and that she had found something in her hair. While she told me this she placed a small brass colored circular object into my hand. I identified the object as a potential bullet fragment and collected the personal details of [redacted]. I informed her that I would give the object to an officer and that someone would be here shortly to gather more information. I then walked back to the post and handed the object to Officer DONAHUE and described my interaction with [redacted] to Officer DONAHUE and SGT BOOSALIS. They told me that they had contacted the command post and that someone was coming to collect the object and take a report. They then took the object and walked to [redacted] to speed to [redacted] while they waited for the person from the command post to arrive. This ended my involvement with the evidence.

I returned to my post and continued to maintain the perimeter until I was relieved at approximately 2015.

Narrative Text

Type NON-PUBLIC NARRATIVE
Author 4521 - MCCARTHY, NICHOLAS
Related Date Sep-02-2025 10:23

I, Sergeant Nicholas McCarthy, am a licensed peace officer in the State of Minnesota. I have been employed with the Minneapolis Police Department since 2001 and am currently assigned as the Sergeant of the Minneapolis Police Department's Southside Community REACT Team.

The Southside Community REACT Team is a proactive and investigative unit that focuses on high visibility patrols in designated high crime hotspots, proactive enforcement, making community contacts, responding to citizen complaints regarding criminal activity, as well as at times responding to 911 calls for service. In addition, the Southside Community REACT Team conducts investigations that includes the drafting and execution of search warrants and the utilization of Confidential Informants.

On 08/27/2025 at approximately 0827 hours, I was working in the above capacity as squad #380 when I heard dispatch tone and air an Active Shooter call at Annunciation Church - 509 54 St W. I had not signed on to a squad with dispatch yet, but immediately responded to the scene with Officer Spiczka, in marked squad #380 (P# 77035).

While en route to the scene, dispatch aired information from callers who reported that the shooter was firing through the windows into the church. One caller provided a description of a male suspect wearing a mask and carrying a rifle. Another caller reported that shots were now coming from along the southside of the building.

Shortly after, I heard squad #5501 air that he was arriving and entering into the church, as well as other officers arriving and beginning to work their way along the outer east side of the building.

We arrived at the front of the church on W 54th Street and then began moving along the west side of the building towards the south parking lot. As we approached the south parking lot, I could see bystanders ahead of us attending to an adult female victim who was down on the sidewalk from a gunshot wound to her lower extremity. An officer who was with us ran over to assist with rendering aid.

As I was covering the westside of the building, officers continued working their way around the southern corner of the building, and I heard other officers air information about locating a possible suspect who was down on the ground.

When I arrived at their location, I observed the suspect (later identified as ROBIN WESTMAN) down on ground outside the southeast entrance of the church. The suspect had an apparent self-inflicted gunshot wound to the head and was obviously deceased. WESTMAN was dressed in black "tactical" style clothing and scattered on the ground next to the WESTMAN was varies weaponry and some rifle magazines.

The windows on the southeast entrance to the church were shattered from being shot out. A team of officers was formulated outside the doors and entered into the building to assist with clearing the interior. I remained outside near the rear parking lot to assist with securing the area.

Information was soon aired about some possible explosives or improvised devices that had been located along the east side of the building. As more officers arrived on scene, we coordinated to secure the south perimeter, as well as guiding the many parents now running up and children exiting from the church to move away from the building and over to a rally point that was set up a safe distance away from the scene.

I soon learned information about a gray 2015 RAM Promaster Passenger Van (MN LIC# FXV442) that was at the scene and believed to be linked to the suspect. The van was parked in the south lot with one of its doors standing open and officers observed a rifle case sitting inside of it. The registered owner of MN LIC# FXV442 was found to be JAMES ALLEN WESTMAN with a listed address of 5710 1st Ave S Minneapolis, MN 55419.

After speaking with homicide investigators at the scene, I and other Southside CRT officers transitioned over to 5710 1st Ave S to assist with freezing the RO's residence for follow-up investigation. While watching the address, we started receiving information from CISA about ROBIN WESTMAN having a listed DL address of 7509 Lyndale Ave S #7, Richfield, MN. I sent Officer Patino over to freeze this address and wait for further instructions.

We soon met with BCA agents outside of 5710 1st Ave S and a plan was developed to make contact with the residents. A call was placed into the house instructing the residents of 5710 1st Ave S to exit out to police. Both residents inside 5710 1st Ave S were cooperative with exiting and were identified as TRACY KURSCHNER; DOB: 11/10/1963 (SUSPECTS STEP-MOTHER) and JAMES WESTMAN; DOB: 07/04/1963 (SUSPECTS FATHER).

MPD and BCA personnel entered into 5710 1st Ave S to clear the interior, while BCA Agent JENNIFER CAPOBIANCO and I started to debrief JAMES WESTMAN and TRACY KURSCHNER outside.

The following information was learned during the debrief:

- JAMES WESTMAN confirmed that he is the father of ROBIN WESTMAN

- JAMES confirmed that ROBIN WESTMAN does drive the 2015 RAM Promaster Passenger Van - MN LIC# FXV442 that was found parked at Annunciation Church.

- ROBIN does not currently live at 5710 1st Ave S, does not have a private or old room at the residence, and reportedly does not store any property here.

- ROBIN WESTMAN had been living at 7509 Lyndale Ave S #7 (Richfield, MN) with significate other ABBY BODICK (507-766-6190), however ROBIN recently moved out following a breakup with ABBY and has been staying with a family friend named PHILLIP GAPP at 3752 Jersey Ave (St. Louis Park, MN).

- ROBIN last visited JAMES WESTMAN at 5710 1st Ave S. on 08/26/2025. JAMES stated that he had a beer with ROBIN in the garage and they talked. JAMES reported nothing unusual about the conversation, only that ROBIN had stated that she was going through a tough time and seemed to give JAMES an extended goodbye hug after their conversation.

- After leaving 5710 1st Ave S. on 08/26/2025, ROBIN had plans to visit a co-worker from RISE DISPENSARIES (RICHARD KAPPEL "ANDREW"; 847-714-6001).

- JAMES stated that he does believe ROBIN owns firearms, however JAMES stated that he has never personally seen any of them.

- TRACY KURSCHNER is ROBIN's stepmother; ROBIN's biological mother currently lives in Florida.

- When asked about ties to Annunciation, JAMES and TRACY reported that ROBIN had previously attended 8th grade at Annunciation School.

- They reported that ROBIN had transitioned in and out of several schools due to behavioral issues and/or lack of "fitting in".

- ROBIN's biological mother had also worked at Annunciation Church for several years prior to moving to Florida.

- Neither TRACY or JAMES were aware of any recent grudge or animosity that ROBIN would have towards Annunciation Church.

- Information was received on two of ROBIN's siblings who keep in close contact; TRACY KURSCHNER (612-309-3957) and JOE WESTMAN (612-772-6578).

During the debrief, Agent CAPOBIANCO was following up with contacting the above individuals for any further information that could be learned. Information had also been passed along to the BCA and other MPD units about ROBIN most recently staying with PHILLIP GAPP at 3752 Jersey Ave in St. Louis Park, MN. Assisting officers and BCA agents also responded to that address for investigation.

After the interior of 5710 1st Ave S had been cleared, the bomb squad was requested to respond to the address per BCA. Inside the address, officers located a plate carrier vest and a strange looking home-made PVC contraption.

While awaiting the bomb squad, photographs of the items were shown to JAMES and TRACY. TRACY explained that her son (WILSON KURSCHNER; 952-219-5158) is a videographer, and that the question items were part of a stabilization vest WILSON made for holding video cameras.

MPLS Bomb squad cleared the residence, and a search warrant was obtained by the BCA for 5710 1st Ave S.

I assisted in searching the detached garage of 5710 1st Ave S. There was some notebooks and several misc. sheets of notebook paper that were located on and around the workbench area inside the garage. Most of the writings on the notebook materials appeared unrelated to the investigation. However, a few sheets of paper had odd notations that seemed like personal journal entries and/or mentioned items like a gun safe. These items were collected and turned over to the BCA inventory agent on scene. I did not locate any further items of evidentiary value during my search.

As investigators were clearing from 5710 1st Ave S, I was advised that there were adequate resources at the other two addresses being searched: 7509 Lyndale Ave S #7 Richfield, MN and 3252 Jersey Ave S St. Louis Park, MN.

Officer Spiczka and I then returned and checked in with the command post at 509 54 St W. After speaking with command, we were advised that we could clear from the incident.

BWC/MVR footage will be labeled under CCN's 25-243912 and 25-243959.

*********DISCLAIMER: I HAVE NOT WATCHED MY BWC FROM THIS CALL AND DO NOT PLAN ON DOING SO. SOME OF THE FOLLOWING MAY NOT BE A FULLY ACCURATE DEPICTION OF MY RECOLLECTION OF THE EVENTS OF THAT DAY.***********

On 8/27/2025 I was working squad 990 (P#76921) on routine patrol coming exiting off 35W N at the 11th St exit into downtown. As I was exiting I heard a tone which I then learned was an active shooter taking place at Annunciation Church (509 54th St W). I responded to the location shortly after the tone.

Upon arrival at the Church I observed Officers already assisting multiple patients. I was not hearing any gun shots, but also could not be sure the shooter was not also hiding inside. I then ran into the Church to start clearing the church. Upon doing so I ran to the east side of the Church. As I was doing so I turned around and saw a group of people still at the back of the Church. I believe I asked them if they could walk and if so to walk out of the back of the Church.

I then turned my attention back to the east side of the Church looking for any potential victims in the pews. As I made my way down the pews I observed a small boy laying on his right side with a large amount of blood coming from his head and body. I also noted his eyes were still slightly open, but there was no reaction or signs of life. The boy was obviously deceased. In front of the boy was another student. Due to the vast amount of blood and coming from the students head and body I was not able to see if the student was a male or female. The student, was also obviously deceased.

Shortly after observing the students I along with an individual I believe was a Hennepin County Sheriffs Deputy began clearing the Church. There may have been other Officers and LE Agencies arriving at the time to assisting with the clearing of the Church. We eventually came back to the east side of the church. As we came down a flight of stairs I could still smell the obvious smell of gun powder. This was near an entrance door, which I later learned had some type of smoke bomb device attached to it. While going through the Church, I observed multiple broken windows, holes in walls, damage to pews from bullets.

At this point I believed the church had been cleared, but there were a number of locked doors which also still needed to be checked. I began walking through with a few other officers doing secondary checks. One door was still locked and had to be kicked in. Once entry to the room was made two individuals inside, a male and a female, immediately put their hands up. Both individuals were escorted out of the room and back outside. As we continued doing secondary checks, I heard Officers indicating a father and her daughter were possibly locked in an ice machine room on the lower level. I was also made aware of there being a key to the room, but was not sure who had it or where it was. I asked for an Officer to bring a hooligan into the basement, but the key arrived first. Once entry to the room was made both the father and daughter located inside ran from the door. Both were trying to hide from who ever came into the room. Once contact with them was made I noted the daughter had a head wound and both were then escorted out of the Church.

Shortly after completing the second round of checks I walked outside and later learned the suspect had taken his own life. I observed the male suspect laying on the ground outside of the lower level east side parking lot. At this point he had a tent over him. I was later directed by Sgt. Schroeder to maintain a perimeter on the west side of the Church. I was later relieved from this position and then assisted with doing yard to yard searches looking for any evidence the suspect may have left in another yard.

I was cleared from scene shortly after this.

Author 3932 - KWONG, WESLEY
Related Date Aug-27-2025 20:56

On August 27 2025, I, Community Service Officer (CSO) Kwong (3932) responded to mass casualty event at Annunciation Catholic Church (509 W 54th Street, Minneapolis MN, 55419).

On August 27 at approximately 1032 hours, I left from the SOC with several other CSOs to provide relief supplies to Minneapolis Police Department (MPD) officers responding to a mass casualty event at Annunciation Catholic Church. At approximately 1053 hours, I arrived on scene. At this time, the other CSOs and I received instruction from MPD Commander Monica Hanson to station a cooler with bottled water inside of it at a Starbucks Cafe (5351 Lyndale Avenue S, Minneapolis MN, 55419). After this, Commander Hanson instructed the other CSOs and I to disperse water bottles to officers who were on scene. After this, Commander Hanson instructed several CSOs and I to stay at the corner of west 54th Street and Garfield Avenue to await the arrival of a Salvation Army vehicle. When the vehicle arrived, I guided it to part along Garfield Avenue.

At 1153 hours, CSO Mason Sanders and I received instruction from MPD Sergeant Amber Englund to go to the intersection of 56th Street and Garfield Avenue to help with maintaining a perimeter and escort residents to their homes within that perimeter. CSO Sanders and I arrived and joined Hennepin County Sheriff's Deputy Howe at the intersection. At 1317 hours, CSO Sanders and I received instruction to go to the intersection of 55th Street and Garfield Avenue as the perimeter was being moved. CSO Sanders and I joined two Hennepin County Sheriff's Deputies at this intersection. Later the two Hennepin County Sheriff's Deputies were relieved by an MPD officer. At approximately 1655, this MPD officer left the intersection. At approximately 1800 hours, CSO Anthony Graham joined CSO Sanders and I the intersection. While working at these intersections, I escorted residents to their homes if they were located within the perimeter and directed individuals hoping to contribute to a memorial to Washburn Highschool (201 West 49th Street, Minneapolis MN, 55419).

At approximately 2015 hours, CSOs Graham, Sanders, and I were instructed to move to the intersection of 54th Street and Garfield Avenue. At this time, we met with Sergeant Englund. After this, I was instructed to clear the scene and return to the SOC. At approximately 2035 hours, I cleared the scene and was clear from the call.

On 08.27.25, I CSO McRae arrived on scene at W 54th and Lyndale Ave S in a Pal van around 1030 hours. After arriving, I was given orders by Commander Hanson to assist in handing out waters to officers along W 54th street. After handing out waters, I was assigned to directing food and beverage services to their staging area on W 54th and Garfield St. Soon after directing a couple vehicles to their post, I was assigned along with CSO Cifuentes to post at W 56th St and Harriet around 11:45. CSO Cifuentes and myself were accompanied by a Hennepin County Sherrif's deputy who was assisting us in keeping the street closed, and monitoring who was passing through. During that time, myself and CSO Cifuentes escorted a male who stated that he was the parent of a child who attended the school, and needed to grab his vehicle. The civilian was escorted inside the perimeter and was allowed to acquire his vehicle and exit the zone. After an hour or so, the perimeter was condensed, and our post was pushed back to W 55th St and Harriet. From there, we were met with media and bystanders. No information was given, and any person who needed to go past the perimeter was required to show identification to prove their residency within the zone. Roughly 3 hours later around 5:30pm, I was re-assigned by a Sergeant to relieve an officer of their post at the rear parking lot of the Church. From that post, I monitored the doors going into the church, the stairwell to the front of the church, and rear parking lot where evidence markers were placed. I was accompanied by an officer on that post. Around 1950 hours, I was relocated to a farther spot in the rear section of the parking lot to relieve the officer that was previously posted. My initial spot in the parking lot was taken over by several officers who were assigned to the area. At 2007, I was officially relieved of my post by my Sergeant and proceeded to the CSO meeting point at W 54th St and Garfield. From there, CSO's were official relieved at 0830 hours.

On 8/27/2025 I was assigned to Squad 201 as the Inspector of the 2nd Precinct. At approximately 0830 hours I heard dispatch air over the radio that there was a possible active shooter incident occurring at 509 W. 54th St. Recently, there had been several "SWATing" incidents in Minneapolis, so I hoped the active shooter call was a prank. However, moments later dispatch reported they were getting multiple calls about the incident. I then responded to the scene from the 2nd Precinct..

By the time I arrived, the suspect had been located DOA, and for the most part, the scene was secure. I met with DC Kingsbury, who instructed me to take over as IC, along with Commander Campbell. I then met with Lt. Ryan Kelly, who was the initial IC and one of the first arriving officers on the scene. We were joined by Inspector Peterson and Chief O'Hara. Lt. Kelly gave us a quick briefing and tour of the scene. Due to the size of the overall scene, Inspector Peterson, DC Kingsbury, and I deiced to divide the scene into two areas - the church itself being one, and the school next door being the other. Hundreds of students, witnesses, and family members had been directed to the school after leaving the church. Inspector Peterson became the IC of the church area, I became the IC of the School, and Commander Campbell became the overall IC.

I went to the school and saw that numerous apparent family members of students were pouring into the south doors of the school. Officers already at the scene directed me to a gym in the basement level of the school where the uninjured children, teachers, and other school staff were gathered, along with student family members who arrived on the scene to try and locate their child/children. It was a chaotic situation and emotions were understandably running high, as school staff, led by Principal Matt DeBoer, <PD Officers, officers from a variety of different law enforcement agencies, and chaplains worked to reunite parents with their children. In order to help clear up any confusion for officers on the scene, I aired on the radio that a "reunification center" had been established in the basement of the school. When parents of children who were taken to the hospital were located, officers and MFD personnel in the gym worked with the parents to determine what hospital their child was taken to, and then assisted the parents with transportation to that hospital.

After a short period of time, two main problems emerged in the gym: First, with all the people in the gym, the air temp had risen to an extremely uncomfortable level, and heat related health issues started to become a concern. Second, numerous apparent chaplains and other civilians from various agencies with different levels of credentials were present in the gym. Among them was a party known to me as Howard Dotson. Mr. Dotson is a North Minneapolis resident who claims to be some form of military chaplain, but he is not affiliated with the MPD in any way, and my previous interactions with Mr. Dotson have made me question his qualifications as a chaplain. I checked with Principal DeBoer, and he did not know who Howard Dotson was. I began fear that people who had no business being present were getting inside the school.

In order to improve conditions for the people in the gym, as parents were reunited with children, they were directed to an auditorium on the ground level of the school, where they were asked to remain until interviewed by an investigator. Witnesses present in the gym were also directed to this area.

I then went to the south entrance of the school, the designated entry point for parents of students. There was a long line of student parents, people claiming to be family members of students, and various people from different organizations who self-deployed to the school. Using a school roster, MPD officers and Hennepin County VOTF Deputies stationed at this door were doing the best they could in a tense situation to vet the people at the door and only allow family members and those whose help was legitimately needed inside. I was quickly inundated with requests for entry from people who arrived at the entrance of the school who were not parents of students or witnesses, but had self-deployed from various government organizations and non-profits to "help" the victims and their families. Knowing at least one person had already gained access to the school who was unauthorized (Howard Dotson), I aired on the radio to outer-perimeter officers that no one else should be allowed inside the outer perimeter and directed to the south door of the school unless they were confirmed to be a parent of a student.

Eventually, all of the uninjured students were reunited with their parents and moved to the auditorium. The families of the DOA children were notified by a member of MPD command staff and a team of support staff.

Investigators from the FBI arrived at the school auditorium and began interviewing all the witnesses. After being interviewed, the witnesses were escorted out of the crime scene by officers.As the interviews were occurring, my role transitioned into more of a liaison between MPD and the Annunciation School/Church officials, and Officials from the Archdiocese. I remained in this role for several hours, assisting in various ways, until most church officials and school staff left the school and the school building was secured

On 8/27/2025, around 0827 hours, while working marked squad #810A (p#3616), I responded to Annunciation Church (509 54 St W) for an active shooter. I arrived on scene and located multiple children in front of the church with various gunshot wounds. I assisted in providing aid, triage, and moving children to an ambulance collection point. I assisted EMS in loading people into an ambulance. I observed a female with a critical gunshot wound to the head who was unable to talk and had shallow, agonal breathing. Due to the female's critical state, I decided to ride in the ambulance with her and another child who had various gunshot wounds. I assisted EMS as instructed in the back of the ambulance with monitoring and providing oxygen to the critical victim. I assisted with escorting a child into the hospital.

INTERVIEW WITH TIMOTHY BARNES

Timothy Barnes 3/9/79 was one of the 911 callers and was interviewed by myself on 9/5/25. He stated the following which is a non-verbatim summary only of that call. For full details see BWC on evidence.com.

- On the day of the shooting he was traveling EB on 54th St, going through the light at Lyndale Ave.
- He was by himself in his 2023 black Volkswagon Jetta.
- He heard popping sound, heard some more, then saw the gunman to his right wearing a bunch of black assault gear with an assault rifle.
- Barnes hit his breaks and felt his car getting struck by gunfire. He was about 20 yards away from the suspect and the suspect was shooting. As the suspect turned his back to him slightly Barnes accelerated away to avoid getting hit. Suspect continued his shooting as he accelerated away.
- After this is when he called 911 which was around 0828hrs.

Pictures taken of Barnes's vehicle and sent to me. Plate on vehicle is MN ZHL996. Front driver side headlight has a small hole consistent with a bullet hole, and there are two defects on the front passenger area by the headlight as well. Pictures added to evidence.com.

On 08/27/2025, I was off duty and as a member of the MPD SWAT Team, received a page for an OP100 at 0919 hours. The information provided was that there was an active shooter at Annunciation Church, located at 509 W 54th Street. I called into CH7 and informed dispatcher I was enroute.

I arrived at the staging location at approximately 1000 hours, checked in with Command and was assigned to 1281 (SWAT). I was in full uniform with my full kit. I was posted up with team members on DLR/W 54th Street out in front of Annunciation Church. I had no contact with victims or the suspect. 1281 relieved 1280, and I cleared the scene at approximately 1300 hours.

This ends my involvement.

On 08/27/2025 at 0827 hours, I was working marked squad 5501 P#77031 as a daywatch supervisor. I was equipped with a body worn camera and it was activated on this call. I was notified by dispatch that there was an active shooter at 509 54th St W Annunciation Church.

I responded from approximately Lyndale and Lake St W. I realized that due to the nature of the call that I immediately asked dispatch for a city-wide response.

I arrived on scene within minutes and saw a few people standing outside of the front doors of the church. I did not hear any shots and did not see any victims. They did not appear to be in distress but I asked if someone was shot inside to which they responded yes. I quickly aired that I was going into the church and ran inside. As soon as I entered the church, I could smell gunpowder and saw people laying everywhere with a few standing up in the pews, I could not . I was unsure if there were still shots being fired inside and yelled at everyone to get down. I asked where the shooter was and a few people pointed to the east outside. I aired this information and ran back outside in an attempt to locate the suspect.

Outside, I found two witnesses that were walking around in an obvious panic. They were unarmed and I yelled at them to leave as the shooter may still be outside. I saw on the ground multiple casings and rifle magazines. Still not hearing any shots, I aired that the suspect may have continued south of the church. I ran back inside as I wanted to make sure the suspect did not enter back into the church where the victims were. At some point shortly after I was notified officers had located the deceased suspect in the back of the church.

Once inside, I yelled out to the victims to come to me if they could walk. This is a practice for initial triage to separate walking wounded and those in a more serious condition. Immediately, I began seeing that I had upwards of twenty casualties. I aired out that I was setting up a casualty collection point at the front doors which was the safest place with the quickest access to a main road for evacuation. As the victims walked out the doors to me, I began sorting those that were injured, and those that were not. I had all of the injured victims hold at the steps and pushed the ones that were uninjured towards the school side of the property.

I quickly began assessing the injured victims to see if I had any "red" or immediate casualties that needed immediate treatment. I put a few responding officers in charge of providing first aid to the casualties and then went back inside to locate any victims that were unable to walk. I first came upon two victims that had obvious traumatic injuries not sustainable to life. I checked and found that both children were not breathing and had no pulses. A bystander asked if they should do CPR however given the injuries and no signs of life, I advised them that they were already gone. I then moved to another victim who was on the ground. Another officer stated that the female had difficulty breathing. I cut her shirt to locate any gunshot wounds to the torso. I then recognized that she had agonal respirations that are indicative of a head injury. I called for additional officers to help get her outside to the casualty collection point. Given her injuries, she was now the most critical patient on scene and I had her placed next to the road.

Outside, I had a second to place a trauma bandage on a young male victim who had a gunshot wound to the right arm and was continuing to bleed. After this, I went to another victim who was having difficulty breathing. I checked her out quickly and found that she had a gunshot wound to the neck. Due to her injuries, I determined she would be the second most critical. I had her moved closer to the road for evac.

The third most injured child had a gunshot wound to the face and which I believed could obstruct their airway. As I went down the line of injured victims, I was able to determine that the other wounds were less-than life threatening.

EMS arrived on scene and I grabbed onto the supervisor who arrived first. I told him that I had triaged all of the patients at the front of the church. I pulled him over to the first, second, and third most critical victims and told him that they needed to be loaded first. I then pulled him over to the rest of the victims and told him they had gunshot wounds but could be delayed as officers were providing aid on scene. I heard over the radio that another victim was found in the back of the church and that no ambulance was on scene. Knowing that EMS was tied up with the mass-casualties, I grabbed a mega mover from an ambulance and ran to the back in an attempt to move the victim to the front. As I arrived, an ambulance was pulling into the lot.

I returned to the front of the church and began coordinating the response as the IC. Additional officers and agencies were arriving on scene so I had to coordinate the primary and secondary searches sending officers to areas of need. I also set up that our collection area for the witnesses and parents were just to the west at the school gymnasium.

I continued my role as IC until relieved by Cmdr. Campbell.

911-217-2902/612-964-4522/KAREN... CLR HEARD GUNSHOTS... MASS IN PROGRESS... CROUCHED DOWN UNDER PEWS

My partner and I arrived on the northwest corner of the church. After hearing that the shooter was shooting in through the windows, I ran along the west side of the church towards the rear, searching for the shooter. I did not hear any shots after arriving. I started scanning the entire parking lot area. I observed a woman on the sidewalk that appeared to have a gun shot wound to her leg. At this time the shooter was still not located, so I continued to search for the shooter. One person said the shooter may have ran down the alley that connects with the parking lot. I ran down the alley a little ways but did not see or hear anything.

As I was going back towards the church on the southeast side, I heard over the radio that the shooter and weapon were found down on the east side of the building. I ran towards the east-side doors and observed a person on the ground dressed in all black with blood around them. Officers were near the body when I approached, and I observed what appeared to be a rifle on the ground next to the shooter.

I went immediately into the school to make sure there were no additional threats, and to help evacuate victims. I assisted a few people and walked them outside towards the ambulances, that were locked in various rooms. One being a girl and her father who had locked themselves in an ice machine room in the basement. I was trying to talk to them through the door and tell them that they were safe and they could come to the door, but they would not open it.

Officers opened the door with a master key and I saw a male come up from behind a metal ice machine visibly shaking. His daughter was tucked way behind the machine and came out after him. I led them both to an ambulance because I saw she had blood on her face. It appeared something had grazed the side of her skull.

Once a majority of the people were out of the church, I went back to check up and down the pews to make sure no one else was injured or tucked underneath them. No one else was in there other than the two deceased children on the pews. I went back to the south parking lot area and saw multiple parents running up the sidewalk towards the church/ school. I directed parents where to go to wait for their children. From that area, I then went to Harriet/ 54th St W to get further direction on where assistance was needed. I then took part in a post incident debrief with other officers and the wellness team.

This ends my involvement. BWC/ MVR active.

I activated the squad's emergency lights and digital MVR (P#76994) to respond to the scene code 3. In the past, turning the squad's emergency lights all the way to setting three would activate the Body Worn Camera (BWC). This functionality had since been turned off requiring my BWC be manually activated by me.

Due to the stress of the situation and knowing what my partner and I were about to potentially face off against at this scene I immediately began navigating there on my code 3 run and thinking through our strategy for arrival. As a result I forgot the extra step of beginning the recording on my BWC. I only realized my BWC had not started recording once the scene had been contained and we were given the authorization to turn off BWCs.

When we arrived coming eastbound on 54th from Lyndale I saw a squad was already stopped in the curved drive-up directly in front of the main doors. Last known location of the shooter was somewhere on the south side of the church so I pulled our squad into that same drive-up and stopped near the sidewalk that ran north-south along the west side of the church.

I went southbound on that sidewalk with my partner, clearing all the little hiding spots in the landscaping and terrain along the side of the church as we ran. Our active shooter training taught us to run to the sound of shots, but there were none here. The absence of shots meant we did not know where exactly to go and in my mind told me the shooter may have gone into hiding, possibly to ambush responding officers.

As we got to the steps leading down to the level of the south parking lot I could see dozens of parked vehicles in the lot and numerous people scattered throughout them. I quickly noticed no one was moving in unison or out of panic to get away from a perceived threat. This again told me the shooter had gone into hiding or was simply not visible to these people.

The south entrance vestibule to the church had numerous broken windows and there was glass all over on the sidewalk around the entrance doors. This was to my left as I came down the steps.

When I looked to my right I saw an elderly female down on the sidewalk that ran along the north end of the parking lot, connecting the church to the school. She was awake and seemed to be reaching for her right thigh. I saw a small hole on the inside pant leg of her right thigh and recognized it as a gunshot hole. I saw no blood at that time. Since the shooter's location was still unknown I left the victim there on the sidewalk and went to my partner to continue searching the lot for the shooter.

Multiple people told me they did not know where the shooter had gone, but one said he saw someone in the alley just south of the lot. This was the 5400-block of the alley between Harriet Ave and Garfield Ave.

I aired my partner and I were entering the alley to search for the shooter, who I believed was possibly attempting to flee from the area. The two of us cleared the alley going southbound all the way to 55th St W, but found nothing. While at 55th St I heard another officer call out over the radio they had an individual down on the sidewalk near the southeast corner of the church. That person had a rifle beside them.

I ran back through the alley to the church and saw multiple officers standing over the body. There was blood pooled around the individual's head. Other officers were entering the church through that south entrance so I went inside with them to help clear the interior. It was unknown if there were other people involved in the shooting and the church still needed to be cleared to look for more victims.

I assisted in clearing the lower level of the church, including the large open area with tables directly beneath the sanctuary. Eventually we came to a room where many young children and some adults had barricaded themselves inside. After confirming the stairwell near that room had been cleared I helped guide the children out of the room and up to the main entrance where other responders were waiting. Several of the children came up to give me a hug and I assured them they were safe.

When I went up the stairs with this group I met up with other officers and did a secondary check of the sanctuary, where the mass was being held when the shooting started. I saw blood all over the pews and the floor. While inside there I was told a device of some kind had been found on a set of doors on the east side of the building and the bomb unit was enroute.

I then escorted a member of the Fire Department down to the south vestibule area as he heard there were more victims possibly needing help down there. I saw the elderly female from before had already been transported by EMS out of the scene.

After that I helped put up crime scene tape around the south parking lot and direct parents and families of the children to the south lot near the school. This had been designated as the point where the parents could be reunited with their children. Multiple groups of children being evacuated from the church had been sent off in different directions. Eventually they were all directed there as well.

My partner and I went with other officers to push the perimeter down Garfield to 55th St to provide parents an unobstructed route to the school. I remained at that intersection until I heard a call for more officers to meet up at the intersection of 54th St W and Harriet Ave. Leaving other agency officers at 55th and Garfield I went with my partner to the Command Post at 54th and Harriet.

While waiting for more officers to arrive there we were given the all clear to turn off our BWCs. It was then I found mine had not been recording to that point.

After that I was told those of us who had gone into the church were going to be taken to the nearby Starbucks (5351 Lyndale Ave S) for an incident debrief. Sergeant M. HANNEMAN and members of the wellness team talked to us there and provided direction for moving forward the rest of that day and in the days ahead.

From there my partner and I retrieved our squad from in front of the church and cleared from the scene.

*******PRIMARY INVESTIGATIVE SUPPLEMENT**** SCENE RESPONSE**

Statement typed by Andrew Schroeder. I am a licensed Peace Officer in the State of Minnesota. I am employed by the City of Minneapolis Police Department and assigned to the Homicide Unit as an Investigative Sergeant.

Below is a summary of my involvement of the events related to this incident during my response.

On 08/27/2025 I was notified by Cmdr Fors of an active shooter at the ANNUNCIATION CAHOLIC CHURCH, located at 501/509 West 54th Street, Minneapolis, MN. Sgt. Gabriel Grout and I responded immediately, and were soon designated as the primary investigative personnel by Deputy Chief Olson. I learned the following on scene.

- A single male shooter was located near the rear of the church who died of a self-inflicted gunshot wound to the head prior to officers arrival.
- Initial information was that potential explosive devices were present on the scene.
- I learned the scene was the CHURCH, and two other buildings were on the property. A parish home to the west, and the church school to the west of the home. The properties
- Two deceased children were located inside the sanctuary. Both were located in the east side of the sanctuary in the church pews. A juvenile female clearly had a gunshot wound to her head, later identified as HARPER L MOSKI (DOB 11/03/14). In the pew behind her, FLETHCER ALEXANDER MERKEL (DOB 01/07/2017), appeared to have at least two gunshot wounds to his torso.
- Throughout the sanctuary where different personal items, shoes, cellphones, clothing, cups.
- I learned throughout the day that multiple other victims had been transported to various hospitals around the metro, some by ambulance, some by private transport.
- I spoke to Sgt. Bauer from the MPD Swat Team, who was working on clearing the three buildings. After the buildings were secured I used resources to have the church building locked down, with only authorized entry.

A "Investigative" command post was soon established on the hood of my car, which I moved near the front door of the church. I then began to coordinate with assisting agencies.
I worked very closely with the following people for the rest of the day;

- Tony Holter-BCA
- James Reyerson-BCA
- Colleen Myrhe-BCA
- Rachel Nelson-BCA
- Pat Riley-FBI
- MPD Crime Lab

One of the most important/pressing things that was completed was an attempt to ID the deceased suspect. This was done to try to determine if he acted alone, and if there were any other possible target locations, or other threats. The suspect, later identified as ROBIN M WESTMAN (DOB 06/17/2025), was laying on the sidewalk near the rear of the church. I called for an IBIS machine, which HCSO brought to the body. There were no hits on the IBIS. Sgt. Grout and I searched Westman's body and took photos. I spoke to responding officers who told me that Westman was found with several gun magazines/knife/ammo on his person. Officers told me that Westman had a rifle and a shotgun near him, which officers moved. I learned that a handgun was found near the side door of the church, which appeared to have a malfunction. I noted that Westman was wearing a tactical style gun belt with several rifle magazine pouches, as well as a zipper pouch that contained multiple shotgun rounds. Westman had a large gunshot wound under his chin. I learned that a nearby vehicle in the parking lot had a rifle and handgun case in the vehicle, and officers found the vehicle driver's door open. The grey DODGE PROMASTER Van, bearing Minnesota License Plate/FZV-442. I learned the vehicle registered to JAMES ALLEN WESTMAN (DOB 07/04/1963), who lived at 5710 1st Ave S, Minneapolis. Information was shared with the BCA/FBI/ATF.

While examining the suspects body I searched him for any type of ID. None was located. I observed, what appeared to be black marker, drawn on his body... a spider drawn on his left forearm, and the words, "Cut me open" written on his chest. I noted other words/designs on the suspects gun magazines, knife, guns, etc. For example, the words, "Ctynbla," "Wopthnec," were written on his magazine holders on his belt. On the shotgun, the words, "Take this, all of you, and eat." And "Baruk Khazad." On the rifle, words/phrases included, "Burn Israel," "Destroy HIAS," "We wuz kangz,""Sol Pais,""Such is life," and "Brenton 4 ever."

I asked the ATF Agents present on scene to request emergency E-TRACES on all the firearms. SEE SEPERATE SUPPLEMENT.

Based on appearance, we knew the suspect was not JAMES WESTMAN, and I soon learned from the FBI, Cole Scribner, that he just received a possible name from HCSO CISA, NICOLE HUGHES of ROBIN WESTMAN. Sgt. Grout and I, and several others went to the body, removing the ski mask. While removing the mask I located a piece of shotgun wadding near his neck. Westman's teeth were falling from his mouth as we removed the mask, soon confirming that the deceased suspect appeared to match the DVS PHOTO of ROBIN WESTMAN. Westman had long red hair with a woman's hair tie. We soon learned that Westman was in "transition" from male to female and legally changed his name from ROBERT to ROBIN. Throughout the day I learned that some called him Rob or Robby, or Bobby. Information continued to come in to me and I learned that Westman was a former student at the school, and I obtained his school file/photo- UPLOADED TO EVIDENCE.COM.
I learned from an interview with 13.82 - Law Enforcement at the school, that Westman's mother was a former employee of the school. SEE SEPERATE SUPPLEMENT FOR INTERVIEW.

Once WESTMAN was identified, work shifted to motive/addresses/co-conspirators. I was soon made aware of "timed" YOUTUBE videos that posted a manifesto, and videos detailing his guns, and the shooting. Several addresses were identified. JAMES REYERSON and TONY HOLTER coordinated sending BCA agents to each address, and conducting search warrants at each address. The following addresses were of note;

- 5710 1st Ave S, Minneapolis, MN.
    - this address was the listed address to the suspect vehicle. The address was later found to be the address for Westman's father, JAMES ALLEN WESTMAN.
- 7509 Lyndale Ave S, Unit #7, Richfield, MN.
    - This is the MN DL address for Westman.
- 3252 Jersey Ave, St. Louis Park, MN.
    - This was found to be the address that Westman stayed the night before the attack.

The above addresses were all surveilled by the BCA Violent Crime Unit. The decision was made that the agents would knock at the address do to the real possibility that Westman may have committed other attack's in the home prior to coming to the church, as seen in other notable active shooter cases. The BCA agents soon drafted and executed search warrants at all three address. SEE ATTACHMENTS FOR SEARCH WARRANTS & RECIEPTS.

The FBI and Crime analysts preserved, obtained warrants, and documented the social media pages associated with Westman, including the "manifesto."

I spoke with Officer John Patino who was present at the Lyndale address. Officer Patino told me that he had made contact with Abbigail, who is Westman's ex-romantic partner. Abbigail was able to provide Westman's phone number as 651-802-8442. I immediately provided the phone number to FBI Special Agent Nicole Lopez who was on scene. SA Lopez completed a CAST REPORT detailing the movements of the suspect in the days leading up to the attack. SEE CAST ATTACHMENT IN EVIDENCE.COM.

I asked the FBI Agents to coordinate with MPD Officers to take formal statements from any witnesses at the scene. Most people on scene were directed to the school building, which became the reintegration center for parents/students. FBI Agents also canvassed the area for any additional surveillance video.

MPD Crime Lab Computer Forensic expert Alli Murray arrived on scene and retained the video from the church and of the shooting. The quick version of the shooting is that the suspect arrives alone, carries out his attack alone, before killing himself. The video showed the suspect never entered the church, nor did he try to enter the church. SEE SEPERATE VIDEO REVIEW SUPPLEMENT.

I had the MPD Swat Team, FBI Swat Team, FBI Bomb Unit, and MPD Bomb Unit, on standby near the church location in case they were needed.

CRIME SCENE PROCESSING
It was decided that the MPD CRIME LAB would process the exterior of the church, including Westman's body, and his vehicle. The BCA Crime Lab would process the interior of the church, including conducting scans of the exterior evidence. The BCA also did trajectory evidence.
A BCA Explosive dog was called in to search for additional evidence but no items were recovered by the K9 and his handler, Special Agent Flannigan.
*A search warrant was obtained by the BCA for the church. SEE ATTACHED.

Sgt. Grout and I searched the suspect vehicle, finding an empty handgun case, and an empty rifle case. A cellphone, believed to belong to Westman, was also recovered from the vehicle.

I met with both families of the deceased children. SEE NEXT OF KIN REPORT (NOK).

I worked with the Medical Examiner's office, arranging for transport and a family viewing/final blessing for the Merkel's.

Throughout the day I update the MPD Command Staff multiple times.

I learned that Westman's mother arrived at MSP late on the 27th and an attempted interview was conducted by the BCA, where she requested a lawyer and refused to speak.

I took several photos onscene, and was wearing my BWC for portions of the day, but deactivated it several times in accordance with policy. All were uploaded to evidence.com.

ATF ASSISTED WITH E-TRACE

While on scene and immediately trying to ID the suspect, I asked Special Agents with the ATF to run emergency E-Trace's on the three firearms on scene. SEE EVIDENCE.COM for Trace results/receipts that were provided to me by the ATF.

In summary I learned the following;

The RIFLE: purchased by Robin Westman on 08/08/2025 from Metro Pawn & Gun Inc. in Richfield.

The SHOTGUN: purchased by Robin Westman on 07/04/2025 from The Modern Sportsman in Burnsville.

The HANDGUN: purchased by Robin Westman on 07/11/2025 from Metro Pawn & Gun Inc. in Richfield.

MEDICAL EXAMINER INFO- CAUSE/MANNER OF DEATH

Fletcher Mercel

- Cause of Death: struck twice by gunfire- with entrance wounds on the left side (armpit area towards his back). One of the rounds went through his lungs and severed his aorta. The second round traveled across the ribcage towards the spine and got lodged. Shrapnel injury to his head, left hand, and left ring finger.
- Manner of Death: Homicide

Harper Moyski

- Cause of Death: the Medical Examiner's Office believe Harper may have been shot twice in the head. One time for sure but the Doctor wanted to consult with someone else believing that a second round may have struck her as well based on the trauma of the head. She also had minor shrapnel injuries to the left side of the face. One round went through her right wrist.
- Manner of Death: Homicide

ROBIN WESTMAN

- Cause of Death: GSW under the chin. No GSW damage to his brain. Most of the trauma was internal towards his face.
- Manner of Death: Suicide

INTERVIEW WITH 13.82 - Law Enforcement

While on scene FBI Special Agent Pat Riley and I met and spoke to 13.82 - Law Enforcement The interview was not recorded. 13.82 - Law Enforcement Below is a non-verbatim summary of the conversation.

- 13.82 has worked at the school for several years.
- knows Westman's mother, and provided the phone number of 612-669-2634 for MARY GRACE WESTMAN.
- 13.82 said that she believed Mary Westman lived in Naples Florida 13.82 - Law Enforcement 13.82
- Mary Westman worked as a school/church secretary for several years. 13.82 also knew "ROBERT" WESTMAN (Robin the suspect) before he changed his name.
- 13.82 knew that when Mary found out about Robert "transitioning," she was not happy and potentially "disowned" him.
- About a month ago, after morning mass, Robin Westman came downstairs. Robin was looking for the old youth consoler who wasn't at work that day. 13.82 said she spoke to Robin who was dressed as a male. Westman told 13.82 that he was "coming back to the Catholic faith," and to "mass." Westman told 13.82 "don't tell my mom," which 13.82 thought was odd.
- 13.82 had not seen Westman since that day.

VIDEO SUPPLEMENT REVIEW

The following is a SUMMARY of the video obtained from the Annunciation Church/School. *Timestamps are approximate*. It should be noted that each video has a slightly different timestamp. This video summary will begin when the suspect arrives on scene, to the time that he commits suicide. The summary will not include the response of officers.

Video was obtained on the day of the attack by the MPD CLU from 0800-0830 hours. Additionally, video was requested from 0830-0945, which was added by CLU (Ali Murray) on 09/03/2025.
The camera names are the titles.

OUTSIDE_CHURCH FOYER_EAST_2

- This camera points southeast into the parking lot.
- 08:23:40- suspect vehicle drives into lot and parks facing south. Vehicle parks next to a blue Jeep.
- 08:26:30- suspect exits the vehicle and begins running towards the church. The suspect is running, holding the piece of wood (door barricade) in his left hand, the rifle and shotgun are on slings around his neck. He is using his right hand to hold the rifle while running. The suspect runs north in the parking lot in the grass, then west onto the church sidewalk.
- 08:26:40- suspect runs out of camera view.
- 08:28:00- an unknown person (likely church member) walks into the camera view from the parking lot. The male looks northbound (where the suspect is shooting) and quickly turns around and walks out of camera view.
- 08:28:40- suspect walks into camera view, appearing to point/shoot his rifle at the lower/glass doors. The suspect walks towards the lower/glass doors, continuing to shoot his rifle at the lower doors.
- 08:29:00- suspect walks out of camera view.

OUTSIDE_CHURCH FOYER_EAST_3

- This camera points east, at the bottom of the stairs near the parking lot. The top corner of the video is the wifle ball field.
- 08:25:53- suspect enters the camera view. The suspect moves the wood door barricade to his right hand, while moving his slung rifle to the front of his body. The suspect runs up the stairs to the first church door... the door adjacent to the wifle ball field.
- 08:26:11- the suspect pulls the cord on the smoke canister attached to the door barricade, placing the barricade on the door, blocking anyone from exiting this door. The suspect backs up to the sidewalk on the east side of the church soon raising the rifle to his shoulder and aiming.
- 08:26:17- the first shot is fired. The suspect continues to shoot, moving north/south on the sidewalk aiming at the different windows. Red smoke is observed coming from the door barricade.
- 08:27:18- the suspect appears to be firing to the south (possibly at the unknown male who walks into the parking lot)
- 08:27:25- the suspect fires his rifle into the door that he originally barricaded. These are the last shots fired into the church sanctuary. The suspect transitions to his handgun from his waistband and attempts to fire. He appears to attempt to clear a malfunction, "racking" the slide, before throwing the handgun to the ground.
- 08:27:58- the suspect walks north on the sidewalk and shoots north, then turns around and shoots south.
- 08:28:19- the suspect begins walking south, down the stairs, back towards the parking lot. He shoots at least two times from his rifle- south into the parking lot, while walking down the stairs.
- 08:28:36- the suspect reaches the bottom of the steps and is on the sidewalk near the parking lot, he turns and appears to shoot a statue of Mary.
- 08:28:41- the suspect walks out of camera view.

OUTSIDE_CHURCH FOYER_EAST_1

- This camera points at the lower door (DOOR 20). The camera captures a portion of the parking lot and Harriet Avenue.
- 08:23:15- the suspect vehicle comes into view, driving northbound on Harriet Ave, into the parking lot. The suspect vehicle turns right (east) into the parking lot. The camera shows that no one is sitting in the front/passenger seat.
- 08:23:28- the suspect vehicle goes out of camera view.
- 08:28:20- the suspect is not in camera view, but the window next to the door shatters from gunfire.
- 08:28:25- the suspect comes into camera view, aiming/firing his rifle multiple times at/through the doors. The suspect removes/drops the magazine in the rifle, and inserts a magazine into the rifle from this belt. The suspect shoots multiple times south- through the parking lot (unknown what he is shooting at).
- 08:24:44- the suspect drops his rifle on the ground, moving his shotgun (slug) from his back to his hands. The suspect fires the shotgun south into the parking lot, and again at the glass doors, then places the gun to his chin and shoots himself.
- 08:28:54- the suspect collapses on the ground from a self inflicted gunshot wound.

CHURCH_FOYER_EAST

- This camera is inside the lower doors, pointing to the inside of DOOR 20 (where the suspect kills himself).
- 08:28:40- the windows shatter from gunfire. Glimpses of the suspect's body are seen, but there is a bad glare after the windows are shattered. Several more gunshots are seen coming through the windows.

ANNUNCIATION CHURCH (camera has no title)

- This camera points east. It is above the rear door of the church, facing the wifle ball field outfield. A portion of Diamond Lake Road can be seen in the upper left corner of the video.
- 08:27:01- the suspect comes into camera view, shooting at the church with his rifle. From this angle, the suspect was shooting towards the back of the church.
- 08:25:05- the suspect drops a rifle magazine, and reloads, inserting another magazine into the rifle.
- 08:27:09- the suspect fires over a dozen rifle rounds northbound- towards the neighborhood/Diamond Lake Road. The suspect turns and begins walking south on the sidewalk, shooting at the side of the church, before turning around and firing back northbound. One of the rounds hits the ground in the outfield of the wifle ball field.
- 08:27:22- the suspect walks south, out of camera view.

ANNUNCIATION CHURCH (camera has no title)

- This camera is an interior camera that points to the door that the suspect barricaded.
- 08:26:00- smoke can be seen through the windows on the outside of the church doors.
- 08:26:21- an unknown male appears with Father Zehren (Preist) and the unknown male attempts to open the doors to go outside. They are locked in. The male then attempts to hold the doors close, soon, running back into the sanctuary. Father Zehren remains in the hallway and soon gets out his cellphone and makes a call (presumably to 911).
- 08:27:11- the unknown male appears again, attempting to hold the doors closed so the shooter could not open the doors and enter the church. The male quickly lets go of the doors and runs, and bullets are seen coming through the doors/windows.
- 08:27:19- the final shots come into the church.

MAJOR EVENTS TIMELINE

SUMMARY: The attack on the church, from the first shot fired, to when the suspect shoots himself is roughly two and a half minutes. From the time the first shot is fired, to the time the last victim is in an ambulance is less than 18 minutes.

TIMES are APPROXIMATE.

- 0823- suspect arrives in parking lot.
- 0826- suspect exits his vehicle.
- 0826:17- the first shot is fired into the church
- 0827:20- the last shot is fired into the church sanctuary.
- 0828- the suspect walks to the lower portion of the church, where he shoots dozens of times into the lower doors.
- 0828:52- the suspect shoots himself and collapses to the ground.
- 0831- the first officer (Lt. Ryan Kelly) arrives on scene.
- 0834- suspect located deceased.
- 0844- all victims are in ambulances, or have already been transported

TIP LINE TIPS

I received two emails from PIO Sgt. Garret Parten. The first email read;

Hi,
I am an Annunciation parent and my backyard wyze camera captured the full audio of the shooting. I know you have the whole event on church surveillance as mentioned at our parent meeting but thought another source of audio wouldn't hurt. I had given MPD officers and the FBI my info but I haven't heard from anyone yet. Time stamps are included.

You can download the video/audio here: [redacted]

Thanks,
[redacted]

* The video was added to evidence.com.
[redacted]

The second Tip was a voice mail from Regis Woodson, from 952-737-0834. The voicemail was added to evidence.com.
I called and spoke to Woodson (Axon Audio) and soon met Woodson in person (BWC). Woodson stated that he and his friend were at Kowalski's across the street when they heard gunshots, soon driving on Diamond Lake Road, and reported hearing gunshots in the back of the church. Woodson took a video from his cellphone of Police/Children at the front of the school- which he sent to me and was added to evidence.com.

Woodson and his friend did not see the shooter.

SEARCH WARRANT FOR 2 SD CARDS FROM SUSPECT VEHICLE

On 10/06/2025 I obtained a search warrant to search the two SD cards found in the suspect vehicle. SEE ATTAHCED WARRANT.

On 10/08/2025 I reviewed the data.... It turns out that the DASH CAMERA contained an SD card, but the other item I thought was an SD card, was just an adapter.

I reviewed the Dash camera videos at my desk. The SD card contains videos from 08/26-08/27. The videos have audio. There were all uploaded to evidence.com.

The following was noted;

- Several videos only LOUD heavy metal music is heard
- Some videos you can hear the "driver" (presumably the suspect) singing.
- On 08/26/25 he drive's to his dad's house on South 1st Ave. When he leaves the address, he is sobbing, and says something like, "God what am I doing?"
- After leaving his dads house he drives past the church. The time stamp is roughly 1941 hours on 08/26/2025.
- As he passes the church, driving west on Diamond Lake Road, he says, "Hard to see." A short time later he's crying and says "please don't let go. I love you! (sobbing) What am I doing? What am I doing? FUCK!" He then begins singing when he's finished he says, "Little nigger retard me. Stupid me. " He begins yelling at a car, saying, "Come on! Come on! Move! Or I'm gonna shoot up where your kids go to school." He soon makes some odd grunting noises, then begins whistling to the music. He drives to an address near Lake Harriet and leaves around 2310 hours.
- (VIDEO label ending in1445) On the morning of August 27th, the dash camera starts at 0758 hours. The vehicle is backed into the driveway at 3252 Jersey Ave, St. Louis Park, MN. As the video starts you hear the suspect say, "Fuck it all!" The radio station is changed to heavy metal music as he begins driving. He drives through the neighborhood eventually driving east on 36th St West. Eventually the suspect turns onto FRANCE AVE, goes east on 50th...
- (VIDEO label ending in 1451) the music stops and you can hear the suspect say something similar to, "Its just time to go. Fuck it. Oh you're already fucked. (Inaudible word) gunshot." The suspect turns south on Lyndale Ave S. An audio voice is heard- which is a voice of a police officer (the suspect is listening to some unknown police scanner). To me- it sounds like St. Paul Police, (radio transmission is an officer who ID's himself as 2316 Tango.)
- (VIDEO label ending in 1452) Suspect turns east on West 54th Street from Lyndale Ave S... he drives passed the school/church at 0820 hours (timestamp on camera). He turns south onto Blaisdell Ave. Police scanner audio is heard ("3926 Code 4" The dispatcher acknowledges with the time, "0817"). He turns east onto West 56th Street, as more police scanner audio is heard.
- (VIDEO label ending in 1453) Suspect turns north onto Harriet Ave S, as he turns the corner he is whistling. More police scanner audio is heard. He drives into the rear church parking lot you can hear him put the window up just prior to parking. As he parks you can hear him whispering some inaudible words. He sits silently and mummers the word "FUCK" as he takes several deep breaths.
- (VIDEO ending in 1454) is the last video. It's 8 seconds long, and ends as he shuts off the car. The timestamp as he shuts off the car is 08:25:49.

SUSPECT CELLPHONE EXAM

On 10/22/2025 I picked up a copy of the phone exam completed on the suspect's phone, pursuant to the search warrant obtained by Sgt. Grout. Below are the items found of note;

- Robinwest02@icloud.com
- Last backup date- 08/27/2025
- IMEI 13.82 - Law Enforcement
- IMSI
- Phone number: 651-802-8442
- **Phone passcode:** 13.82

PHOTOS/VIDEOS

- multiple photos of stock images of guns... from the internet, and some taken at a gun show in Brooklyn Center on 03/11/2024.
- Lots of photos of airsoft guns.
- Dozens of photos of the suspect dressed in military type clothing with airsoft guns.
- a lot of photos related to graffiti, and skateboarding.
- photos of the shotgun used in the attack... beginning on 07/24/2025.
- Photos of items worn during the attack.
- A photo of the "mass schedule" from Annunciation website. Photo dated 07/29/2025. Also a photo of the inside of the church from the website.
- Pictures of the rifle used in the attack and loaded rifle magazines.
- A photo from 08/08/2025 of the handgun/rifle/shotgun used in the attack.
- Photos of himself- dressed up as in the day of the attack with his firearms, from 08/14/2025.
- Photos with guns to his head
- Photos of all the guns (later posted to Youtube) on 08/24/2025
- a screenshot of a youtube video titled, "Church security series" from 08/25/2025
- A video from 08/27/25 where the suspect is filming his journal, showing a revolver and the smoke bomb. The suspect is whispering, "There is bugs in my skin."
- An 11-minute video that shows the "note to my family" (goodbye/suicide note). The remaining part of the video shows him dropping bullets on the note and holding ammo. The suspect talks and babbles about many different things, showing different bullets, and ammo boxes. "I'm sorry to my family... but that's it. Fuck those kids," the suspect says. The suspect soon shows his bed with the board/smoke can, and all of his guns/mags/ammo (this is the video posted to Youtube). He shows the shirt he is going to wear. "Maybe I'll look like a cop and wont get rushed," he says, as he talks in different voices.
- Several other videos in different lengths showing much of the same.
- A video filmed on 08/21/25 that is 20:38 in length. The video is of the suspect paging through his journal.
- Several photos from some type of helicopter video game, where the helicopter is flying over Annunciation church/school, and landing in the rear parking lot.
- Several photos/videos of the suspect at a gun range.

TEXT MESSAGES

- In a family/friend group text, on 08/27/2025- "Tracy Kudvnhnr" writes, "Media confirms it was robin." Marti Westman responds, "She left us a not on her Youtube Page." Tracy responds, "Call me please."
- On 08/26/2025, at 1023 hours, the suspect texts his mom, "Hey moma, thinking about you. Hope your doing well. I love you so much :)" His mother replies, "I am doing pretty well, and I love you so much. Thank you for reaching out to me!" On 08/27/2025 his mom writes, "Call me!!!!!!" at 1025 hours.
- The text conversations prior to 08/27 and 08/26 are from early August.
- On 08/27/2025 Abbey Bodick paid $600.00 via Venmo.
- On 08/26/2025 the suspect texts Phil Gapp (roommate) "Yo Im gonna go see my dad in a bit and then go hang out with andrew right after. I'll probably be home around 10 or so. Would u mind plz parking your car on the street so I can just pull my van into the driveway for overnight? Thx!"
- On 08/27/2025, Phil texts at 0945 hours, "Wayd you go? Left garage open!"

Phone calls

- Only two contact- call on 08/26/2025 to "Andrew Kappel" at 847-714-6001. One call at 1930 hours, the other at 2001 hours.
- No calls on 08/27/2025.
- Called Annunciation Church on 07/30/2025 @ 0955 hours;.

NOTES

- Saved on 08/19/2025- the suicide note.

*Has an APP called, "Scanner Radio" set to "Minneapolis Police, St. Paul police, and Ramsey County Sheriff."

Internet searches

- Largest mass shooting
- List of rampage killers
- Annunciation school/church- searched over 100 times
- Body Armor
- Cannabis management
- List of modern Russian rifles
- Gun safety
- The morning of the attack the searches included; used guns
- The day prior (08/26/25)
    - gun safety
    - suicide statistics
    - American Foundation for Suicide Prevention- Charities
    - Annunciation Calendars
    - 3942 Sheridan Ave S

BCA EVDENCE

I received the below email from BCA SA Enis Vatres in preparation to obtain the evidence from the BCA. The below items in BOLD are digital items.

On 12/10/2025 I picked up all of the physical evidence at the BCA and brought it to the MPD P&E, where Property technicians assisted in the itemized inventory.

Andy,

Here is a list of evidence that we have. Some of this stuff I may have to share through axon with you or deliver to you next week if it doesn't get released to you on Wednesday. I apologize for not being able to be there but SA Joe Huettl should be around to assist. I will tell the lab to get everything ready by 10 AM since we didn't discuss what time you could be there on Wednesday.

VICTIM FOUND BULLET HOLE IN THEIR CAR

On 01/11/2026 I was notified of the below report documented in 25-246022.

REPORT WRITTEN ON 08/29/2026.
Officer responded to a Damage to Property at 5405 Bryant Av S.

BWC was activated.

Remarks of the call:
CLR FOUND BULLET HOLE IN CAR ... WAS DRIVING PAST ANNUNCIATION CHURCH AT 0830 ON 20250827 IN ALLEYWAY AND HEARD POPS .... THINKS IT OCC AT THAT TIME

I arrived on scene and spoke with the Victim / HENDRICKSON,KATHY SAEUGLING, who stated that her husband informed her their vehicle may have been damaged, possibly by a bullet.

On 08/27/2025, Victim reported that she was driving eastbound on 55th Street toward Nicollet Avenue South around 0830 hours, heading out to buy bagels. As she drove past Annunciation Church from the rear on 55th Street, she heard loud bangs, which she initially believed were fireworks. She did not think much of it at the time and continued on her way.

Later, after hearing news reports and from friends about what had happened at the church, she was shaken, especially since she is a teacher herself.

She was unaware that her vehicle had sustained any damage. That evening, her husband, Terrance Hendrickson, noticed the damage and what appeared to be a bullet hole. However, he chose not to inform her immediately due to her emotional state and because she had to teach the following day. He waited until today, 08/29/2025 to inform her and make a report.

The couple believes the vehicle was struck during the shooting incident on Wednesday as Kathy drove past the church.

Upon inspection of the vehicle, I observed what appears to be damage caused by a bullet. A check of the area around the bullet hole suggests that the bullet did not pass all the way through the vehicle. It is currently unknown whether the bullet is still lodged inside. I was unable to see far enough into the damaged area to confirm, but no visible bullet was observed.

Squad 504 was informed of the call. Dispatched was also contacted and per remarks - PER HOMICIDE - ADV 520A TO WRITE THE RPT - TAKE PHOTOS - IF ANY PHYSICAL EVIDENCE HAVE CAR 21 PROCESS - THEY DO NOT NEED THE VEH OR FURTHER

I photograph the vehicle and damages to the vehicle. The photos were uploaded them onto Evidence.com.

Car21 did not come to the scene since there was no physical evidence.

Victim was given a blue card.

Follow Up Report # 2

Description	SUSPECT'S CELL PHONE SEARCH WARRANT
Reference Number	

STATE OF MINNESOTA
COUNTY OF HENNEPIN

DISTRICT COURT
4TH JUDICIAL DISTRICT

APPLICATION FOR SEARCH WARRANT

I, Gabriel Grout, a licensed peace officer in the State of Minnesota, make an application to this Court for a warrant to search the device(s) described below, for the property and thing(s) described below.

I know the content of this application and affirm that the statements contained in this application are true based on my own knowledge, or are believed to be true.

I believe that the following described property and thing(s), namely:

All information contained in the device that relate to the mass shooting at Annunciation Catholic Church from the time the device was purchased to the present including but not limited to:

- **Photos, videos, text messages, call logs, internet searches, or any other information containing or relating to the shooting or any suspect motive, including the purchase and possession of firearms, firearms accessories, and tactical gear.**
- **Photos, videos, text messages, call logs, internet searches, or any other information relating to any co-conspiritors including information that may lead to their identification.**
- **Any information regarding plans for an attack, future attacks, or other information pertaining to documented mass shootings or mass shootings suspects.**
- **All bank records, checks, credit card bills, account information, and any other financial records.**
- **Evidence of user attribution that tends to show who used or owned the drivce at the time of things described in this warrant were created, edited, or deleted shuch was photographs, videos, documents, locations, user profiles, social media applications, phone logs, chat logs, phonebooks, emails, chats, usernames and passwords, and browsing history.**

is or are stored within the device(s) described as:

iPhone with case (Minneapolis Property Tag #331109-156)

The electronic device(s) listed above was/were obtained in suspect's vehicle which was parked inside the crime scene of the church shooting.

The electronic device(s) is/are currently being held at the Minneapolis Police Department's Forensic Division

The electronic device(s) will be forensically searched at /forensically examined at the Minneapolis Police Department's Violent Criminal Investigation Division/Forensics Division at 505 4th Avenue South Minneapolis, MN 55415.

located in the city or township of MINNEAPOLIS, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your Affiant, Minneapolis Police Sergeant Gabriel Grout has been employed as a Police Officer since 2009. Affiant is currently assigned as a Sergeant Investigator with the MPD Homicide Unit. Your Affiant has been trained in search warrant writing and proactive investigation techniques, and has attended specialized training in violent crime, gang and weapons investigations. While working in this capacity, Your Affiant investigates shootings, homicides, kidnapping and other serious crimes of violence. Your Affiant has investigated violent crime cases that have led to successful prosecution in both State and Federal Court.

On 08/27/2025, at or about 0827 hours, officers from the Minneapolis Police Department and surrounding agencies responded to a report of an active shooter at the Annunciation Catholic Church located at 509 54th Street West in Minneapolis, Minnesota 55419. On arrival, officers located multiple victim's (mostly children) suffering from gunshot wounds both inside and outside of the church. Two children were located deceased in the church pews. The suspect in this case was located in the rear of the church. He was deceased from an apparent sefl-inflicted gunshot wound.

Throughout the course of the investigation investigators determined that the suspect's vehicle was parked in the rear parking lot of the church. This vehicle was a 2015 Dodge Ram Promaster cargo van MN/FXV442 bearing VIN [redacted] 13.82 - Law Enforcement. An iPhone with a pink or "rose gold" colored case was located on the front passenger seat of the vehicle. The door to the vehicle was left ajar. This was the only device located inside of the vehicle. Video surveillance shows that the suspect arrived in this vehicle alone prior to the shooting.

Your affiant placed this phone into airplane mode and it was collected by the Minneapolis Police Department's Forensic Team. The iPhone was inventoried under tag number MP 331109. Currently, the device is at the Minneapolis Police Department's Forensic Division located at 505 4th Avenue South Minneapolis, MN 55415.

Your Affiant respectfully requests the Court's permission to manually and forensically examine this device from the date of the device's purchase to present time. Your Affiant is requesting this time frame because Affiant knows from experience and in talking with other law enforcement agents that these types of mass shooting attacks generally involve detailed planning or research of similar style mass shooting events. This evidence could be either incriminating or exculpatory in nature. Affiant requests authorization for the review of electronic sotrage media and electronically stored information seized or copied pursuant to this warrant in order to locate evidence, fruits, and instrumentalities described in this application. The review of this electronic data may be conducted by any local, state, or federal law enforcement agents assisting with the investigation which may include technical experts.

I request that pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), the notice and inventory be delayed for a period of 90 days or until the objective of the warrant has been accomplished, whichever is shorter. Additionally, the warrant will be filed with the court administrator within ten days of the expiration of the warrant.

(End of Page)

A nighttime search outside the hours of 7 a.m. to 8 p.m. is necessary because forensic examination of the aforementioned device(s) involves the use of specialized software that may require running beyond a thirteen hour time span.

I request a search warrant be issued, commanding Gabriel Grout, a peace officer of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m., and a nighttime search outside those hours, to search the above-described device(s) for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

I declare under penalty of perjury that everything stated in this document is true and correct.

Applicant: **Gabriel Grout**
Minneapolis Police Dept
Electronically Signed
08/29/2025 8:57 AM
Hennepin County, Minnesota

STATE OF MINNESOTA
COUNTY OF HENNEPIN

DISTRICT COURT
4TH JUDICIAL DISTRICT

SEARCH WARRANT

TO: GABRIEL GROUT, A PEACE OFFICER OF THE STATE OF MINNESOTA.

WHEREAS, Gabriel Grout has this day under penalty of perjury made an application to this Court for a warrant to search the following described device(s):

iPhone with case (Minneapolis Property Tag #331109-156)

The electronic device(s) listed above was/were obtained in suspect's vehicle which was parked inside the crime scene of the church shooting.

The electronic device(s) is/are currently being held at the Minneapolis Police Department's Forensic Division

The electronic device(s) will be forensically searched at /forensically examined at the Minneapolis Police Department's Violent Criminal Investigation Division/Forensics Division at 505 4th Avenue South Minneapolis, MN 55415.

located in the city or township of MINNEAPOLIS, County of Hennepin, State of Minnesota for the following described property and thing(s):

All information contained in the device that relate to the mass shooting at Annunciation Catholic Church from the time the device was purchased to the present including but not limited to:

- **Photos, videos, text messages, call logs, internet searches, or any other information containing or relating to the shooting or any suspect motive, including the purchase and possession of firearms, firearms accessories, and tactical gear.**
- **Photos, videos, text messages, call logs, internet searches, or any other information relating to any co-conspiritors including information that may lead to their identification.**
- **Any information regarding plans for an attack, future attacks, or other information pertaining to documented mass shootings or mass shootings suspects.**
- **All bank records, checks, credit card bills, account information, and any other financial records.**
- **Evidence of user attribution that tends to show who used or owned the drivce at the time of things described in this warrant were created, edited, or deleted shuch was photographs, videos, documents, locations, user profiles, social media applications, phone logs, chat logs, phonebooks, emails, chats, usernames and passwords, and**

browsing history.

WHEREAS, the application of Gabriel Grout was duly presented and read by the Court, and being fully advised in the premises.

NOW, THEREFORE, the Court finds that probable cause exists for the issuance of a search warrant upon the following ground(s):

- The property or things above-described was used as means of committing a crime.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The court further finds that probable cause exists to believe that the above-described property and thing(s) is or are stored within the above-described device(s).

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), that the application and this warrant be sealed for a period of 90 days from the issuance of this warrant or until the objective of the warrant has been accomplished, whichever is shorter.

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), that the applicant agency shall file this warrant with the court administrator as a public document within ten days of the expiration of the warrant unless a request not to file has been granted pursuant to Minn. Stat. § 626.085, subd. 4(c).

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), the applicant agency shall file the application with the court administrator as a public document immediately following the commencement of any criminal proceeding utilizing evidence obtained in or as a result of the search, or at any other time as the court directs.

IT IS FURTHER ORDERED that any notice and inventory required pursuant to Minn. Stat. § 626.085, subd. 4(a) and Minn. Stat. § 626A.42, subd. 4(b), shall be provided by the applicant agency to the owner/operator associated with the seized device within a reasonable time not later than ninety (90) days after the authorization to seal the application and warrant has expired.

The court further finds that in order to accomplish the search of the above-described property, the operation of specialized forensic examination tools exceeding the hours of 7 a.m. and 8 p.m. is necessary and is authorized accordingly.

NOW, THEREFORE, you Gabriel Grout, peace officer of the State of Minnesota, and any other authorized person, are hereby commanded to enter and search between the hours of 7 a.m. and 8 p.m., and a nighttime search outside those hours, to search the above-described device(s), for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

Description SUSPECT CELL PHONE SEARCH WARRANT WITH PAGE 5
Reference Number

STATE OF MINNESOTA
COUNTY OF HENNEPIN

DISTRICT COURT
4TH JUDICIAL DISTRICT

APPLICATION FOR SEARCH WARRANT

I, Gabriel Grout, a licensed peace officer in the State of Minnesota, make an application to this Court for a warrant to search the device(s) described below, for the property and thing(s) described below.

I know the content of this application and affirm that the statements contained in this application are true based on my own knowledge, or are believed to be true.

I believe that the following described property and thing(s), namely:

All information contained in the device that relate to the mass shooting at Annunciation Catholic Church from the time the device was purchased to the present including but not limited to:

- **Photos, videos, text messages, call logs, internet searches, or any other information containing or relating to the shooting or any suspect motive, including the purchase and possession of firearms, firearms accessories, and tactical gear.**
- **Photos, videos, text messages, call logs, internet searches, or any other information relating to any co-conspiritors including information that may lead to their identification.**
- **Any information regarding plans for an attack, future attacks, or other information pertaining to documented mass shootings or mass shootings suspects.**
- **All bank records, checks, credit card bills, account information, and any other financial records.**
- **Evidence of user attribution that tends to show who used or owned the drivce at the time of things described in this warrant were created, edited, or deleted shuch was photographs, videos, documents, locations, user profiles, social media applications, phone logs, chat logs, phonebooks, emails, chats, usernames and passwords, and browsing history.**

is or are stored within the device(s) described as:

iPhone with case (Minneapolis Property Tag #331109-156)

The electronic device(s) listed above was/were obtained in suspect's vehicle which was parked inside the crime scene of the church shooting.

The electronic device(s) is/are currently being held at the Minneapolis Police Department's Forensic Division

The electronic device(s) will be forensically searched at /forensically examined at the Minneapolis Police Department's Violent Criminal Investigation Division/Forensics Division at 505 4th Avenue South Minneapolis, MN 55415.

located in the city or township of MINNEAPOLIS, County of Hennepin, State of Minnesota.

I apply for a search warrant on the following grounds:

- The property or things above-described was used as means of committing a crime.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The facts establishing the grounds for issuance of a search warrant are as follows:

Your Affiant, Minneapolis Police Sergeant Gabriel Grout has been employed as a Police Officer since 2009. Affiant is currently assigned as a Sergeant Investigator with the MPD Homicide Unit. Your Affiant has been trained in search warrant writing and proactive investigation techniques, and has attended specialized training in violent crime, gang and weapons investigations. While working in this capacity, Your Affiant investigates shootings, homicides, kidnapping and other serious crimes of violence. Your Affiant has investigated violent crime cases that have led to successful prosecution in both State and Federal Court.

On 08/27/2025, at or about 0827 hours, officers from the Minneapolis Police Department and surrounding agencies responded to a report of an active shooter at the Annunciation Catholic Church located at 509 54th Street West in Minneapolis, Minnesota 55419. On arrival, officers located multiple victim's (mostly children) suffering from gunshot wounds both inside and outside of the church. Two children were located deceased in the church pews. The suspect in this case was located in the rear of the church. He was deceased from an apparent sefl-inflicted gunshot wound.

Throughout the course of the investigation investigators determined that the suspect's vehicle was parked in the rear parking lot of the church. This vehicle was a 2015 Dodge Ram Promaster cargo van MN/FXV442 bearing VIN [redacted] 13.82 - Law Enforcement An iPhone with a pink or "rose gold" colored case was located on the front passenger seat of the vehicle. The door to the vehicle was left ajar. This was the only device located inside of the vehicle. Video surveillance shows that the suspect arrived in this vehicle alone prior to the shooting.

Your affiant placed this phone into airplane mode and it was collected by the Minneapolis Police Department's Forensic Team. The iPhone was inventoried under tag number MP 331109. Currently, the device is at the Minneapolis Police Department's Forensic Division

rt # 2

located at 505 4th Avenue South Minneapolis, MN 55415.

Your Affiant respectfully requests the Court's permission to manually and forensically examine this device from the date of the device's purchase to present time. Your Affiant is requesting this time frame because Affiant knows from experience and in talking with other law enforcement agents that these types of mass shooting attacks generally involve detailed planning or research of similar style mass shooting events. This evidence could be either incriminating or exculpatory in nature. Affiant requests authorization for the review of electronic sotrage media and electronically stored information seized or copied pursuant to this warrant in order to locate evidence, fruits, and instrumentalities described in this application. The review of this electronic data may be conducted by any local, state, or federal law enforcement agents assisting with the investigation which may include technical experts.

I request that pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), the notice and inventory be delayed for a period of 90 days or until the objective of the warrant has been accomplished, whichever is shorter. Additionally, the warrant will be filed with the court administrator within ten days of the expiration of the warrant.

(End of Page)

A nighttime search outside the hours of 7 a.m. to 8 p.m. is necessary because forensic examination of the aforementioned device(s) involves the use of specialized software that may require running beyond a thirteen hour time span.

I request a search warrant be issued, commanding Gabriel Grout, a peace officer of the State of Minnesota, and any other authorized person, to enter and search between the hours of 7 a.m. and 8 p.m., and a nighttime search outside those hours, to search the above-described device(s) for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

I declare under penalty of perjury that everything stated in this document is true and correct.

Applicant: Gabriel Grout

STATE OF MINNESOTA
COUNTY OF HENNEPIN

DISTRICT COURT
4TH JUDICIAL DISTRICT

SEARCH WARRANT

TO: GABRIEL GROUT, A PEACE OFFICER OF THE STATE OF MINNESOTA.

WHEREAS, Gabriel Grout has this day under penalty of perjury made an application to this Court for a warrant to search the following described device(s):

iPhone with case (Minneapolis Property Tag #331109-156)

The electronic device(s) listed above was/were obtained in suspect's vehicle which was parked inside the crime scene of the church shooting.

The electronic device(s) is/are currently being held at the Minneapolis Police Department's Forensic Division

The electronic device(s) will be forensically searched at /forensically examined at the Minneapolis Police Department's Violent Criminal Investigation Division/Forensics Division at 505 4th Avenue South Minneapolis, MN 55415.

located in the city or township of MINNEAPOLIS, County of Hennepin, State of Minnesota for the following described property and thing(s):

All information contained in the device that relate to the mass shooting at Annunciation Catholic Church from the time the device was purchased to the present including but not limited to:

- **Photos, videos, text messages, call logs, internet searches, or any other information containing or relating to the shooting or any suspect motive, including the purchase and possession of firearms, firearms accessories, and tactical gear.**
- **Photos, videos, text messages, call logs, internet searches, or any other information relating to any co-conspiritors including information that may lead to their identification.**
- **Any information regarding plans for an attack, future attacks, or other information pertaining to documented mass shootings or mass shootings suspects.**
- **All bank records, checks, credit card bills, account information, and any other financial records.**
- **Evidence of user attribution that tends to show who used or owned the drivce at the time of things described in this warrant were created, edited, or deleted shuch was photographs, videos, documents, locations, user profiles, social media applications, phone logs, chat logs, phonebooks, emails, chats, usernames and passwords, and**

browsing history.

WHEREAS, the application of Gabriel Grout was duly presented and read by the Court, and being fully advised in the premises.

NOW, THEREFORE, the Court finds that probable cause exists for the issuance of a search warrant upon the following ground(s):

- The property or things above-described was used as means of committing a crime.
- The property or things above-described constitutes evidence which tends to show a crime has been committed, or tends to show that a particular person has committed a crime.

The court further finds that probable cause exists to believe that the above-described property and thing(s) is or are stored within the above-described device(s).

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), that the application and this warrant be sealed for a period of 90 days from the issuance of this warrant or until the objective of the warrant has been accomplished, whichever is shorter.

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), that the applicant agency shall file this warrant with the court administrator as a public document within ten days of the expiration of the warrant unless a request not to file has been granted pursuant to Minn. Stat. § 626.085, subd. 4(c).

IT IS FURTHER ORDERED, pursuant to Minn. Stat. § 626.085, subd. 4(b) and Minn. Stat. § 626A.42, subd. 4(b), the applicant agency shall file the application with the court administrator as a public document immediately following the commencement of any criminal proceeding utilizing evidence obtained in or as a result of the search, or at any other time as the court directs.

IT IS FURTHER ORDERED that any notice and inventory required pursuant to Minn. Stat. § 626.085, subd. 4(a) and Minn. Stat. § 626A.42, subd. 4(b), shall be provided by the applicant agency to the owner/operator associated with the seized device within a reasonable time not later than ninety (90) days after the authorization to seal the application and warrant has expired.

The court further finds that in order to accomplish the search of the above-described property, the operation of specialized forensic examination tools exceeding the hours of 7 a.m. and 8 p.m. is necessary and is authorized accordingly.

NOW, THEREFORE, you Gabriel Grout, peace officer of the State of Minnesota, and any other authorized person, are hereby commanded to enter and search between the hours of 7 a.m. and 8 p.m., and a nighttime search outside those hours, to search the above-described device(s), for the described property and thing(s), and to seize and keep said property and thing(s) in custody until dealt with according to law, including authorization to have the seized property and thing(s) to be analyzed by a forensic laboratory.

Type NON-PUBLIC NARRATIVE
Subject SCENE RESPONSE/INVESTIGATIVE SUPPLEMENT
Author 2496 - GROUT, GABRIEL DANIEL
Related Date Aug-28-2025

Currently I am assigned as a Sergeant Investigator in the MPD Homicide Unit. On 08/27/2025 at approximately 0827 hours, there was a report of an active shooter at Annunciation Church. Sgt. Schroeder and I responded to the call from the PSB. When we arrived, there was a large law enforcement presence. Gunshot victims were still being triaged to ambulance rigs and groups of tactical teams were still clearing the church and the associated school which is next door.

As we approached the church, I noticed blood and discarded trauma medical packaging along the sidewalk and stairs leading up to the entry of the church. We made our way into the front doors of the church and into the sanctuary. There were bloody footprints and blood in the isles between the church pews. As I walked up the left isle of the sanctuary, I could see two deceased children in the pews on the left-hand side of the isle. Both children appeared to have suffered from gunshot wounds. The female child had an apparent gunshot wound to her head. The scene inside the church was locked down and officers were asked to leave the sanctuary as it had already been cleared by a tactical team.

I was told that the shooter/suspect was deceased in the rear of the church. As I walked out the east door of the church, two ATF agents alerted me to a black semi-automatic pistol that was in the bushes next to the sidewalk. The gun appeared to have a malfunction, and the ejection port was stuck partially open. There were spent .223 (5.56) shell casings along the sidewalk on the east side of the church. When I reached the rear entrance of the church (southeast corner), I could see a deceased white male on the sidewalk outside of the entrance. The suspect was handcuffed. There were rifle magazines and knives next to the body. There was a pump action shotgun and a M4 style rifle on the sidewalk near the suspect. The deceased suspect was wearing tactical gear and with knee pads and gloves. He also had several rifle magazine pouches on his belt. Most of the magazines, weapons, and tactical gear that I saw had handwritten messages on them in white or silver. The suspect's had an apparent gunshot wound to the face/head area. Officers on scene said that they believed the gunshot wound was self-inflicted and that they believe the shotgun was used. They said that they moved the shotgun away from the suspect when they arrived. The windows and glass doors near the suspect were shattered from apparent gunfire and there were spent shotgun shells on the sidewalk near the suspect. As I walked through the broken glass windows, I could see shotgun wadding on the floor in the vestibule.

Investigative resources from partner agencies were contacted and asked to meet in the front of the church to assist. As we were walking the exterior of the building and the rear parking lot, officers informed us that the suspect vehicle was parked on the south end of the parking lot. They believed this was the suspect vehicle because they said there was a rifle casing and the driver's door was open. The vehicle was unoccupied. Sgt. McCarthy said that the vehicle listed to 5710 1st Ave S in Minneapolis. The registered owner was a JAMES WESTMAN. I would later learn that this person was the father of the deceased suspect. The plate on the suspect vehicle was MN FXV442 - Make/Model was a Dodge Ram Promaster City which is a compact cargo van. Due to information being aired earlier about possible IEDs at this scene, I conducted a visual sweep of the vehicle prior to manipulating the doors or items in the vehicles. We would later have an EOD K9 run an explosive sweep around the vehicle. Later, information was confirmed that the suspected IED's at the scene were commercial smoke canisters and not explosives. In the rear of the vehicle, I could see a rifle case and a handgun case. A perimeter was established around the parking lot, and we continued to walk the exterior of the church. I didn't observe any other evidence of note along the west side of the building. We coordinated uniform resources to the west side of the church to secure a perimeter.

BCA resources were contacted to assist in setting up a perimeter around the 5710 1st Ave S address. Cops were cleared out of the sanctuary of the church and the front doors to the church were closed. We coordinated with the MPD Bomb Squad and K9 Units to conduct bomb sweeps in the sanctuary and on the suspect vehicle. ATF agents on the east side of church showed us a 2x4 board with a spent smoke cannister attached to it. The ATF agents said that when responders arrived, the board was placed inside the double door handles as if the suspect was trying to lock people inside of the church.

Sgt. Schroeder and I returned to the suspect in the rear of the church and started attempts to identify the suspect. Officers who initially encountered the deceased suspect informed us that the suspect had been searched, but they did not take any property off of his person. Sgt. Schroeder and I went through the suspects pockets and tactical pouches. We did not locate any identifiers on the suspects person. Hennepin County responded with an IBIS in an attempt to identify the suspect by fingerprint. We assisted HCSO Deputies with running the suspect's fingerprints on two different IBIS machines with negative results.

ATF Agents on scene attempted to start running rushed E-traces on the suspect's firearms in an attempt to identify the male. BCA agents later obtained a driver's license photo of a possible suspect - ROBIN WESTMAN 06/17/2002. I was able to view this photo and believed this to be our shooter/suspect. Sgt. Schroeder and I removed the ski-mask from the suspect to have a more complete view of his face which confirmed our belief that this was the suspect. While removing the suspect's mask, I could see what I believed to be part of a shotgun wadding embedded into the suspect's neck area. Suspect information was relayed to command post.

We briefed Car 21 on the crime scene, and a plan was developed to have the MPD Forensic Team process the outside portion of the crime scene. I conducted a walkthrough of both the inside and outside portion of the crime scene with both forensic teams. Forensic teams started processing both the inside and outside scene. At one point, Car 21 gave me an estimate of over 100 shell casings being marked. At one point while the forensic team was working on the scene, I was notified of some bullet strikes to an address across the street from the church. The address with the bullet damage was 5341 Harriet Ave S. Car 21 was notified of this evidence and also processed this portion of the scene.

Sgt. Schroeder and I would later search the suspect's vehicle. I located what we believed to be the suspect's phone on the front passenger seat. I placed the phone in "airplane mode" to slow down the battery decay. Other items removed from the vehicle and turned over to the forensic team included a flash drive that was on the dashboard area, and the two gun cases that were in the rear cargo compartment of the vehicle.

Officer J. Matthews said that he had contact with a male who worked for the church/school and had the video of the shooting on his phone. I briefly viewed one of the videos which showed the suspect firing a rifle from the east sidewalk into the building through the stain glass windows on the east side of the sanctuary. We attempted to have these videos uploaded to evidence.com, but the download link was not working. Officer Matthews recorded some of the videos on his city cell phone and they were later uploaded to evidence.com. During this time as more video was becoming available, we determined that the suspect did not make it into the sanctuary, and all of the shots were fired from the exterior of the church.

During the preliminary phase of this investigation, I was alerted by law enforcement officers on scene about a manifesto that was posted on YouTube prior to the shooting. An FBI agent showed portions of this to me which appeared to be a video of a handwritten journal and a display of weapons. Three of these weapons included an M4 style rifle, a pump action shotgun, and a handgun. All the guns had handwritten messages on them an appeared to be the same guns I observed at the crime scene. FBI and CISA confirmed that the video had been saved. FBI agents contacted YouTube to have the video taken down. A preservation request was sent.

When the medical examiner team arrived, Sgt. Schroeder and I did a walkthrough of the crime scene with them. A determination was made that the ME would allow the parents of the deceased male child to say goodbye to their son. We met with the family, and the ME had a discussion with the parents about this process and what they could be prepared for if they chose to do this before the body was brought to the funeral home. We assisted the family along with the ME in arranging this time for the family in a location away from the main crime scene in the church. I escorted the family back to their staging area after they had this time. Prior to the deceased children being removed from the church by the ME, the deceased suspect was taken by a separate ME transport truck to the medical examiner's office. The ME then took the deceased children out of the church, and they were transported to the medical examiner's office.

We remained on the scene while the BCA Forensic Team finished processing the inside of the church. I contacted MFD to do a wash-down in two different locations in the rear of the church. MFD also assisted with brining a ladder inside of the church so that the BCA Forensic Team could retrieve some ballistic evidence from elevated locations inside of the church. I coordinated the board up process with MPD Perimeter officers before clearing the scene.

On Monday 09/01/25, I received a text on my work phone from SHAWN OLSON who was returning a text I sent with him to follow up. In the text, he said the following:

"Yes, Once I saw images of the shooter, I immediately recognized that they could very well be the same person I saw walking on the sidewalk, eastbound between the school and the church. Probably 7-7:30 the night before the shooting. I was in my car stopping at the light westbound, slightly downhill, and opposite the fish restaurant. They were mostly wearing black, and walking in an exaggerated gait and a troubled demeanor. Staring forward with anger and I thought either singing to ear buds or talking to themselves. I recall thinking, "oh a trans person....they look mad..." and it was unsettling....And I thought that I was glad my trans kid that is 17 is very happy. The light changed and I went forward. That was it. Hopefully there is surveillance that sees their movements around the school. I happen to be there the next morning as the first police officers arrived. I was going to work going eastbound and saw that teachers were shielding students in front of the church. I got out of there quickly to get out of the way. I had no idea of course what was happening until officers ran in with guns drawn. One of them even sort of went over my hood a bit with one hand I think. It was chaotic. The officers and teachers were very heroic. Let me know if you need a follow up or anything. Sorry I missed your call earlier."

Screen shots of the text message were uploaded to evidence.com for this case.

Narrative Text

Type NON-PUBLIC NARRATIVE
Subject EDINA PD AOA REPORT
Author 2496 - GROUT, GABRIEL DANIEL
Related Date Sep-15-2025

Edina Police Department AOA Report:

- **Edina Police Department - Case #25-00038082 -** Multiple officers from the Edina Police Department responded to the scene. They assisted with the exterior perimeter of the crime scene. One Edina Officer was flagged down by a parent who reported that two of her daughters were in the church when the shooting occurred. One had minor injuries and was advised by this officer about where to seek medical treatment. Later this officer assisted in recovering a bullet fragment that was in the other daughter's hair. This evidence was turned over to MPD Officers. The AOA report from their agency is attached to this supplement.

Follow Up Report # 2

Narrative Text Page(s)

Narrative Text

Type NON-PUBLIC NARRATIVE
Subject 4 NEW VICTIMS
Author 2496 - GROUT, GABRIEL DANIEL
Related Date Sep-17-2025

In the last 2 days, I was made aware of 4 victims from this shooting that we were unaware of in the preliminary stages of the investigation. All four victim's received medical treatment in the days following the shooting. All 4 victims had injuries consistent with a minor shrapnel wound. The 4 victims are:

- 13.82 - Law Enforcement

These victims and their parent/guardian information have been added to this report. Parent/guardian - 13.82 - Law Enforcement reported that she was in the church at the time of the shooting sitting in towards the back row pews. She was not physically injured.

Description	FORENSIC VIDEO ANALYSIS REPORT #1 BY FS A MURRAY
Reference Number	

MPD Forensic Services Division – Video Forensics – Examiner Report

MPD Case #: 25-243912

Report By: Forensic Scientist (FS) Ali Murray

Examiner Report #: 1

On 8/27/25 I received a phone call from Forensic Services Division Director Shannon Johnson requesting I report to Annunciation Church, 509 W 54th St.

I reported to the scene and was briefed by assigned investigator Sgt Schroeder, Homicide Unit.

I was escorted to the office area where I met with the 13.82 - Law Enforcement gave me access to the Avigilon Alta remote viewer 13.82 - Law Enforcement

The remote viewer was displaying 46 cameras recording upon motion detection. The live timestamp was generally consistent with National Institute of Standards and Technology (NIST) time.

Photographs of the remote viewer were taken with the Axon Capture app on my Department-issued cell phone.

I attempted to download video to a Department-issued USB in both the native and MP4 formats, however the export times were inconsistent.

I spoke with the installer, Telecom Technologies, Inc' Senior Account Director Tim Donohue, who provided me administrator access to the church's Alta account. Donohue confirmed the system was completely cloud-based and no digital video recorder existed on site.

Prior to being released from the scene, Lt Linson, Homicide Unit, advised a resident, [redacted] 13.82 - Law Enforcement had cell phone video that contained audio of the shooting he wanted to share. Off Partyka, 4th Precinct Community Response Team, and I reported to 13.82 home at 13.82 - Law Enforcement showed me the recorded cell phone video, as well as several images he had downloaded from Twitter purporting to show information posted by the person of interest. I provided 13.82 an Axon Citizen link, and he uploaded the relevant video. Sgt Schroeder was advised.

Upon returning to the Video Section, I created an Alta account and signed into the church's account. The camera views appeared unchanged.

The following video was downloaded in the available MP4 format:
All cameras on 8/27/25 from 0800 – 0830 hours
The downloaded video does not contain a running timecode. I spoke with Donohue, who

advised that an on-screen display is a customer setting, and it is not available on this video. Each downloaded video, however, is accompanied by a text file confirming the file time information.

Each video is 30 minutes in length. Where no motion is present, the video appears frozen, and begins again when motion is detected and recorded.

The hash values of the downloaded video were recorded and will be retained in the case file. A hash value is an alphanumeric digital signature for each file that can be used to verify no data is lost or changed when the file is copied or transferred to another medium.

The downloaded video files and photos taken with my department-issued cell phone were uploaded to the Axon Digital Evidence Management System (evidence.com).

Six video segments containing the person of interest were isolated from cameras labeled *10, 14, Church Foyer East, Church Foyer East 1, Church Foyer East 2,* and *Church Foyer East 3*. An approximate running timestamp was applied to each video segment to facilitate review. Sgt Schroeder was advised that the applied timestamp should be considered referential in nature only.

The video segments were uploaded to evidence.com.

Sgt Schroeder was advised the video retention for the Alta viewer is 30 days, and was provided installer contact information.

The downloaded video files will be temporarily retained in the Video Section pending additional requests for analysis.

This report contains the conclusions, opinions, and/or interpretations of the examiner(s) named within the report.

End of Report for MPD Case # 25 243912

Description FORENSIC VIDEO ANALYSIS REPORT #2 BY FS A MURRAY
Reference Number

MPD Forensic Services Division – Video Forensics – Examiner Report

MPD Case #: 25-243912

Report By: Forensic Scientist (FS) Ali Murray

Examiner Report #: 2

On 9/1/25 I received an email from Sgt Schroeder, Homicide Unit, requesting additional surveillance video be obtained from Annunciation Church, 509 W 54th St.

I was previously provided login credentials to access the church's Alta remote viewer (see Forensic Video Analysis Report #1 by FS A Murray for details).

I accessed the Alta remote viewer. The configuration appeared unchanged from my last access.

The following video was downloaded in the available MP4 format:
All cameras on 8/27/25 from 0830 – 0945 hours

Please reference Forensic Video Analysis Report #1 by FS A Murray for timestamp and playback information regarding the downloaded video.

The hash values of the downloaded video were recorded and will be retained in the case file. A hash value is an alphanumeric digital signature for each file that can be used to verify no data is lost or changed when the file is copied or transferred to another medium.

The downloaded video files were uploaded to the Axon Digital Evidence Management System (evidence.com).

At Sgt Schroeder's request, the downloaded video as well as previously obtained video from the church and prepared video segments provided by me were copied to a USB and provided to him.

The downloaded video files will be temporarily retained in the Video Section pending additional requests for analysis.

This report contains the conclusions, opinions, and/or interpretations of the examiner(s) named within the report.

End of Report for MPD Case # 25-243912

Firearms Unit NIBIN Entry Report

THE INFORMATION IN THIS REPORT IS PRESUMPTIVE ONLY

TEST-FIRING FOR NATIONAL INTEGRATED BALLISTIC INFORMATION NETWORK (NIBIN) ENTRY DOES NOT CONSTITUTE A COMPLETE FUNCTION TEST AND/OR FIREARM EXAMINATION OF THESE ITEMS.

COMPLETE FIREARMS EXAMINATION WILL REQUIRE A WORK ORDER REQUEST.

NOTE: UNLESS OTHERWISE NOTED, ALL IMAGES ENTERED INTO NIBIN ARE AUTOMATICALLY CORRELATED WITH IMAGES FROM ALL OTHER NIBIN SITES IN MINNESOTA. ANY INVESTIGATIVE LEADS RESULTING FROM THE NIBIN ENTRY(IES) DETAILED BELOW WILL BE REPORTED FROM THE NIBIN NATIONAL CORRELATION TRAINING CENTER (NNCTC). ANY CONFIRMED HITS WILL BE REPORTED IN A SEPARATE REPORT FROM MPD FIREARMS EXAMINER.

NIBIN Definitions:

TF-C#: Test Fire Cartridge chosen for NIBIN entry obtained from known firearm

EV-C#: Evidence Cartridge chosen for NIBIN entry individually or part of discharged cartridge casing (DCC) group

MPD Case #: 25-243912
Requested By: ☒ Gun Investigations Unit (proactive) ☒ Assigned Investigator: A. Schroeder
Date of Offense: 8.27.25
Offense: ☐ Weapon ☐ Pfarm ☐ Assault ☐ Domestic ☒ Homicide ☐ Recgun ☐ Recprop ☐ Damprp ☐ Diswea
☒ Other (specify) 509 54TH St W

TEST FIRE:

The following firearm was obtained for NIBIN entry:

Firearm Tag #: 331109-24 Manufacturer: Taurus Model: GX2
Cal/Gauge: 9mm Serial Number: 13.82 - Law Enforcement

Type of Firearm: ☒ Pistol ☐ Other (specify) ________

Rifling: 6 ☒ Right ☐ Left ☒ Conventional ☐ Polygonal
Safety Functional: ☒ Yes ☐ No ☐ N/A
Safety Type: ☒ Thumb ☒ Trigger ☐ Magazine ☐ Grip ☐ Decock ☐ Other (specify) ________

Test Fired: ☒ Yes ☐ No Date test fired (if different than NIBIN entry date) ________
Functioned Normally: ☒ Yes ☐ No (If no see notes)

NIBIN Entry Date: 9.5.25
**ANY INVESTIGATIVE LEADS RESULTING FROM THE NIBIN ENTRY(IES) DETAILED BELOW WILL BE REPORTED FROM THE NNCTC.

Notes/Items Unexamined: 331109-25,27. Writing/symbols on firearm & mag.

Disposition of Items Included in this report:
Firearm Item(s) – To be retained in the Property & Evidence Unit
Test Fire Item(s) – To be retained in the Firearms Unit

Signature of Forensic Firearms Technician K Fisher:

Administrative and Technical Review

Administrative Review – The administrative review is the final review of the test report prior to its release. The report and case notes are reviewed for consistency with MPD Forensics Division policy and editorial correctness. Administrative reviews shall not be completed by the author(s) of the test report. ***The administrative review shall be conducted as outlined in QSM 7.7.1 (Quality Control)- Administrative Reviews***

Technical Reviews – To be conducted on all casework that results in an identification or association and all reports and casework related to critical incidents, if known at the time of reporting. Technical reviews shall be conducted by a MPD Forensics Division employee who has been competency tested in the category of testing being reviewed. Technical review shall not be completed by the author or co-author of the test report. The person who verifies a critical finding is not considered as authoring examination records. ***In addition to the above technical review requirements:*** A technical review of all casework completed by a trainee shall be documented by the trainer. ***The technical review shall be conducted as outlined in QSM 7.7.1 (Quality Control)- Technical Review.***

MPD Forensic Services Division – Firearms – Examiner Report

MPD Case #: 25-243912

Report By: FS A. Debilzen

Examiner Report #: 1

NATIONAL INTEGRATED BALLISTIC INFORMATION NETWORK (NIBIN) Definitions:
TF-C#: Test Fire Cartridge chosen for NIBIN entry obtained from known firearm
EV-C#: Evidence Cartridge chosen for NIBIN entry individually or part of discharged cartridge casing (DCC) group

---

Examination Resulting From: NIBIN Entries
Exam Start Date: 9/26/2025

Items of Evidence/Items Examined:

Case #25-243912

Tag #331109-38
TF-C3: One test fired DCC from 17 Design & Mfg. rifle, caliber 5.56x45mm, model 17DM-15, serial number [redacted] (rifle not obtained, see NIBIN Report #1 by FT Fisher in Case #25-243912 for firearm details)

Tag #331109-2
EV-C1(114): One 5.56x45mm DCC

Results:

IDENTIFICATION: The following items were compared and were found to show the presence of matching features. The opinion of Identification is based upon the agreement of a combination of individual characteristics and all discernible class characteristics consistent with having been fired by the same firearm.

TF-C3
EV-C1(114)

Verified by/Date: FS S. Powers 9/26/2025

NOTE: if examinations/comparisons of remaining discharged cartridge casings are necessary a work order must be submitted.

Evidence disposition:
Photographs – Retained in Evidence.com
Property Inventory Item(s) – to be returned to the Property and Evidence Unit
Test Fire Item(s) – Retained in Firearms/Toolmarks Section

This report contains the conclusions, opinions, and/or interpretations of the examiner(s) named within this report.

MPD Forensic Services Division – Field Operations – Evidence Examination

MPD Case #: 25-243912

LIMS Case #: 2025-01465

Report By: Supervisor Forensic Science (SFS) N. Ford

Examiner Report #: 1

Examination Start Date: 10/7/2025
Requestor: SGT A. Schroeder/ Homicide Unit

Items were obtained from SGT. A. Schroeder under property report (PR) #335549.

Exhibit(s) Examined:
178 (335549-3) I.N.A. 5-shot revolver (Model: *Unknown*, Caliber: .38 Special, S/N 13.82
179 (335549-4) (4) .38 Special live cartridges
180 (335549-5) .38 Special discharged cartridge casing (DCC)

Photographed by SFS N. Ford.

Exhibits 178-180 were swabbed for DNA and the following were collected:
181 (335948-1) DNA Swabs from I.N.A. 5-shot revolver, 335549-3
182 (335948-2) DNA Swab from (4) .38 Special live cartridges & (1) .38 Special DCC (collectively), 335549-4 & 335549-5

Exhibit 178 was processed for friction ridge impression (FRI) evidence.

No friction ridge impressions of value were developed.

Disposition of items included in this report:
Images – To be retained in Evidence.com
Collected Item(s) – To be inventoried in the Property and Evidence Unit
Property Inventory Item(s) – To be returned to the Property and Evidence Unit

This report contains the conclusions, opinions, and/or interpretations of the examiner(s) named within the report.

Description	EXAMINER REPORT #1 BY SGT J. ADAMS
Reference Number	FCLCMS 2025-297

MPD FORENSICS DIVISION: Computer Forensic - Examiner Report

CASE NUMBER: 25-243912

REPORT BY: Sergeant J. Adams

EXAMINER REPORT # 1

CASE SUMMARY:

On August 29, 2025 the Minneapolis Police Forensic Services Division received a work request from Sergeant Gabriel Grout to examine one cell phone and the corresponding attached media. The specific stipulation of the request was to retrieve or document the call history, contacts list, images, text messages, video and any other information stored on the evidence item[s] and the attached media. The examiner began the examination process on Thursday, October 02, 2025.

EVIDENCE ASSESSMENT:

1. Legal authority was established by search warrant specifically for the examination of the evidence item[s] in a laboratory setting. The examiner received a copy of the warrant. The document was scanned and produced as a PDF (Portable Document Format). The resulting PDF file was added to the case record.

2. The examination took place at the Minneapolis Police Forensic Services Division. Documentation was retrieved from the Minneapolis Police Departments records management system and reviewed. The Field Operations Unit collected the evidence from the crime scene. The evidence was then transferred to the Computer Forensics Unit maintaining chain of custody procedures.

3. The evidence media was photographed and entered into the Forensic Computer Laboratory Case Management System (FCLCMS). The case management system assigns a specific number to the evidence.

4. Upon completion of the examination, the original evidence was put in an appropriate container and sealed with evidence tape by the examiner. The original evidence was then placed in the Minneapolis Police Property Room.

GENERAL PROCEDURES:

1. The examiner used a laboratory computer to complete the analysis and report. All forensic software and equipment used during this examination is licensed to or authorized for use by the examiner and/or the Minneapolis Police Department. Various hardware and software solutions were used to protect the integrity of the data contained on the original media. A list of those tools can be viewed below:

2. Details about the evidence media such as the make, model, and serial number were entered in the Forensic Computer Laboratory Case Management System (FCLCMS). Each evidence item is given a unique number in the database software. The assigned media numbers and corresponding information are included in the conclusion section of this report.

Equipment and Software

a. Cellebrite Physical Analyzer version 7.71.0.42
b. Cellebrite Physical Analyzer version 7.73.0.11
c. Cellebrite Premium version 7.74.1.396
d. Inseyets UFED (Universal Forensic Extraction Device) version 10.7.0.181

CONCLUSIONS:

Based on the information revealed by the forensic examination, as well as the examiner's experience and training, the following findings have been reported:

1. The examiner attempts to isolate each evidence item from the cellular network at the beginning of the examination. In this particular situation, the transmitters for the evidence item were already deactivated (airplane mode was already enabled).

TAG# 331109-156

FCLCMS: 2025-297-1
Make: Apple
Model: iPhone 8 Plus (MQ962LL/A)
Phone Number: 651-802-8442
MEID/IMEI: [redacted] 13.82 - Law Enforcement
Serial Number: [redacted] 13.82 - Law Enforcement
Operating System: iOS 16.7.11
SIM Card: T-Mobile
ICCID [redacted] 13.82 - Law Enforcement
MSISDN: 16518028442

1. Initially the examiner was unable to access the Apple iPhone. The device was secured with a four-digit screen lock. The examiner used the Inseyets UFED device to bypass the lock and perform a Before First Unlock extraction of the data stored on the device. After the Before First Unlock extraction, the examiner used the Inseyets UFED to brute force the passcode to the phone. The examiner then used the discovered passcode to unlock the device. A second Full Filesystem extraction was completed using the Inseyets UFED.

2. The examiner used the Cellebrite Physical Analyzer software and the Axiom software to parse the extracted data for the requested information. Upon completion of processing, two reports were created. The Cellebrite Physical Analyzer software was used to create a Cellebrite Reader report, and the Axiom software was used to create an Axiom Portable Case Report.

3. The Cellebrite Premium tool was also used to examine the SIM card found attached to the Apple iPhone. The SIM card was removed prior to the examination of the phone, and an Advanced Logical extraction was completed. The extracted data was added to the above mentioned Cellebrite Reader report.

4. The examiner compared entries from the reports to the same entries on the handset in an attempt to verify the accuracy of the date and time information recorded in the reports. The information found in the report appears to be the same as the information displayed on the evidence item.

The examiner's role is to extract or document the information contained on the evidence in a consistent reliable manner. Questions related to context and pertinence should be directed to the investigator that requested the examination. Any questions regarding the above procedures or additional information can be provided by the examiner upon request. The examination of the items listed in this report was completed on October 3, 2025. The photos taken of the evidence during initial processing (evidence intake) were uploaded to Evidence.com. Copies of the technical records related to this examination will be retained in the Minneapolis Police Forensic Services Division and uploaded to Evidence.com. The report, work product, and raw extracted data will also be uploaded to Evidence.com.

End of Report for MPD Case # 25-243912

89	One manila envelope containing evidence classified as cartridge case(s)	PSD 25 from Annunciation Catholic Church (east lawn under bleachers)
90	One manila envelope containing evidence classified as bullet fragment(s)	on floor closer to east door 20 from Annunciation Catholic Church (lower level entryway)
91	One manila envelope containing evidence classified as wad(s)	on floor in front of bench near west door 21 from Annunciation Catholic Church (lower level entryway)

Lab No. S25-12066
Report No. 5

92	One manila envelope containing evidence classified as bullet fragment(s)	in wall above south window of door 21 from Annunciation Catholic Church (lower level entryway)
93	One manila envelope containing evidence classified as bullet fragment(s)	in wall above west door 21, below exit sign from Annunciation Catholic Church (lower level entryway)
94	One manila envelope containing evidence classified as bullet fragment(s)	on floor near door from Annunciation Catholic Church (back of sanctuary near west door)
95	One manila envelope containing evidence classified as bullet fragment(s)	from defect XX from Annunciation Catholic Church (west door at back of sanctuary)
96	One manila envelope containing evidence classified as bullet fragment(s)	on floor between pews EC16 and EC17 from Annunciation Catholic Church (east center row of pews)
97	One manila envelope containing evidence classified as bullet fragment(s)	west of sanctuary from Annunciation Catholic Church (back of sanctuary near portable kneeler)
98	One manila envelope containing evidence classified as bullet fragment(s)	from pew E8 defect U from Annunciation Catholic Church (east row of pews)
99	One manila envelope containing evidence classified as bullet fragment(s)	from pew E23 defect H from Annunciation Catholic Church (east row of pews)
100	One manila envelope containing evidence classified as apparent bone	floor between pews EC3 and EC4 from Annunciation Catholic Church (east center row of pews)

BCA Inv. Case #: 2025-916
BCA Case Agent: SA Enis Vatres
BCA Crime Scene Team:
- Team Leader – FS Ross Thomas
- Team Members – FS McKenzie Anderson, FS Clair Beyer, FS Jessa Justen
- Technicians – FS Rachel Brustad, FS Holly Hewitt
- Photographers/Videographers – SA Nick Benesch, SA Craig Martin, SA Dan Michener, SA Jessica Thomas
- Drone Operator - SA Nick Benesch

Address/Location	**Scene Arrival**	**Scene Departure**
Annunciation Catholic Church 501 West 54th Street, Minneapolis, MN	8/27/2025 10:29 AM	8/28/2025 02:46 AM

Items:	**Collected By:**
1, 2, 5-40, 42-86	FS Jessa Justen
3, 4, 41, 87-94, 96, 97, 99, 100	FS Clair Beyer
95, 98	FS McKenzie Anderson

Scene Synopsis:

Reported bloodstains were either presumptively tested for the presence of blood or were visually consistent with blood.

The BCA Crime Scene Team (CST) was requested to respond to a homicide to assist with documentation, processing and evidence collection. The scene consisted of the interior of the Annunciation Catholic Church and the east exterior of the church. The Minneapolis Police Department Crime Laboratory (MPDCL) worked concurrently with BCA CST. MPDCL processed and collected several items of evidence from the exterior east side of the crime scene, including the body of an adult outside of the south, lower level of the church near Door 20.

The sanctuary of the church consisted of four groups of pews labeled as West, West Center, East Center and East (see diagram on next page). The bodies of two children were located in the east pews, near the front. There were bullet fragments, blood, and apparent pieces of bone throughout the sanctuary. On the exterior east side of the church sanctuary, were sixteen windows which had bullet defects in the windows and damage to the stone between windows.

MPDCL collected cartridges cases from the sidewalk on the east side of the church, and the BCA CST collected two cartridge cases (**Items 88 and 89**) from this area.

The east side of sanctuary had a vestibule that led outside to Door 19. This area had two additional bullet defects in the east exterior window and additional smaller defects on the inner vestibule door.

The lower level consisted of a large open center room and several classrooms on the perimeter with two stairways to the main level at the north, and leading to Doors 20 and 21 at the south. These classrooms had several doors with tables, chairs and other objects piled up in front of them. At the south end of the lower level, Doors 20 and 21 had defects and damage to their glass windows and doors. A shotgun wad (**Item 91)** and several bullet fragments were collected from this lower level entryway.

The south parking lot had dozens of vehicles parked in it upon arrival. MPDCL documented and processed a Dodge RAM van (MN plate FXV442) of interest.

Report No. 5

Decedent Information

Decedent: Harper Moyski

DOB: 11/3/2014

Location:

- Annunciation Catholic Church (Pew E7)

Description:

- Partially sitting on pew E7, laying to the west with head to the west.
- Navy sweater with white shirt underneath, plaid skirt, white socks, navy shoes. Covered in white sheet and towel over head. Blood on head, face, hands, legs
- Medical Intervention
  - None
- Description of Injury
  - Defect on left forehead and right wrist.
    right side of skull missing, brain visible

TOD Indicators:

- Body Temperature:
  - Cool, arms
- Rigor Mortis:
  - Arms

Aug 27, 2025 8:38 PM: Removed from scene for transport to Hennepin County Medical Examiner's Office

Decedent: Fletcher Alexander Merkel

DOB: 1/7/2017

Location:

- Annunciation Catholic Church (Pew E8)

Description:

- Laying on pew E8, on right side, feet to east head to west.
- White shirt and navy shorts, underwear, black socks, blue/white Nike shoes. Covered with white sheet. Blood on chest, right nostril, side of left face, arms
- Medical Intervention
  - None
- Description of Injury
  - Two circular defects observed in left side/back.

TOD Indicators:

- Body Temperature:
  - Cool, arms
- Rigor Mortis:
  - Arms

Aug 27, 2025 8:30 PM: Removed from scene for transport to Hennepin County Medical Examiner's Office

---

Trajectory Analysis:

Letter designations used below correspond to letters used in the crime scene photographs.

All defects were consistent with bullets traveling east to west. No cartridge cases were located inside the church.

East exterior sanctuary wall:
A minimum of 54 defects were noted in the east exterior sanctuary windows and stone wall.

- Defects A through Z, AA through ZZ, AAA and BBB shared the same general characteristics, which indicated the bullets shared similar trajectories traveling east to west before striking the building.
- Analysis of Trajectories J, R, Q and AA indicated the bullets originated from the east and traveled to the west at a generally level angle where they perforated the east sanctuary windows and traveled into the interior of the sanctuary.

Interior sanctuary:
Approximately 51 defects were noted inside the sanctuary in pews and pillars. Three bullets struck the west sanctuary interior windows.

Door 19:
Two defects were noted in the glass panel of Door 19. Analysis indicated the bullets originated from east and traveled west where they perforated the glass and impacted the inner vestibule door.

Doors 20 and 21:
One defect was noted in the metal frame of east side Door 20. Analysis indicated the bullet originated from the east and traveled west toward Door 21 impacting walls and windows. Most of the windows comprising Doors 20 and 21 were broken.

Results of Processing/Enhancement:

Phenolphthalein
A positive result indicates the presence of blood.

Performed On	Items	Results
Annunciation Catholic Church sanctuary	5-12, 18-20, 22-24, 26, 27, 29-32, 34-40, 46-50, 54, 55	Positive

Sodium Rhodizonate
A positive result indicates the presence of lead.

Performed On	Results
Annunciation Catholic Church (pillar at back of sanctuary on side of west center column of pews, middle pillar on east side of sanctuary on surface facing east columns)	Negative

Shooting Reconstruction

OO	edge of marble column between pews E20 and EC20, SE corner	+	impact, east to west
PP	pew WC7, east side	+	entrance, east to west
QQ	pew W16, back as seated	+	impact, east to west
RR	east side of stone font in back of sanctuary	+	impact, east to west

SS	doors at back of sanctuary, east doors	+	impact, east to west
TT	doors at back of sanctuary, east doors	+	impact, east to west
UU (2 defects)	doors at back of sanctuary, middle doors	+	impacts, east to west
VV	doors at back of sanctuary, west doors	+	impact, east to west
WW	doors at back of sanctuary, west doors	+	impact, east to west
XX	doors at back of sanctuary, west doors	+	entrance, from inside sanctuary to outside sanctuary. (Item 95 fragments recovered)
YY	portable kneeler back of sanctuary near west doors	+	entrance, east to west. object is moveable; conclusions are based on its location while processing.
West Sanctuary Windows (WSW), Interior side (east)			
WSW7-A		+	entrance, east to west, did not exit church
WSW8-B		+	entrance, east to west, did not exit church
WSW13-C		+	entrance, east to west, exited church
Sanctuary Balcony			
A	east side balcony, near exit sign	+	entrance
B	west side balcony, near exit sign	+	impact, east to west
Exterior South Window (E19), Door 19 (east)			
E19-A	exterior south window of door 19	+	entrance, east to west
E19-B	exterior south window of door 19	+	entrance, east to west
E19-C	interior door leading to sanctuary		entrances from fragments of E19-A and B
Exterior of Door 20, South Lower Level			
Door 20	north door near handle	+	entrance, east to west
Interior of Door 21, South Lower Level			
Door 21 - A, B	south door electric open	+	entrance, east to west
Door 21 - C	south door, frame	+	entrance, east to west
Door 21 - D	both doors	+	impact, east to west
Door 21 - E	north door near floor	+	entrance, east to west

* **Sodium Rhodizonate:** A positive (+) result indicates the presence of lead.

Lab No. S25-12066
Report No. 5

The scene was photographed, videoed and diagrammed. The Crime Scene Team Leader, listed as the author of this field report, will act as the point of contact for all laboratory matters related to this crime scene response.

Not all evidence items collected by the Crime Scene Team will be forwarded on for testing in the Laboratory. Please contact the author of this report for more information on testing plans.

I hereby certify that the above report is true and accurate and represents my opinions and interpretations.

AUTHORIZATION FOR RELEASE/REQUEST OF INFORMATION – MULTIPLE

MRN: ______________ *(office use only)*

How to upload to MyChildren's portal

1. Print and complete this form.
2. Scan or take a photo of your completed form.
3. Log in to your MyChildren's account.
4. Create a new message in MyChildren's. Attach this completed form and send to **Health Information Management.**

*Option available if you have been seen at the Minneapolis or St. Paul hospital or clinic locations.

Release Method requested: (check one) ☐ Paper ☐ Fax (patient care only) ☐ Verbal ☐ MyChildren's
☒ Email brandon.noble@minneapolismn.gov (HIM only)

- I understand that my health record may include information relating to mental or behavioral health, chemical dependency, child abuse, sickle cell anemia, genetic conditions, acquired immunodeficiency syndrome (AIDS), and/or human immunodeficiency virus (HIV). If I don't want these to be released, I will place a checkmark here: ____.
  I don't want the following records released: ______________.
- I understand that I have a right to revoke this authorization at any time. I understand that if I stop this authorization, I must do so in writing to Health Information Management. I understand that stopping this authorization will not apply to information that has already been released or disclosed.
- I understand that authorizing the release of this health information is voluntary. I can refuse to sign this authorization. I understand that I may inspect or copy the information to be used or disclosed. I understand that any disclosure of information carries with it the potential for re-disclosure and the information may not be protected by federal privacy rules.
- **This authorization will end one year from the date the form is signed unless I indicate an earlier date or event here:** ______________

SYNOPSIS

KOTAJARVI, JUSTIN 3509 — 08/27/2025

Golden Valley Police Department

7800 Golden Valley Rd Golden Valley, MN 55427
(763) 593-8079

Case #:GV25000897 Incident #: GV25000897

Golden Valley Police (GVPD) responded to assist Minneapolis Police with an active shooter situation with multiple causalities. GVPD officers assisted in various roles.

MAIN REPORT - 3509

KOTAJARVI, JUSTIN 3509 **08/27/2025**

On 08-27-2025 at approximately 0831 hours, Minneapolis Police dispatch received 911 calls reporting an active shooter at 509 54th Street W in Minneapolis. The reporting party advised a shooter was shooting through the glass windows of the church. I overheard Minneapolis dispatch ask for any and all assistance from outside agencies.

I (Sergeant Kotajarvi) advised Sergeant Pacholke, Officer Vang, and Officer Gerhardson. We responded with our armored van and breaching tools. Upon our arrival, I briefly met with EMS command to see if there was a need for medical assistance. Sergeant Pacholke and I then went inside the church and met up with an element of Minneapolis Police, Hennepin County Sheriff's Office, and Minnesota State Patrol Troopers.

Sergeant Pacholke and I assisted with clearing the church, an adjoining building, and the school. After the scene was secured, Assistant Chief Perez and I assisted with the reunification process. Assistant Chief Perez also assisted at command.

Officers Vang and Gerhardson were assigned to the south perimeter in maintaining scene security.

Officer Pennings and Sergeant Toavs arrived later and assisted agencies with a grid search of the area.

Golden Valley Police did not have contact with victims or the suspect.

Officer (7)

Assisting Officer:	PENNINGS, COLIN (3526)	08/27/2025 14:43:00

MAIN REPORT

LINDSTROM, DANIEL 32198 **08/27/2025**

On August 27, 2025 I was monitoring radio traffic and heard an active incident at 509 54th St W in Minneapolis. Multiple officers and agencies were enroute to this address, which is the Annunciation Catholic Church and School, regarding an active shooter. As I was monitoring, I heard via radio that the shooter was deceased, and there were kids that were shot inside the church. Commander Gruenig sent myself as well as Detectives Valleau and Xiong. I went enroute from the office and arrived a short time later.

When I arrived, radio traffic advised incoming outside agencies to respond to 54th and Harriet Ave S. All involved responded to that area. I checked in the three detectives with an outside agency liaison from the Minneapolis Police Department.

After enough people arrived, the three detectives were assigned to a yard to yard search for explosives, obvious evidence, weapons or victims. The search pattern was to go from W Diamond Lake Rd and Lyndale Ave S then push East to Pleasant Ave S. We searched the blocks north and south of Diamond Lake Road. There were multiple officers involved in the search.

With Detectives Valleau and Xiong, we started at Lyndale Ave S and W Diamond Lake Rd and searched the area of the sidewalk on the east side of Lyndale and south of W Diamond Lake Rd. We searched an alley that runs east from that area but ends at a fence. There was nothing of value found.

We then joined agents from Homeland Security Investigations and searched the parking lot of an Auto Zone at that intersection. Nothing was found. We then remained on the south side of 54th Ave S and walked the yards from Lyndale Ave S to Pleasant Ave S.

There was nothing that our team found that was evidentiary. I did note that there were some bushes directly north of the entrance of the school and on the south side of 54th Ave S. During my search of the bushes / shrubbery, I did note that there were a section that was pushed down, as if someone or something heavy had been in or on the bushes. I did a thorough search of those bushes for anything and did not find anything. It was possible that the low portion could be explained by a bush that appeared to be dead. In any event, I did not see clothing, weapons or anything else other than the greenery.

After our yard to yard search was done, we went back to the command post area where we were released a short time later.

This information can be passed on to Minneapolis PD.

SUPP1 CV 08/28/25 1244
VALLEAU, CHARLES 32141 **08/28/2025**

On 08/27/25, I Detective Valleau, learned of an active shooter incident that occurred in south Minneapolis at the Annunciation Church located at 509 53th Street W. in Minneapolis, Hennepin County.

I monitored radio traffic and communicated with a Hennepin County Supervisor who was on scene. I was originally asked to respond with other detectives to HCMC to assist at the hospital. I was then re-directed to the scene.

I communicated these requests to Commander Gruenig who approved detectives from our division to respond.

I arrived at the Command Post and was later tasked to assist in a ground search for any possible evidence. The area that was searched included all the property to the west and east of the incident location. We walked in a line and checked yards, bushes, and under vehicles for anything related to the shooting. We did not recover anything that would be considered evidence.

Minneapolis Police had established an interior crime scene and labeled it with crime scene tape. I did not enter the interior crime scene.

I did not have a body worn camera on during this incident.

Valleau.

SUPP2 NX 08/29/25 1456

XIONG, NHIA 32196 **08/29/2025**

On 8/27/25, I Detective Xiong, along with Detective Valleau and Detective Lindstrom responded to West Diamond Lake Rd and Harriet Ave in Minneapolis, MN for a shooting.

Upon our arrival, we staged at the intersection of West Diamond Lake Rd and Harriet Ave. As we were standing by, we were briefed by a Minneapolis Police Sergeant about what we needed to do. We were tasked with canvassing the neighborhood for anything that's suspicious, such as bombs or any other victims.

We then walked to 54th Street W and Lyndale Ave S and from there, we walked east bound on foot towards Pleasant Ave.

I walked and checked the areas all the way towards Pleasant Ave and I didn't see anything suspicious. Once we were done canvassing the area, we went back to our staging area and after a while, we were advised that we were no longer needed and we could leave.

I, along with Detective Lindstrom and Detective Valleau then cleared.

This concludes my involvement.

NX
